Report of Independent Auditors

The Plan Administrator of
UC Health 403(b) Retirement Savings Plan

We were engaged to audit the accompanying financial statements of the UC Health 403(b) Retirement Savings Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 7, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entities that certified the investment information meet the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of and for the year ended December 31, 2014, stating that the investment information provided to the plan administrator is complete and accurate.

Additionally, UC Health 403(b) Retirement Savings Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Furthermore, as described in Note 2, UC Health 403(b) Retirement Savings Plan has excluded from investments in the accompanying statement of net assets available for benefits as of December 31, 2014, certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2014. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. U.S. generally accepted accounting principles require that these accounts and the related income and distributions be included in the accompanying financial statements.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2014 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraphs, we do not express an opinion on the supplemental schedule referred to above.

Disclaimer of Opinion of Other Auditors on 2013 Financial Statements

Other auditors disclaimed an opinion on the 2013 financial statements of UC Health 403(b) Retirement Savings Plan on October 14, 2014: (a) as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, (b) because the Plan has not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009 and (c) the Plan had excluded from investments in the accompanying statement of net assets available for benefits as of December 31, 2013, certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2013. Their report indicated that because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements.

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

December 31, 2014

1. Description of the Plan

The following description of the UC Health 403(b) Retirement Savings Plan (the Plan) is provided for general information purposes only. UC Health, LLC is the Plan Sponsor. Participants should refer to the Plan Document, as defined for more complete information.

General

The Plan is a tax deferred annuity plan governed by the provisions of Section 403(b) of the Internal Revenue Code (IRC) and covers substantially all salaried and hourly employees of UC Health, LLC (the Company). The Plan also covers substantially all employees of University of Cincinnati Medical Center, LLC, Daniel Drake Center for Post-Acute Care, LLC, and West Chester Hospital, LLC. Beginning January 1, 2014, the Plan was amended to include substantially all employees of Lindner Center of HOPE. The Company controls and manages the operation and administration of the Plan. The Plan is funded through custodial accounts or tax deferred annuity contracts with Principal Financial Group. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, subject to certain IRC limitations. Participants may also roll over to the Plan amounts representing distributions from other qualified retirement plans.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions and plan earnings and charged with withdrawals and allocations of plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers various mutual funds and an insurance investment contract as investment options for participants.

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Vesting

Participants are always fully vested in their accounts. As a result, there are no forfeited accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 reduced by the participant's highest outstanding loan balance or 50% of their account balance reduced by all of the participant's outstanding loan balances, whichever is less. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account. The interest rate will be based on the rates available for similar loans from commercial lending institutions, which are reviewed periodically by the Plan administrator. Principal and interest is paid ratably through payroll deductions and direct payments with custodian. Interest rates were 4.25% as of December 31, 2014 and 2013, and mature at various dates through December 2019.

Payment of Benefits

On termination of service due to death, permanent disability, retirement, or any other reason, a participant is entitled to receive, in a lump-sum cash distribution, an amount equal to the value of the participant's account.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

GAAP Departure

The Plan's financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Plan Administrator has elected to exclude those contracts and accounts and the related activity from the Plan's financial statements for purposes of the annual reporting requirements of the ERISA in accordance with the transition relief provided by Department of Labor Field Assistance Bulletin 2009-02, Annual Reporting Requirements for 403(b) Plans. Presentation of this information is required by U.S. GAAP. The effects of this departure from U.S. GAAP on these financial statements are not reasonably determinable. In addition, the Plan has not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees presented prior to January 1, 2009. Accordingly, we were unable to apply procedures sufficient to determine the extent to which the accompanying financial statements and supplemental schedule may have been affected by these conditions.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainty

The Plan utilizes various investment instruments, including mutual funds and investments with insurance companies. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion on fair value measurements.

Investment with insurance companies held by a defined contribution plan are required to be reported at fair value; however, contract value is the relevant measurement attribute for that portion of the net assets available for benefits that is attributable to fully benefit-responsive investment contracts. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earning, less participant withdrawals and administrative expenses. Fair value and contract value are the same at December 31, 2014. The 2013 statements of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The 2013 statement of changes in net assets available for benefits is prepared using the contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on terms of the Plan Document.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Plan's Sponsor as provided in the Plan Document. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no participants who have elected to withdrawal from the Plan but have not been paid at December 31, 2014 or 2013.

Subsequent Events

Subsequent events were evaluated through October 14, 2015, the date the financial statements were available to be issued.

New Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Part III is to be applied prospectively. Plans can early adopt any of the ASU's three parts without early adopting the other parts. Management is currently evaluating the effect that the provisions of Part I and Part II of ASU 2015-12 will have on the Plan's financial statements. Part III is not applicable to the Plan.

3. Investments

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits are as follows:

	December 31	
	2014	2013
* Principal Fixed Income Option Non-401 (A)	\$ 6,049,940	\$ 5,974,815
* Principal Investors Lifetime 2020 Pref Fund	2,721,622	2,419,323

* Principal Investors Lifetime 2030 Pref Fund	2,497,886	2,342,308
* Principal Investors Large Cap S&P 500 Index Fund	1,711,654	1,267,640
* T. Rowe Price Funds LargeCap Growth Fund	1,583,784	1,442,194

* Indicates party-in-interest

For years ended December 31, 2014 and 2013, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2014	2013
Mutual funds:		
Balanced funds	\$ 282,173	\$ 1,212,829
Domestic stock funds	525,582	1,607,146
International stock funds	1,833	207,058
Fixed income funds	(3,447)	(28,054)
Net appreciation of mutual funds	<u>\$ 806,141</u>	<u>\$ 2,998,979</u>

4. Related-Party Transactions

Certain Plan investments are shares of mutual funds and investment contracts managed by Principal Financial Group and Mass Mutual Life Insurance Company (the Custodians) as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund and investment contract.

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions to the Plan at any time and to terminate the Plan subject to the provisions set forth in ERISA.

6. Federal Income Tax Status

The Plan is designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service (the IRS) in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC. The Plan's management believes the Plan is qualified and the related custodial accounts and tax deferred annuities are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain tax positions as of December 31, 2014 or 2013. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. Information Certified by the Custodians

The following is a summary of the information regarding the Plan as of December 31, 2014 and 2013, and for the years then ended, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the Custodians, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Custodians that such information is complete and accurate.

Notes to Financial Statements

8. Investment Contracts with Insurance Companies

The Plan invests in the Principal Fixed Income Option (PFIO) fund, a fully benefit-responsive group annuity contract issued by Principal Life Insurance Company. The issuer maintains the contributions in a general account. The account is credited with participant contributions plus earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The interest crediting rate is a composite crediting rate, which is currently reset on a semiannual basis.

Changes in future interest crediting rates will not affect the amount reported on the statements of net assets available for benefits representing the adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value.

The Principal Fixed Income Option (PFIO) is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

The interest rate history and average yield for the contract is as follows:

Time period	Rate
January 1, 2009–June 30, 2009	3.65%
July 1, 2009–December 31, 2009	3.05
January 1, 2010–June 30, 2010	3.05

July 1, 2014–December 31, 2014	2.75

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

8. Investment Contracts with Insurance Companies (continued)

By definition, the PFIO group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. The terms and methods under which the contract may transact are defined in Article II (Deposits and Funds), Article III (Fees), Article IV (Benefits and Other Payments), and Article V (Termination) in the contract.

Although it has not expressed any intention to do so, the Company has the right to terminate the contract under Article V of the contract which defines the circumstances and amounts for which the contract may be terminated by the Plan. The issuer, Principal, has the right to no longer receive deposits under Article VI, Section 3. However, the circumstances for termination of the contract are still subject to Article V.

The Plan also has fully benefit-responsive guaranteed investment contracts (GIC) with Mass Mutual Life Insurance Company. Mass Mutual Life Insurance Company maintains a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Mass Mutual Life Insurance Company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Mass Mutual Life Insurance Company, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

⁽²⁾ Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the investments on the same date.

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

8. Investment Contracts with Insurance Companies (continued)

The investment contracts have certain restrictions that affect the ability of the Plan to collect the full contract value such as if the Plan terminates its' interest in the contract without 12 months advance notice. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The Custodians may not terminate the contracts at any amount less than the contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

9. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

9. Fair Value Measurements (continued)

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Asset Valuation Techniques

Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments with Insurance Companies

The PFIO group annuity contract is a contract in which the issuer of the investment with insurance company takes a deposit from the Plan and purchases investments that are held in the issuer’s general accounts. The fair value of this fund approximates contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contract represents contributions plus earnings, less participant withdrawals and administrative expenses

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

9. Fair Value Measurements (continued)

Mass Mutual Life Insurance Company GICs are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. In determining the reasonableness of the methodology, the Company evaluates a variety of factors, including review of existing contracts, economic conditions, industry and market developments and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2014 and 2013.

9. Fair Value Measurements (continued)

Transfers between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2014 and 2013, there were no transfers between levels.

Changes to Fair Value of Level 3 Assets and Related Gains and Losses

The following table presents a reconciliation of the beginning and ending balances of the fair value measurements using significant unobservable inputs (Level 3) for the years ended December 31, 2014 and 2013.

Notes to Financial Statements

9. Fair Value Measurements (continued)

Significant increases (decreases) in the discount rate could result in a significantly (higher) lower fair value measurement; however, the discount rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting. PFIO is a single-group annuity contract with a fixed rate of interest. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

In estimating fair value of the investments in Level 3, the Plan's management may use third party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Plan's management evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments and overall credit ratings.
