NOTE A – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES

The following description of Green Tree School 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all employees of Green Tree School (the Company) who have completed one year of service with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective July 1, 2006.

Contributions

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may contribute up to limits set by the Internal Revenue Service (IRS). A discretionary contribution may be made by the Company as determined by the Company's members. For the year ended December 31, 2014, the matching contribution was equal to 50% of a participant's deferral on the first 6% of the participant's eligible salary. Employer matching contributions totaled $29,872 for the year ended December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, the participant's share of earnings and losses and charged with an allocation of custodial fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary and matching contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants are 25% vested after two year of service and vesting increases 25% for each additional year of service until fully vested after five years of service. Upon normal retirement, death, disability or early retirement while employed with the Plan sponsor, the participant becomes 100% vested.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

NOTE A – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES – Continued

Benefits

Upon termination of service for any reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures are used to restore participant forfeitures, offset Plan administrative expenses, and reduce employer contributions. During the year ended December 31, 2014, forfeitures of $3,892 were applied to employer contributions. There were no unallocated forfeitures at December 31, 2014.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to 50% of their vested account balance up to $50,000. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with rates charged for similar loans by commercial lenders as determined by the Plan administrator, which was 4.25%. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Administrative Costs

Costs for administrative services for withdrawals and loans are paid by the Participants, while the remaining administrative costs are paid by the Plan. Administrative fees for loans and withdrawals paid by the participants totaled $1,666 for the year ended December 31, 2014.

Risks and Uncertainties

The Plan provides for various investment options in various combinations of investment funds. Investment funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Revenue Policy

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation.

NOTE A – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES – Continued

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 12, 2015, the date the financial statements were available to be issued. During this period, the Plan did not have any material recognizable subsequent events.

NOTE B – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. The value of all interests shall be determined and distributed as if each participant had retired.

NOTE C – TAX STATUS

The Plan qualifies for tax exemption under Section 401(a) of the Internal Revenue Code (IRC). The Plan administrator believes that since the Plan is currently using the prototype plan from AccuDraft, Inc., which has been approved by the IRS, it is currently being operated in compliance with the applicable requirements of the IRC.

The Plan has no positions that would require disclosure or recognition under the *Accounting for Income Taxes* topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). This topic requires the Plan to recognize or disclose any tax positions that would result in unrecognized tax benefits. The Plan's income tax returns for fiscal years on and after December 31, 2011 are subject to examinations by the IRS and state taxing authorities.

NOTE D – INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2014 and 2013. Accordingly, Massachusetts Mutual Life Insurance Company (Mass Mutual), the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013, the supplemental schedule of assets (held at end of year) at December 31, 2014, and the related investment information reported in the statement of changes in net assets available for benefits for the for the year ended December 31, 2014. Investment balance information is included in Note E.

Investments that represent 5% or more of the Plan's net assets are as follows.

	2014	2013
American Funds Growth Fund of America R3	$ 309,378	$ 353,004
Fidelity Advisor Equity Income T	59,943	51,741
Hartford Disciplined Equity HLS IB	78,282	94,592
Hartford Dividend & Growth HLS IB	43,334	*

* This investment was less than 5% of net assets available for benefits as of December 31 of this year

During 2014, the Plan's pooled separate accounts (including investments bought, sold and held during the year) appreciated in value by $44,869.

NOTE D – INFORMATION CERTIFIED BY CUSTODIAN – Continued

It is the practice of Mass Mutual not to break down investment income into interest dividends, realized and unrealized gains or losses for their investments with pooled separate accounts. It is impractical for the Plan administrator to recalculate such information.

NOTE E – FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The hierarchy includes three levels. Level 1 includes instruments whose inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 includes instruments whose inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 includes instruments whose inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts: Valued at the net asset value, as a practical expedient, based on the market value of the underlying investments. The net asset value is not a publicly-quoted price in an active market. The underlying investments in the pooled separate accounts are mutual funds.

At December 31, 2014 and 2013, payables of $4,273 and $8,654 are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the IRS.

NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts with Hartford Life Insurance Company that are managed by Massachusetts Mutual Life Insurance Company. Transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan were $1,666 for the year ended December 31, 2014.

NOTE H – PLAN OPERATIONS

The Plan filed under the Voluntary Compliance Program on December 23, 2013 related to Plan operational errors from 2006 through 2012. The portion of the employer contribution receivable applicable to the correction of these errors was adjusted to $113,361, which was the actual amount paid subsequent to year end.

NOTE I – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2014, the Company failed to remit in a timely manner certain employee deferrals and loan payments to the Plan totaling $29,716. The Company computed lost earnings on these deposits and subsequently made contributions to the Plan for the lost earnings.
