Medical Mutual of Ohio
Employees' Retirement Savings Plan

Notes to Financial Statements

December 31, 2014 and 2013

1. Description of the Plan

The following description of the Medical Mutual of Ohio Employees' Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor.

General

The Plan, as amended and restated, is comprised of a defined contribution employee retirement savings portion (the 401(k) Portion), and a defined contribution retirement portion (the Horizons Portion) covering eligible employees of Medical Mutual of Ohio (MMO) and its subsidiaries (the Company and Plan Sponsor). The Plan is designed to encourage eligible employees to develop a program of systematic individual savings, to provide for employer contributions thereto, and to create arrangements for investing such savings and contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

401(k) Portion

A participant in the Plan can elect to make tax-deferred or after-tax contributions from 1% to a maximum of 75%, in the aggregate, of their eligible compensation. The Company contributes 100% of the first 3% of compensation that a participant contributes to the Plan and 50% of the next 2% of compensation that a participant contributes to the Plan. The Company may make additional discretionary contributions.

Upon entry of new employee information in the T. Rowe Price system, new employees are given a 45 day "grace period" to opt in or out of the Plan before they are automatically enrolled with a contribution equal to 3% of annual compensation. Before the effective date of the automatic enrollment, a notice is provided to allow participants the opportunity to revoke or modify the deemed salary deferral agreement.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Horizons Portion

The Company makes fixed contributions which are calculated as a percentage of the employees' covered compensation. The percentages range from 3% to 8%, using an age plus years of service-graded scale. An employee's covered compensation includes their base salary, bonuses, sales compensation, overtime pay, and shift differential. The Company will contribute an additional amount, ranging from 3.0% to 5.7%, based on an employee's compensation in excess of the Social Security Wage Base.

The maximum combined amount that the participant and the Company can contribute to all qualified plans is the lesser of 100% of a participant's total compensation, which is subject to federal income tax withholding, or \$52,000 per year in 2014 or \$51,000 per year in 2013. In addition, participants aged 50 and over are permitted to make additional contributions of up to \$5,500. Participants may roll over funds into the Plan from other qualified plans.

The Plan accepts Roth 401(k) contributions made on behalf of participants. Unless specifically stated otherwise, Roth 401(k) contributions will be treated as tax-deferred contributions for all purposes under the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and the Plan's earnings, and is charged with certain administrative expenses specifically identifiable to the participant's account as well as an allocation of expenses relating to purchases, sales or transfers of investments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Plan participants are immediately vested in the Company's contributions plus any actual earnings thereon.

1. Description of the Plan (continued)

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions into any combination of the specific investment funds offered by the Plan. Participants can also choose investments through self-directed brokerage accounts.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company.

Payment of Benefits

Benefits are recorded when paid. Benefit payments are typically made in a lump-sum payment, although periodic payment alternatives are available.

Plan Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time, subject to the provisions of ERISA. Upon termination, the assets of the Plan shall be distributed to each participant in proportion to their interest in the Plan, which shall consist of the participant's contributions and the Company's contributions made on behalf of each participant, adjusted for the participant's interest in fund earnings or losses.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, at the measurement date (exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Medical Mutual of Ohio
Employees' Retirement Savings Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- Level 1 – Values are unadjusted quoted prices for identical assets in active markets accessible at the measurement date.
- Level 2 – Inputs include quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads, and yield curves.
- Level 3 – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The T. Rowe Price Stable Value Fund invests in fully benefit-responsive investment contracts. This fund is recorded at fair value (see Note 4); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals, and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Realized gains or losses on the sale of investments are computed on the specific identification basis. Net changes in appreciation or depreciation of investments are combined with realized gains or losses and are reflected as net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

New Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update 2015-07, Fair Value Measurement (Topic 820) – Disclosures for Investment in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). ASU 2015-07 eliminates the requirement to categorize investments measured using the net asset value (NAV) practical expedient in the fair value hierarchy. Further, ASU 2015-07 changed certain disclosure requirements by 1) limiting the disclosures in paragraph 820-10-50-6A to only those investments measured using the NAV practical expedient, 2) excluding investments measured using the NAV practical expedient from the recurring and nonrecurring disclosure requirements, and 3) providing that although investments measured using the NAV practical expedient are not categorized in the fair value hierarchy, entities are required to disclose the fair value of investments measured using the practical expedient so that financial statement users can reconcile amounts reported in the fair value hierarchy table to amounts reported on the balance sheet. ASU-07 is effective for annual periods beginning after December 15, 2016. Plan management is currently evaluating the effect that the provisions of ASU 2015-07 will have on the Plan's financial statements.

In July 2015, the FASB issued Accounting Standards Update 2015-12, *Plan Accounting: (Part I) Fully Benefit-Responsive Investment Contracts*. ASU 2015-12 (Part I) eliminates the requirement to measure and present the fair value of fully benefit-responsive investment contracts. Under ASU 2015-12 (Part I), fully benefit-responsive investment contracts are measured, presented and disclosed only at contract value. ASU 2015-12 is effective for annual periods beginning after December 15, 2015. Plan management is currently evaluating the effect that the provisions of ASU 2015-12 (Part I) will have on the Plan's financial statements.

In July 2015, the FASB issued Accounting Standards Update 2015-12, *Plan Accounting: (Part II) Plan Investment Disclosures*. ASU 2015-12 (Part II) eliminates the requirement to disclose 1) individual investments that represent 5 percent or more of net assets available for benefits and 2) the net appreciation or depreciation in fair value of investments by general type. Further, ASU 2015-12 (Part II) requires plans to disaggregate investments that are measured using fair value by general type, either on the face of the financial statements or in the notes. The guidance is effective for fiscal years beginning after December 15, 2015. Plan management is currently evaluating the effect that the provisions of ASU 2015-12 (Part II) will have on the Plan's financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Subsequent Events

The Plan evaluated subsequent events from the end date of the most recent fiscal year through October 7, 2015, the date the financial statements were available to be issued.

3. Investments

Other than the fair value and net investment income for the TradeLink self-directed brokerage account of \$8.7 million and \$0.2 million, respectively, certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held from April 1, 2014 through December 31, 2014 by T. Rowe Price Trust Company (Trustee) and from January 1, 2014 through March 31, 2014 and for the year ended December 31, 2013 by Fidelity Management Trust Company (former Trustee) and the adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2014 and 2013, and net appreciation (depreciation) in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2014, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee and former Trustee.

Medical Mutual of Ohio
Employees' Retirement Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The shares of registered investment companies, common/preferred stock and exchange traded funds are valued at quoted market prices in an active market and are classified as Level 1. If Level 1 valuations are not available, fair value is determined using models such as matrix pricing, which uses quoted market prices of fixed maturity securities with similar characteristics. The investments in corporate bonds as of December 31, 2013 are based on these Level 2 inputs. The investment in the common/collective trust is composed of a fully benefit-responsive investment contract. The Plan is required to provide a one year redemption notice to make withdrawals from the trust. The fair value of the investment in the common/collective trust is determined by the fund trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of the shares held by the Plan at year-end and is classified as Level 2.

During 2014 and 2013, there were no transfers of securities between the fair value levels.

5. Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2013-6 and 2011-49, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.
