ASURINT RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of Asurint Retirement Savings Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a 401(K) plan established to provide retirement benefits for all employees of One Source Technology, LLC. Employees of the Company are eligible to participate immediately upon hire due to no age or service requirement necessary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, plan participants may contribute to the Plan, on a pretax basis, an amount not to exceed 90% of their compensation, subject to a limit of \$17,500 for 2014 and 2013. Eligible employees may elect to make additional “catch up” contributions. Participants may also contribute amounts on an after-tax basis through Roth contributions subject to the same limitations as pretax basis contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make matching contributions on behalf of each participant equal to a discretionary percentage of the participant’s elective deferrals, where the amount of elective deferrals matched is a discretionary dollar amount or percentage of a participant’s compensation determined by the Company on a uniform basis.

Participant Accounts

A separate account is maintained for each investment option selected by the participant. Each participant’s account is credited with the participant’s contributions, the Company’s discretionary non-elective and matching contributions, and the Plan’s earnings. Allocation of the Plan’s earnings is based on participant’s account balances.

Participants direct the investment of their contributions and those made by the Company into various investment options offered by the Plan. The plan currently offers thirty funds as investment options for participants.

Vesting

Participants are immediately vested in employee contributions. A 5 year graded vesting schedule is used for employer non-elective profit sharing contributions and employer matching contributions. The schedule is based on a participant’s period of service using the elapsed time method. No discretionary employer matching contributions or non-elective profit sharing contributions have been made to Plan.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the participant's highest outstanding loan during the previous twelve month period. Loan terms can be up to 5 years, or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined at the time the loan is made. As of December 31, 2014, the interest rates on all outstanding loans were 4.25%. Principal and interest are repaid ratably through bi-weekly payroll deductions. The initial loan origination fee of \$100 is paid by the participant requesting the loan. A \$6 annual administration fee will be assessed on the annual anniversary of the issuance of each loan.

Note receivables from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit loss has been recorded as of December 31, 2014 or 2013.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants during the first quarter of 2015.

Payment Of Benefits

Distributions of a participant's account are made upon retirement from the Company at age 65, in cases of financial hardship, termination from service with the Company, death, or disability. Participants still employed who have reached the age of 59½ are eligible for in-service distributions from accounts which are fully vested. Distributions are made in single lump-sum payments, in cash. Partial distributions or installments are only permitted for required minimum distributions. Vested account balances \$1,000 or less of terminated participants are automatically distributed as a cash, lump-sum payment. Distributions of vested account balances greater than \$1,000 may be made as soon as administratively feasible and require consent from the terminated participant.

Forfeitures

Forfeitures resulting from a break in participant service without the attainment of 100% vesting are used to reduce employer contributions. At December 31, 2014 and 2013, forfeited non-vested amounts totaled \$-0- and \$-0-, respectively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in conformity with generally accepted accounting principles.

ASURINT RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator and management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments

The Plan's investments are administered by Massachusetts Mutual Life Insurance Company and are stated at fair value. For 2014 and 2013, underlying assets of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Participant loans are valued at cost, which approximates fair value.

Benefit Distributions

Benefit distributions are recorded and expensed when paid to participants.

Administrative Services

The expenses necessary to administer the Plan are paid by the Plan or Plan sponsor including, but not limited to, those involved in retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment adviser. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value in the near term would materially affect participant account balances and the amounts reported in the statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 3 - TAX STATUS

The Plan uses a volume submitter plan document sponsored by NOVA 401(k) Associates, which received an opinion from the IRS, dated March 31, 2014, which states that the volume submitter document satisfies the provisions of Section 401 of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the

ASURINT RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 3 - TAX STATUS (CONTINUED)

Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 4 - INVESTMENTS AND INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's investments are held by Massachusetts Mutual Life Insurance Company as custodian. Massachusetts Mutual Life Insurance Company maintains the investments in separate accounts, which comprise a significant portion (97.60% - year ended December 31, 2014, 98.41% - year ended December 31, 2013) of the Plan's assets. The accounts are credited with earnings on the underlying investment and charged for plan withdrawals. The contract is included in the financial statements at contract value which approximates fair value as reported by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company certified as of December 31, 2014 and 2013 as to the completeness and accuracy of the information reported. Net interest income totaled \$849 and \$25 for the years ended December 31, 2014 and 2013, respectively. Net appreciation in the value of investments totaled \$42,504 and \$79,671 for the years ended December 31, 2014 and 2013, respectively. The funds listed below were the investment options for the years ended December 31, 2014 and 2013. The assets that comprise these funds may be invested in registered investment companies or collective trust funds.

The fair value of investments at December 31, 2014 and December 31, 2013 as certified by the custodian with investments that represent 5% or more of net assets available for benefits indicated with an asterisk (*) are as follows:

NOTE 7 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

ASURINT RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 7 - FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and December 31, 2013.

Pooled Separate Accounts: Valued using the unit value calculated based on the net asset value of the underlying pool of securities that are mutual funds. Mutual funds trade on one or more U.S. or foreign exchanges and the fair value is derived based on the closing prices for the underlying securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:
