INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
The Caddell Dry Dock & Repair Co., Inc.
401(k) Plan
Staten Island, New York

Report on the financial statements

We were engaged to audit the accompanying financial statements of The Caddell Dry Dock & Repair Co., Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the basis for disclaimer of opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by T.D. Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Required supplemental information

The supplemental schedules of assets held at end of year and reportable transactions as of and for the year ended December 31, 2014 are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we do not express an opinion on these supplemental schedules.

THE CADDELL DRY DOCK & REPAIR CO., INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. Description of Plan:

The following description of The Caddell Dry Dock & Repair Co., Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering employees of The Caddell Dry Dock & Repair Co., Inc. (the "Company") who have at least one month of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The original Plan was restated to the TD Bank Prototype Plan with no changes in benefits, effective October 1, 2010.

Contributions

Employee participants are initially enrolled to make automatic salary deferral contributions at the rate of 3% of pretax annual compensation, as defined by the Plan, subject to Internal Revenue Code ("IRC") limits. The automatic deferral contribution percentage increases by 1% per year for each additional year of service, up to 10% after 8 years of service. Employees may elect to discontinue participation, or to change their deferral amount at any time. Each year, participants may contribute up to 100% of pretax annual compensation, net of bonuses, subject to IRC limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the extent allowed by the IRS. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company is not required to make mandatory matching contributions, but may elect to make discretionary contributions. No discretionary contributions were made in 2014.

Participant accounts

Each participant's account is credited with the participant's contribution, Company contributions, if any, and an allocation of Plan earnings. Participant accounts are charged with direct expenses and an allocation of Plan expenses. Allocations are based on participant earnings, account balances or specific participant transactions as defined. Benefits to which a participant is entitled are funded exclusively from the individual participant's account.

1. **Description of Plan (continued):**

Vesting

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. Vesting in Company discretionary matching contributions is based on years of continuous service. Such contributions vest in increases for each year between 2 and 6 years, whereupon a participant is 100% vested after six years of credited service.

Forfeited accounts

Forfeitures result from a participant's termination of service prior to achieving full vesting in the Company's contributions. Such forfeitures are transferred out of the participant's account and are held in a separate account. Forfeitures may be applied to pay Plan expenses, or may be used to reduce future employer contributions. Forfeitures were $22 and $209 for years ended December 31, 2014 and 2013, respectively.

Investment options

The assets of the Plan are allocated to the various investment funds at the direction of the participant. Upon enrollment, a participant may direct his or her 401(k) contributions in any of the various investment options which are offered under a group annuity contract issued by the TD Bank Wealth Management Group.

Participants' notes receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined, and fixed for the term of the loan. Principal and interest is paid ratably through monthly payroll deductions.

Payment of benefits

On termination of service due to death or disability, a participant may elect to receive either a lump sum amount equal to the participant's vested interest in the account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

1. **Description of Plan (continued):**

Parties-in-interest

ERISA Section 3(14) defines a party-in-interest, to include, among others, fiduciaries or employees of the Plan, any person providing services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, participant notes receivable and the management of investments by the Trustee are considered party-in-interest transactions.

2. **Summary of significant accounting policies:**

Basis of accounting

The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. **Summary of significant accounting policies (continued):**

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participants' notes receivable

Participants' notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to participant accounts. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015.

Payment of benefits

Benefits are recorded when paid.

2. Summary of significant accounting policies (continued):

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Participants' accounts are charged a fee for loan disbursements of $100 and a fee for distributions of $40. Investment related expenses are included in the statement of changes in net assets available for benefits.

Income taxes

The IRS has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

3. Summary of information certified by Plan trustee:

The investments (including participant notes) included in the statement of net assets available for benefits as of December 31, 2014 and 2013, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2014, and the accompanying notes to the financial statements and the supplemental schedule of assets held for investment as of December 31, 2014 were prepared in part from information certified by the trustee, TD Bank, N.A., in accordance with 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

4. Investments:

The Plan investments are held in a trustee administered trust account and the following investment funds represent 5% or more of the Plan's net assets available for benefits:

	2014	2013
Vanguard Wellington Fund Admiral Shares	$ 1,515,899	$ 1,181,676
Fidelity High Income Fund #455	291,163	-
Dodge & Cox Stock Fund No. 145	357,523	-
Pimco Total Return Institutional Fund #35	-	725,656
Met West Total Return Bond Fund	675,132	-
Federated Capital Preservation Fund #40	746,686	723,476
Vanguard 500 Index Trust Fund	344,635	-
Other funds	1,724,149	2,505,001
Total	$ 5,655,187	$ 5,135,809

During the year ended December 31, 2014, the Plan's investments, (including gains and losses on investments bought, sold and held, as well as held during the year) appreciated in value as follows:

	Total
Growth funds	$ 74,286
Balanced funds	92,257
Foreign funds	1,791
Index funds	50,796
Other funds	(11,837)
Stable value funds	(2,412)
	$ 204,881

5. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

5. Fair value measurements (continued):

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see note 6). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Trustee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair value measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2014:

	Assets at fair value as of December 31, 2014			
Description	Total	Level 1	Level 2	Level 3

	$ 5,135,809	$ 4,412,333	$ 723,476	$ -

5. **Fair value measurements (continued):**

Fair value of investments in entities that use NAV

The stabilizing value contract has been classified as Level 2 by the Fund Trustee in its financial statements.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2014 and 2013, respectively.

December 31, 2014	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Stable value trust fund contract	$ 723,476	N/A	Daily	12 months

December 31, 2013	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Stable value trust fund contract	$ 746,686	N/A	Daily	12 months

6. **Guaranteed investment contract with Federated Capital Preservation Fund:**

In 2010, the Plan entered into a fully benefit-responsive guaranteed investment contract with Federated Capital Preservation Fund ("Federated"). Federated maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Federated, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

6. Guaranteed investment contract with Federated Capital Preservation Fund (continued):

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was $746,686 and $723,476, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to quality for exemption from federal incomes taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit Federated to terminate the agreement prior to the scheduled maturity date.

The average yields earned by the guaranteed investment contract are as follows:

Average yields:	2014	2013
Based on actual earnings	0.89%	1.15%
Based on interest rate credited to participants	0.75%	1.02%

7. Plan termination:

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. Upon Plan termination, participants become fully vested in their accounts.

8. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various financial risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

9. Distributions payable:

At December 31, 2014 and 2013, net assets available for plan benefits included $264,934 and $117,492, respectively, of participant balances for employees who have separated from employment or withdrawn from the Plan prior to the end of the Plan year.

10. Reconciliation of financial statements to IRS Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of IRS Form 5500:

	Financial statements	IRS Form 5500	Difference
Investments, at fair value	$ 5,655,187	$ 5,655,187	$ -

End of year	$ 6,134,295	$ 6,122,095	$ 12,200

11. Subsequent events:

The Plan has evaluated subsequent events through October 12, 2015, which is the date the financial statements are available for issuance, and except as noted below there are no additional subsequent events to be disclosed.

The Plan changed its fund custodian from TD Wealth Management Group to TD Ameritrade Trust Company in 2015.
