KNI GROUP 401(K) AND PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2014 and 2013

A. Description of the Plan

General

The following brief description of the KNI Group 401(k) and Profit Sharing Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Kearney-National, Inc. (the "Company" or "Plan Sponsor"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Fort Worth, Texas.

The Plan was originally established by Optek Technology, Inc. on May 1, 1985, as the Optek Technology 401(k) Plan. Effective May 1, 2001, the Kearney National Employee 401(k) and Profit Sharing Plan was merged into the Plan. On November 29, 2003, a new Optek Technology 401(k) Savings Plan was created and certain assets transferred from the old to the new plan. The old plan was taken over by Kearney-National, Inc. and renamed the KNI Group 401(k) and Profit Sharing Plan.

The Plan is a profit sharing plan with a cash or deferral arrangement available to qualifying employees of the Company. The Plan is intended to conform to and qualify under Section 401 and 501 of the Internal Revenue Code of 1986 ("IRC"), as amended. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 50% of their annual compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company will make matching contributions up to 100% for the first 1% and 50% for the next 5% of the employee pre-tax contribution that does not exceed 6% of the participant's compensation for each Plan year.

The Company may elect to make a profit sharing contribution to employees within certain divisions that have completed one year of eligible service and are employed on December 31st of the Plan year or have left employment during the year due to retirement, disability or death. Total profit sharing contributions for such divisions in a given calendar year are discretionary. Annually, participating divisions select a contribution percentage to apply to eligible compensation for all eligible employees within that division. If a participant entered the Plan on a date other than the first day of the plan year, the amount of compensation considered in determining that employee's profit sharing contribution is limited to the actual compensation received while participating in the Plan. The profit sharing contribution for the years ended December 31, 2014 and 2013, was $202,067 and $113,272, respectively. Approximately $44,000 of 2014 profit sharing contributions was relating to 2013 amounts not being authorized until 2014.

A. Description of the Plan – continued

Contributions – continued

Participants direct the investment of their contributions, employer matching contributions, and employer profit sharing contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution; (b) Plan earnings; and, (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

Employer Matching Vesting

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	100%

Profit Sharing Vesting

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

A. Description of the Plan – continued

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2014 and 2013, interest rates are issued at the prime rate quoted in the Wall Street Journal on the day the loan is requested, plus 1%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; or, (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset employer matching contributions and non-elective contributions for the year. As of December 31, 2014 and 2013, forfeited non-vested amounts totaled $50,112 and $38,974, respectively. During 2014 and 2013, forfeiture balances of $3,274 and $10,686, respectively, were used to fund employer matching contributions and employer Plan expenses.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Description of the Plan – continued

Plan Expenses

All Plan expenses other than participant loan and in-service withdrawal charges are paid by the Company. The Plan was amended, effective as of July 1, 2008, to allow the Plan to charge a reasonable Plan administrative expense to the accounts of terminated participants on a pro rata basis. Expenses will be based on the account balance of former employees receiving benefits from the Plan.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note D for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

B. Summary of Significant Accounting Policies – continued

Investment Valuation and Income

Investment contracts held by a defined contribution plan are required to be reported at fair value; however, contract value is the relevant measurement attribute for that portion of the net assets available for benefits that is attributable to fully benefit-responsive investment contracts. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust fund, the Morley Stable Value Fund ("Stable Value Fund"), which may invest in fixed-interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed-income securities. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value.

The statement of changes in net assets available for benefits is prepared using the contract value basis. The contract value of the Stable Value Fund represents contributions plus earnings, less participant withdrawals and administrative expense.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

B. Summary of Significant Accounting Policies – continued

Cash and Cash Equivalents

All highly-liquid investments with a maturity of three months or less when purchased are treated as cash equivalents. At December 31, 2014 and 2013, the Plan held such investments primarily in one financial institution, which at times exceeded amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation ("FDIC"). The Plan has not experienced any losses related to amounts in excess of FDIC limits.

C. Investments (Unaudited)

Investments that represent 5% or more of net assets available for benefits at December 31 are as follows:

	2014
Morley Stable Value Fund	$3,312,507
Mutual Funds:	
PIMCO Total Return Fund	2,368,114
Schwab S&P 500 Fund	2,403,725
T. Rowe Price Equity Income Fund	1,666,585
Harbor Capital Appreciation Fund	1,602,442

	2013
Morley Stable Value Fund	$2,937,977
Mutual funds:	
PIMCO Total Return Fund	2,494,252
Schwab S&P 500 Fund	2,486,055
Harbor Capital Appreciation Fund	1,796,407
T. Rowe Price Equity Income Fund	1,626,963

During 2014 and 2013, the Plan's net realized and unrealized gains on investments were comprised of the following:

	2014	2013
Mutual funds	$ 226,158	$ 1,651,336
Stable Value Fund	22,916	21,671
Net realized and unrealized gains on investments	$ 249,074	$ 1,673,007

D. Fair Value Measurements (Unaudited)

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

D. Fair Value Measurements (Unaudited)

The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Money market funds are valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

- Mutual funds are valued at the published per share net asset value ("NAV") of shares held by the Plan and are classified within Level 1 of the valuation hierarchy.

- Investments in the Stable Value Fund are valued based upon the redemption price of units held by the Plan, which is based on the current fair value of the common collective trust fund's underlying assets. Unit values are determined by the financial institution sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. Investments in the Stable Value Fund are categorized as Level 2.

There have been no changes in the methodologies used at December 31, 2014 and 2013.

D. Fair Value Measurements (Unaudited) – continued

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2014 and 2013.

E. Information Certified by the Trustee (Unaudited)

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the Charles Schwab Trust Company, which included total investments as of December 31, 2014 and 2013, the total investment income (loss) for the years ended December 31, 2014 and 2013, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

E. Information Certified by the Trustee (Unaudited) – continued

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2014	2013

Mutual funds	$ 11,329,744	$ 11,848,327
Stable Value Fund, at contract value	3,284,002	2,928,396
Investment income:		
Net realized and unrealized gain on investments	$ 249,074	$ 1,673,007
Interest and dividends	591,445	423,140

F. Tax Status

The Plan obtained its latest determination letter in 2004 in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter.

Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examination for years prior to 2011.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

H. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of a mutual fund managed by Charles Schwab Trust Company. Charles Schwab Trust Company acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

I. Stable Value Fund

The Stable Value Fund is a collective investment trust under the trusteeship of Union Bond & Trust Company. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Stable Value Fund's NAV, based upon the closing value per unit of the Stable Value Fund, which is determined daily following the close of regular trading on the New York Stock Exchange. The Stable Value Fund's NAV was $24.52 and $24.28 at December 31, 2014 and 2013, respectively. Distribution to the Stable Value Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Stable Value Fund on a monthly basis, when paid. It is the policy of the Stable Value Fund to use its best efforts to maintain a stable NAV, although there is no guarantee that the Stable Value Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Stable Value Fund, plus earnings, less participant withdrawals and administrative expenses. The Stable Value Fund imposes certain restrictions on the Plan, and the Stable Value Fund itself may be subject to circumstances that affect its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Stable Value Fund to transact at less than contract value is not probable.

I. Stable Value Fund – continued

Redemption Restrictions of the Stable Value Fund - The Stable Value Fund has redemption restrictions for participant-directed transfers to competing investment options, permitted participant withdrawals and transfers, and Plan Sponsor-directed withdrawals or liquidations.

- Participant-directed transfers to competing investments must be held in a non-competing investment option for a minimum of 90 days before a transfer to a competing option may occur.

- Permitted participant withdrawals and transfers are typically processed daily. However, the Stable Value Fund trustee may, at its discretion in the best interest of the Stable Value Fund, delay such withdrawals for no more than 30 days.

- Plan Sponsor-directed withdrawals or liquidation require a 12 month advance written notice.

J. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through October 13, 2015 the date the financial statements were available for issuance.
