INDEPENDENT AUDITOR'S REPORT

To the Oversight Committee
Fairmount Minerals, Ltd. Retirement Savings Trust and Plan
Chesterland, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the Fairmount Minerals, Ltd. Retirement Savings Trust and Plan (the "Plan"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2014 and 2013, and the related statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the December 31, 2014 Financial Statements

Our responsibility is to express an opinion on the December 31, 2014 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the December 31, 2014 financial statements.

Auditor's Responsibility for the December 31, 2013 Financial Statements

Our responsibility is to express an opinion on the December 31, 2013 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion on the December 31, 2013 Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the December 31, 2013 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Wilmington Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion on the December 31, 2013 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the December 31, 2013 Financial Statements paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the December 31, 2013 financial statements. Accordingly, we do not express an opinion on these financial statements.

Opinion on the December 31, 2014 Financial Statements

In our opinion, the financial statements, referred to above, of the Plan, as of December 31, 2014, and for the year then ended, present fairly, in all material respects, the net assets available for benefit of the Plan as of December 31, 2014, and all the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year as of December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Form and Content of the December 31, 2013 Financial Statements in Compliance with DOL Rules and Regulations

The form and content of the information included in the December 31, 2013 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2 Summary of Significant Accounting Policies, Continued

Valuation of Investments:

Investments (except for fully benefit responsive contracts, which are recorded at contract value) are stated at fair value. Mutual funds are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. .

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Substantially all administrative fees are paid by Fairmount Minerals, Ltd.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan's investment include investments in mutual funds and collective funds holding investment with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 9, 2015, which is the date the financial statements were available to be issued.

3 Tax Status

On March 31, 2008, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2014, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets;
 - * Quoted prices for identical assets or similar assets or liabilities in inactive markets;
 - * Inputs other than quoted prices that are observable for the asset or liability;
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

4 Fair Value Measurements, Continued

Mutual Funds:

The fair value of the mutual funds are based on quoted prices in active markets. As such, these investments are classified within Level 1 of the hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2013. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

8 Prohibited Transactions

During the Plan years ended December 31, 2014, 2013 and 2012, employee withholdings and loan repayments were not remitted by the Company to the Plan within the time period as defined by ERISA. These transactions constitute prohibited transactions. The Company has remitted the contributions to the Plan and is in the process of following the appropriate correction guidelines.

9 Benefit-Responsive Contract

The Plan holds a benefit-responsive insurance contract with Lincoln National Life Insurance Company (Lincoln). The contract meets the fully benefit responsive insurance contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution plan that competes with the plan for employee contributions, (3) any substantive modification of the plan or the administration of the Plan that is not consented to by the wrap issuer, (4) complete or partial termination of the Plan, (5) any change in law, regulation, or administrative ruling applicable to the plan that could have a material adverse effect on a portfolio's cash flow, (6) merger or consolidation of the plan with another plan, the transfer of assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the plan sponsor, (7) any communication given to participants by the plan sponsor or any other plan fiduciary that is designed to induce or influence participants not to invest in a portfolio or to transfer assets out of a portfolio, (8) exclusion of a group of previously eligible employees from eligibility in the plan, (9) any early retirement program, group termination, group layoff, facility closing, or similar program, and (10) any transfer of assets from a portfolio directly to a competing option. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants is probable.

The issuer may terminate the contract for cause at any time.

10 Subsequent Events

Effective January 1, 2015, all Plan assets transferred over from Wilmington Trust to Fidelity Management Trust Company as trustee and provider of recordkeeping services, certain investment management services, as well as other services.

Effective January 1, 2015 the Plan and the Fairmount Minerals, Ltd. Stock Bonus Trust and Plan have merged together to create the Fairmount Santrol, Inc. Retirement Savings Plan (the Successor Plan). As a result, all account balances were transferred into the Successor Plan. Certain plan provisions were amended to allow for this change.
