Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due from fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note E., which was certified by Mid-Atlantic Trust Company the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express on opinion on these financial statements.

Other Matter - Supplemental Schedule

DRAFT

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by a predecssor auditor. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan adminstrator instructed the predecessor auditor not to perform, and he did not perform, any auditing procedures with respect to the information certified by Mid-Atlantic Trust Company, the custodian of the Plan. His report, dated September 30, 2014, indicted that (a) because of the significance of the information that he did not audit, he was unable to obtain sufficient appropriate audit evidence to provide a basis for an audit oponion and accordingly, he did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

DRAFT

A. Description of Plan:

The following description of the Petro Services, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General:

The Plan is a single employer 401(k) defined contribution plan that covers all eligible employees of the following affiliated group of companies; Petro Services, Inc., C&R General Contractors, Inc. and it's wholly owned subsidiary Universal Petroleum Services Inc.; Cavan Electric, Inc., InVent, Inc. and Ecotech Environmental Services, Inc. (collectively the "Companies" or "Plan Sponsors"). The Plan provides for participant contributions through salary reduction in accordance with section 401(k) of the Internal Revenue Code of 1986 (as amended). The Plan Sponsors contribute a yearly matching contribution of 50% of the first 6% of compensation a participant defers into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. All contributions to the Plan are participant directed.

Eligibility

Employees of the Plan Sponsors who have completed six months of service are eligible to participate in the Plan. Plan entry dates are January 1 and July 1.

Contributions:

Each year the Plan Sponsors will contribute to the Plan the following amounts:

(a) The total amount of salary reduction that the participants elect to defer.

(b) A matching employer contribution equal of 6% of 50% of eligible employee deferrals. Participants must be employed by one of the Companies as of the last day of the Plan year.

(c) A discretionary profit sharing employer contribution as determined by the Companies on a year-to-year basis. For the years ended December 31, 2014 and 2013 the Companies elected not to make a profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies contributions and (b) plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting:

A participant is 100% vested at all times in their salary reduction contributions. Employer contributions vest at a rate of 25% for each year of qualified service; all eligible participants are fully vested after four years of service.

DRAFT

A. **Description of Plan (continued):**

Payment of Benefits:

Upon termination of service, participants or their beneficies may receive the vested value of their account in a lump sum. Certain other in-service withdrawals are allowed as described in the plan document. Benefits are recorded when paid.

Forfeitures:

Forfeited amounts are used to reinstate previously forfeited account balances of former participants, if any, and other required contributions of the employer. Any remaining forfeitures may be used to pay the administrative expenses of the Plan. Forfeited non-vested amounts totaled $-0- and $54 at December 31, 2014 and 2013, respectively. During 2014 forfeitures of $2,624 were used to pay Plan expenses and $75 was used to offset the employer matching contribution.

Loans:

Loans to participants are not permitted under the Plan agreement; however during 2014 two participants were allowed to take loans from their account balances due to an administrative error. The loans are being paid back by payroll deduction and plan management has engaged counsel to correct for this operational defect.

Plan Expenses:

The Plan pays recordkeeping and certain other administrative fees of the Plan assets; legal, accounting and other services are paid by the Plan Sponsors.

B. **Summary of Significant Accounting Policies:**

Basis of Accounting:

Assets, liabilities, income and expenses are recognized on the accrual method of accounting.

Date of Management's Review:

Subsequent events were evaluated through October 9, 2015 which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

DRAFT

B. **Summary of Significant Accounting Policies (continued):**

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, the actual results may differ from those estimates.

C. **Fair Value Measurements:**

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC topic 820 on *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value. The hierarchy is measured in three levels based on the reliability of the inputs:

Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date.

Level 2 Valuations based on inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. Observable inputs include quoted prices for similar assets in active or non-active markets.

Level 3 Valuations derived through the use of valuation models or methodologies using significant unobservable inputs. Level 3 valuations incorporate certain assumptions and projections that are not observable in the market and as a result significant professional judgment may be used in determining the fair values.

E. **Information Certified by the Plan's Custodian:**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly Mid Atlantic Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014.

F. **Related Party Transactions:**

Paychex, Inc. is the Plan's record keeper and as such these transactions qualify as party-in-interest transactions. Amounts paid directly to Paychex Inc.by the Plan were $4,754 for the year ended December 31, 2014.

G. **Plan Termination:**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

H. **Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. **Federal Income Tax Status:**

The Internal Revenue Service has opined and informed Paychex, Inc., the volume submitter by letter dated April 10, 2014, that the Prototype Non-standardized Profit Sharing Plan with CODA plan adopted by the Employer is designed in accordance with the applicable sections of the Internal Revenue Code.

Accounting principles in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained by the relevant taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due from fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note E., which was certified by Mid-Atlantic Trust Company the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by a predecssor auditor. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan adminstrator instructed the predecessor auditor not to perform, and he did not perform, any auditing procedures with respect to the information certified by Mid-Atlantic Trust Company, the custodian of the Plan. His report, dated September 30, 2014, indicted that (a) because of the significance of the information that he did not audit, he was unable to obtain sufficient appropriate audit evidence to provide a basis for an audit oponion and accordingly, he did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

A. Description of Plan:

The following description of the Petro Services, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General:

The Plan is a single employer 401(k) defined contribution plan that covers all eligible employees of the following affiliated group of companies; Petro Services, Inc., C&R General Contractors, Inc. and it's wholly owned subsidiary Universal Petroleum Services Inc.; Cavan Electric, Inc., InVent, Inc. and Ecotech Environmental Services, Inc. (collectively the "Companies" or "Plan Sponsors"). The Plan provides for participant contributions through salary reduction in accordance with section 401(k) of the Internal Revenue Code of 1986 (as amended). The Plan Sponsors contribute a yearly matching contribution of 50% of the first 6% of compensation a participant defers into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. All contributions to the Plan are participant directed.

Eligibility

Employees of the Plan Sponsors who have completed six months of service are eligible to participate in the Plan. Plan entry dates are January 1 and July 1.

Contributions:

Each year the Plan Sponsors will contribute to the Plan the following amounts:

(a) The total amount of salary reduction that the participants elect to defer.

(b) A matching employer contribution equal of 6% of 50% of eligible employee deferrals. Participants must be employed by one of the Companies as of the last day of the Plan year.

(c) A discretionary profit sharing employer contribution as determined by the Companies on a year-to-year basis. For the years ended December 31, 2014 and 2013 the Companies elected not to make a profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies contributions and (b) plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting:

A participant is 100% vested at all times in their salary reduction contributions. Employer contributions vest at a rate of 25% for each year of qualified service; all eligible participants are fully vested after four years of service.

DRAFT

A. **Description of Plan (continued):**

Payment of Benefits:

Upon termination of service, participants or their beneficies may receive the vested value of their account in a lump sum. Certain other in-service withdrawals are allowed as described in the plan document. Benefits are recorded when paid.

Forfeitures:

Forfeited amounts are used to reinstate previously forfeited account balances of former participants, if any, and other required contributions of the employer. Any remaining forfeitures may be used to pay the administrative expenses of the Plan. Forfeited non-vested amounts totaled $-0- and $54 at December 31, 2014 and 2013, respectively. During 2014 forfeitures of $2,624 were used to pay Plan expenses and $75 was used to offset the employer matching contribution.

Loans:

Loans to participants are not permitted under the Plan agreement; however during 2014 two participants were allowed to take loans from their account balances due to an administrative error. The loans are being paid back by payroll deduction and plan management has engaged counsel to correct for this operational defect.

Plan Expenses:

The Plan pays recordkeeping and certain other administrative fees of the Plan assets; legal, accounting and other services are paid by the Plan Sponsors.

B. **Summary of Significant Accounting Policies:**

Basis of Accounting:

Assets, liabilities, income and expenses are recognized on the accrual method of accounting.

Date of Management's Review:

Subsequent events were evaluated through October 9, 2015 which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

DRAFT

B. **Summary of Significant Accounting Policies (continued):**

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, the actual results may differ from those estimates.

C. **Fair Value Measurements:**

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC topic 820 on *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value. The hierarchy is measured in three levels based on the reliability of the inputs:

Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date.

Level 2 Valuations based on inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. Observable inputs include quoted prices for similar assets in active or non-active markets.

Level 3 Valuations derived through the use of valuation models or methodologies using significant unobservable inputs. Level 3 valuations incorporate certain assumptions and projections that are not observable in the market and as a result significant professional judgment may be used in determining the fair values.

C. **Fair Value Measurements (continued):**

The following are the major categories of assets measured at fair value on a recurring basis during the years ended December 31, 2014:

E. **Information Certified by the Plan's Custodian:**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly Mid Atlantic Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014.

F. **Related Party Transactions:**

Paychex, Inc. is the Plan's record keeper and as such these transactions qualify as party-in-interest transactions. Amounts paid directly to Paychex Inc.by the Plan were $4,754 for the year ended December 31, 2014.

G. **Plan Termination:**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

H. **Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. **Federal Income Tax Status:**

The Internal Revenue Service has opined and informed Paychex, Inc., the volume submitter by letter dated April 10, 2014, that the Prototype Non-standardized Profit Sharing Plan with CODA plan adopted by the Employer is designed in accordance with the applicable sections of the Internal Revenue Code.

Accounting principles in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained by the relevant taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.
