Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

LIFESTYLE COMMUNITIES, LTD. AND AFFILIATES 401(k) PLAN

Notes to Financial Statements December 31, 2014 and 2013

Plan Description

The following description of the Lifestyle Communities, Ltd. and Affiliates (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

During 2013, the Plan was amended to add Switch Energy Partners, LLC to the Plan's adoption agreement.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed three months of service and are age 21 or older. Prior to October 1, 2014, employees were required to complete 90 days of service and be over the age of 21 to be considered eligible for the plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective October 1, 2014, the Plan was amended in order to adopt a new plan trustee, Mid Atlantic Trust Company. The Plan's assets were transferred from American Funds to Mid Atlantic Trust Company as a result of the amendment.

Contributions

Each year, participants may contribute a percentage of pretax or after tax annual compensation, as defined in the Plan, not to exceed the maximum dollar limitation set by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. At the option of the Company, a discretionary matching contribution up to 6% of participant's compensation may be made to the Plan. The Company may also make an employer discretionary contribution at the option of the Company's management. The Company contributes a matching contribution equal to 33% of each participant's contribution, up to 6% of the participant's bi-weekly compensation with an annual true-up if needed. Contributions are subject to certain limitations.

Prior to October 1, 2014, Plan contributions were limited to 75% of pretax annual compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
1	0%
2	25%
3	50%
4	75%
5 or more	100%

Investment Options

A participant may direct all contributions in any of the 23 investment options as allowed by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by no more than half of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. The interest rate on participant notes is 4.25%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

A participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account upon termination of service due to separation of service, death, disability, retirement or other reasons.

Administrative Expenses

The Plan's administrative expenses were paid by either the Plan or the Company, as provided by the Plan agreement.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$15,833 and \$16,863, respectively. These accounts may be used to fund administrative services incurred by the Plan or to reduce the employer's matching contribution.

AND AFFILIATES 401(k) PLAN**
Notes to Financial Statements
December 31, 2014 and 2013

Plan Description (continued)

Forfeitures of \$14,224 and \$12,881 were used to fund administrative services incurred by the Plan in 2014 and 2013, respectively. There were no forfeitures used to reduce employer contributions in 2014 or 2013.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Amendments to Plan Accounting*, under Topics 960, 962, and 965. The ASU affects fully benefit-responsive investment contracts and other plan investment disclosures. The ASU requires investment contracts to be disclosed at contract value as it's the relevant measure and eliminates fair value disclosure requirements for such contracts. The ASU simplifies the disclosures required for all other investments by eliminating requirements to individually disclose investments, disaggregate investments and separately disclose net appreciation and depreciation by investment type. The ASU is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted and should be applied retrospectively. Management has not adopted the ASU as of December 31, 2014.

Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements
December 31, 2014 and 2013

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 are significant unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

LIFESTYLE COMMUNITIES, LTD. AND AFFILIATES 401(k) PLAN

Notes to Financial Statements December 31, 2014 and 2013

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants' accounts will become fully vested.

Transactions with Parties-in-Interest

Certain Plan investments are shares of mutual funds managed by American Funds. American Funds was the custodian as defined in the former Plan agreement prior to the Plan switching to Mid-Atlantic Trust Company as of October 1, 2014, therefore, these transactions qualify as party-in-interest. Administrative fees paid to the custodian amounted to \$7,829 and \$1,525 in 2014 and 2013, respectively. Fees for audit services and third party administration of the Plan are paid by the Plan and these transactions qualify as party-in-interest. Such fees paid by the Plan for these services amounted to \$8,300 and \$14,831 in 2014 and 2013, respectively.

Tax Status

For the first nine months of 2014, the Company had a Prototype Profit Sharing Plan in place which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008, which stated that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Effective October 1, 2014, the Plan adopted a Volume Submitter Profit Sharing Plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, stating that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC).

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2014 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
