INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of OCLC Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wilmington Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule, Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2014, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

As described in Note 11, the Plan has excluded from investments in the accompanying statements of net assets available for benefits, certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. If the identified contracts, as reported by the custodian, were included, net assets available for benefits would increase by approximately \$90,922,892 and \$91,700,917 as of December 31, 2014 and 2013, respectively. Further, investment income of approximately \$5,004,466 and \$10,539,532 and distributions of approximately \$5,782,492 and \$8,011,769 related to such accounts, as identified by the custodian, have also been excluded in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, respectively. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the agent of the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

OCLC RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 1: PLAN DESCRIPTION

General

The OCLC Retirement Plan (the "Plan") is an Internal Revenue Code Section 403(b) Defined Contribution Plan which was formed on May 1, 1973, for the purpose of implementing other benefits payable to an employee after their retirement, death, disability, or the termination of employment. The Plan is subject to provisions of ERISA. Participants should refer to the Plan Agreement for a more detailed description of the Plan.

Contributions

Certain domestic employees of OCLC Online Computer Library Center, Inc. and its controlled group of corporations, who have satisfied eligibility requirements, as defined in the Plan, are automatically enrolled in the Plan. The employer contributes, out of positive corporate equity, an amount equal to 7.15% of the participant's base pay up to the Social Security Wage Base ("SSWB") and 12.85% of the participant's base pay exceeding the SSWB. No employee deferrals are permitted. Contributions are subject to limitations under Federal tax laws.

Participant Accounts

The Plan maintains separate accounts for each Plan participant and invests each participant's contributions as directed by the participant. Participants may choose from a selection of different mutual funds with varying degrees of investment risk and a guaranteed investment contract. Plan earnings are allocated to Plan participants based on a daily valuation of the participant's respective funds.

Vesting

All participants are fully vested at all times.

Notes Receivable from Participants

The Plan does not allow for participant loans.

Payment of Benefits

On termination of service due to any reason, a participant may receive an amount equal to the value of the participant's vested interest in their account.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

OCLC RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (continued)

The statement of net assets available for benefits presents the fair value of the investment contracts. There was no adjustment of the fully benefit-responsive investment contracts from fair value to contract value, since contract value is the same as fair value. See Note 6.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Recent Accounting Pronouncements

In October 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements.

The amendments in this update were generally effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The adoption of ASU 2012-04 has not had and is not expected to have a material impact on subsequent periods.

On July 31, 2015, in an effort to simplify plan accounting, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) - (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. Retrospective application is required for Parts I and II on all periods presented. While the update will impact the presentation of the net assets available for benefits as it relates to fully benefit responsive investments, there is no anticipated effect on the value of the net assets available for benefits, as the main changes resulting from implementation of this ASU center around certain disclosures in the notes to the financial statements. The adoption of ASU 2015-12 is expected to be adopted for the plan year beginning January 1, 2015 (and will be applied retrospectively as required).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Savings Plans Administration Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 5 for discussion of fair value measurements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All administrative costs and expenses of the Plan are paid by the employer with the exception of investment fees, which are paid by the participant and netted against investment earnings.

Subsequent Events

In evaluating events that may have a material impact on the financial statements, the Plan has considered activities through October 12, 2015, the date the financial statements were available to be released.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY WILMINGTON TRUST COMPANY

Other than the fair value of the guaranteed investment contract, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest, and dividends for the years ended December 31, 2014 and 2013, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Wilmington Trust Company (the trustee of the Plan). The contract value of the guaranteed investment contract was certified by the trustee.

*These funds do not represent 5% or more of the Plan's net assets, but are included for comparison purposes only.

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

OCLC RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual/Money market funds: Valued at the net asset value (NAV) of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Guaranteed Investment Contract: Reported at contract value, which approximates fair value. As these contracts are contract-based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. See Note 6.

The Plan did not have any assets or liabilities measured at fair value on a nonrecurring basis as of December 31, 2014 and 2013. There were no significant transfers between Level 1 or Level 2 for the years ended December 31, 2014 and 2013.

The valuation methods described above and in Note 6 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at fair value as of December 31, 2014

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

	Assets at fair value as of December 31, 2013			Total
	Level 1	Level 2	Level 3	
Mutual Funds:				
Fixed Income	\$12,542,266	\$ -	\$ -	\$12,542,266

Emerging Markets	2,688,184	-	-	2,688,184

Total assets at fair value	<u>\$51,659,600</u>	<u>\$ -</u>	<u>\$12,791,582</u>	<u>\$64,451,182</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2014 and 2013, there were no transfers in or out of Level 3.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2014 and 2013:

	Level 3 Assets Guaranteed Investment Contract
Balance, 12/31/12	\$ 9,908,434
Purchases	4,758,196
Interest	185,997
Settlements	(2,061,045)
Balance, 12/31/13	12,791,582
Purchases	3,079,689
Interest	229,482
Settlements	(2,518,760)
Balance, 12/31/14	<u>\$ 13,581,993</u>

The fair value of the Guaranteed Investment Contract is based on significant unobservable inputs, including the credit worthiness of the issuer, Lincoln National Life Insurance Company, and the terms of the investment contract. Significant fluctuations in any of the inputs in isolation could result in a significantly different fair value measurement.

NOTE 6: GUARANTEED INVESTMENT CONTRACT

The Lincoln Stable Value Account is a fully benefit-responsive guaranteed fixed annuity contract available as an investment option to Plan participants. The fixed annuity contract is issued by Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings less participant withdrawals. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013, was \$13,581,993 and \$12,791,582, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.75% for 2014 or 2013. Such interest rates are reviewed on a monthly basis for resetting. The crediting interest rate for the guaranteed investment contract was 1.75% as of December 31, 2014 and 2013.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan sponsor that causes a significant withdrawal from the Plan, or (3) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

Certain events could trigger termination of the guaranteed investment contract by the issuer, resulting in the Plan not being able to receive immediate contract value. Such events include (1) any charges billed to the contract owner have not been paid to the issuer within 30 days, (2) the Plan ceases to meet the requirements of the Internal Revenue Code for purchasers of this contract, (3) at any time, following the end of the third contract year, the contract owner account is less than \$15,000, (4) at any time, following the end of the third contract year, there is no deposit activity for a 24 consecutive month period and the contract owner account is less than \$50,000, (5) the contract owner fails to furnish requested information or other documentation, (6) the issuer discovers any misrepresentation of material information, (7) the issuer discontinues offering this contract form to the public, or (8) the Plan terminates its recordkeeping agreement with the issuer.

OCLC RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 7: PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Lincoln. Lincoln is the nondiscretionary trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

NOTE 8: PLAN TERMINATION

The Plan was adopted with the expectation that it will continue indefinitely. However, the Plan sponsor may, at any time, amend or terminate the Plan. In the event of the termination of the Plan or complete discontinuance of employer contributions, each participant will be immediately entitled to 100% full vesting in the value of their Participant Account.

NOTE 9: TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan Administrator intends to obtain an opinion letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 10: RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment options offered by the Plan, primarily including mutual funds and a guaranteed investment contract with varying fund objectives and degrees of investment risk. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits.

OCLC RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 11: EXCLUDED ANNUITY CONTRACTS

The Plan has determined that certain annuity contracts and/or custodial accounts satisfy the terms and conditions of the Department of Labor's Field Assistance Bulletin No. 2009-02 (listed below) and as a result, these contracts and/or accounts have been excluded from the Plan's financial statements and the scope of audit as of and for the years ended December 31, 2014 and 2013. These annuity contracts are individually titled to the owner of the annuity and not held in trust by the Plan. The Plan no longer contributes to them, and they are therefore deemed to have been distributed by the Plan.

- a. The contracts and/or accounts were issued to a current or former employee before January 1, 2009.
- b. The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact ceased making contributions to the contracts and/or accounts before January 1, 2009.
- c. All of the rights and benefits under the contracts and/or accounts are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer.
- d. The individual owners of the contracts are fully vested in the contracts and/or accounts.
