NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Community Bancshares, Inc. 401(k) Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Community Bancshares, Inc. and its wholly-owned subsidiary, Vinton County National Bank (together referred to as the Company). A participant may elect to contribute to the Plan after completing one hour of service and upon reaching a plan entry date (January 1, April 1, July 1, or October 1). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Under the terms of the Plan agreement, employees may contribute, on a pre-tax basis, an amount up to 15% of their eligible compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Plan also allows participants who have attained age 50 by the end of the Plan year to make catch-up contributions up to certain amounts in excess of all applicable limits. The Company may contribute a discretionary matching contribution equal to a percentage of each participant's salary reduction up to 6% of compensation. In 2014, the Company matched 8% of the first 6% of eligible compensation for employees who were hired before January 1, 2009 and matched 25% of the first 6% of eligible compensation for employees hired after January 1, 2009. The Company may also make an additional discretionary contribution in the amount the Company deems advisable. There were no such contributions in 2014. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution, the employer's contribution and an allocation of Plan earnings. Allocations are based on participant earnings, contributions and account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

Vesting: Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service. Upon retirement, death or disability, a participant is immediately 100% vested in their account, regardless of years of service.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Payment of Benefits: Upon termination of service, participants receive a lump-sum amount equal to the vested value of their accounts. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Investment Options: Each participant may direct their contributions to any of the investment options available under the Plan.

Forfeitures: The portion of a participant's account balance that is not fully vested will be forfeited if the participant separates from service. These forfeited amounts will be used to reduce future employer contributions to the Plan. At December 31, 2014 and 2013, forfeited non-vested accounts were \$0. During the year ended December 31, 2014, the Company used \$1,508 of forfeitures to reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Accounting guidance establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) or identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The fair values of the Plan's investments in mutual funds are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2014 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan provides for certain investment options in a combination of mutual funds. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 - INVESTMENTS – UNAUDITED INFORMATION

Capital Bank and Trust Company, trustee of the Plan, holds the Plan's investment assets and executes transactions therein, and information pertaining to investments included in the financial statements has been certified by them. This information has not been audited by independent accountants.

** Investment was less than 5% of plan assets available for benefits as of December 31, 2013 but is shown for comparative purposes.*

During 2014, the Plan's investments in mutual funds (including investments bought, sold, and held during the year) depreciated in fair value by \$2,130.

Interest and dividends were \$377,372 for the year ended December 31, 2014.

NOTE 4 - INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS or Department of Labor; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Professional fees related to the Plan are paid on behalf of the Plan by the Company.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS (Continued)

NOTE 6 – SUBSEQUENT EVENTS
