Norfolk, Virginia

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dominion Enterprises 401(k) Employees' Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the accompanying 2014 financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 29, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(1) Plan Description

The following description of the Dominion Enterprises 401(k) Employees' Savings Plan (the Plan) provides only general information. Participants should refer to the summary plan description or plan document for a more detailed description of the Plan's provisions. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(a) General

The Plan is a defined contribution plan covering substantially all employees of Dominion Enterprises (the Company or Plan Sponsor) who have completed one year of plan service and are age 21 and over. The Plan is a safe harbor plan. Once employees are eligible for matching contributions at 21 years of age with 1,000 hours worked in any one plan year, the Company's matching contributions become 100% vested.

(b) Eligibility

The Plan allows employees who are part time or full time and have attained the age of 21 to participate the first of the month following their 30th day of employment or the first of the month following attainment of the age of 21, whichever is later.

(c) Trustee

The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC or the Plan Trustee), which holds the plan assets and manages the assets under a participant-directed investment arrangement.

(d) Contributions

Participants may contribute up to 25% of eligible pretax annual compensation, as defined in the Plan, in a calendar year, subject to certain limitations. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans. Contributions by a participant for a plan year may not exceed certain limits, which are imposed by the Internal Revenue Code (IRC). The maximum contribution amount allowed by the Internal Revenue Service (IRS) was \$17,500 for the years ended December 31, 2014 and 2013. Participants who are at least 50 years old may also defer an additional amount referred to as a catch-up contribution. The limit on catch-up contributions for 2014 and 2013 was \$5,500.

The Company provides a contribution equal to a percentage of each participant's contribution. For the years ended December 31, 2014 and 2013, the Company matched 100% of each participant's pretax contributions up to 4% of the participant's annual compensation.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of plan earnings (losses). Each participant's account is charged with administrative fees that are not paid by the Plan Sponsor. Allocation of investment earnings and losses is based on the individual participant account balances as defined in the Plan's provisions. The

Notes to Financial Statements

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(f) *Investment Options*

Upon enrollment in the Plan, a participant may direct contributions to any of sixteen investment options. Participants generally may make transfers among options of their existing account balances or redirect future contributions at any time.

(g) *Vesting*

Participants are immediately vested in all employee and rollover contributions plus actual earnings thereon. Subsequent to January 1, 2007, participants become vested in employer matching contributions based on working 1,000 hours in any one plan year and having attained 21 years of age. For employer contributions made prior to January 1, 2007, participants only become 100% vested based on working 1,000 hours in any calendar year for a total of three calendar years.

(h) *Forfeitures*

Forfeitures represent the unvested portion of terminated employees' matching contributions to the Plan as well as uncashed checks. Amounts are not considered to be forfeited until a distribution is taken. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$20,283 and \$14,996, respectively. Forfeitures are used to reduce future employer contributions. During 2014 and 2013, forfeitures were used to reduce employer contributions in the amount of \$0 and \$83,571, respectively.

(i) *Payment of Benefits*

Upon retirement, termination, or financial hardship, as defined in the plan document, a participant may elect to receive a lump-sum payment equivalent to his or her vested balance. Participants may also elect to defer such payments in the form of a purchased annuity or installment payments, as defined in the plan document.

(j) *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Note terms can range up to 5 years, except for notes used to purchase the principal residence of the participant, which must be fully repaid prior to the earlier of the participant's normal retirement date or within 20 years. The notes are collateralized by the balance in the participant's account and bear interest at a rate determined by the plan administrator (interest rates ranged from 5.00% to 9.00% for the year ended December 31, 2014 and from 3.25% to 9.00% for the year ended December 31, 2013). Upon termination of service, the entire outstanding principal and accrued interest shall be immediately due and payable. Principal and interest are paid ratably through payroll deductions.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in these net assets.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the plan administrator to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

Investments in mutual funds are valued at fair value based upon their quoted market price on the last trading day of the plan year. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income on plan investments is recorded when earned.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses, and the unrealized appreciation (depreciation) on those investments. Realized gains and losses from security transactions are reported on the average-cost method.

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. There is no allowance for credit losses. The Form 5500 presents notes receivable from participants as an investment.

(e) *Contributions*

Contributions are recorded on the accrual basis.

(f) *Payment of Benefits*

Benefits are recorded when paid.

(g) *Administrative Expenses*

Certain administrative expenses relating to participant loans and trustee fees are paid by the Plan. All other administrative expenses of the Plan are paid by the Plan Sponsor.

**DOMINION ENTERPRISES 401(k)
EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(h) Transfers

Activity that occurs between Dominion Enterprises 401(k) Employees' Savings Plan and Landmark Retirement Plus Plan is reflected as assets transferred in (out) in the Statements of Changes in Net Assets Available for Benefits.

(i) Risk and Uncertainties

The Plan's investments, as described previously, are exposed to various risks such as interest rate, market, and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

(3) Fair Value Measurements

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2014 and 2013

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Mutual Funds – Valued at fair value based upon quoted market prices from national security exchanges, which represents the net asset value of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

(4) Unaudited Information Certified by Trustee

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the information certified by VFTC was not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. A summary of the Plan's financial information, which has been certified by VFTC, is presented as follows:

	2014		2013	
	Net assets available for benefits	Changes in net assets available for benefits	Net assets available for benefits	Changes in net assets available for benefits
Information certified by VFTC:

The investment fair value amounts in note 3, the information included in note 5, and the supplemental schedule were also certified by VFTC.

(6) Income Tax Status

The Plan received a favorable determination letter dated April 23, 2014, whereby the IRS stated that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has since been restated and amended; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the plan document and the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(7) Related-Party Transactions

Certain plan investments include shares of mutual funds that are managed by Vanguard Funds, an affiliate of VFTC, and therefore, transactions involving these investments qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants also qualify as exempt party-in-interest transactions. Fees paid to Vanguard during 2014 and 2013 were \$104,835 and \$113,642, respectively, as compensation for its duties as trustee and for other services, including administrative expenses for transaction fees associated with notes to participants.

(8) Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the account balances of participants will become immediately vested and in no event will any amounts revert to the Company.

(9) Subsequent Events

Subsequent to year end, it was discovered that one of the plan's provisions was not properly applied in the daily operation of the plan. Certain Plan contributions were not properly withheld from the final paycheck of some terminated employees. An internal investigation is currently underway and, once complete, any necessary corrections will be made to participant accounts.

The Company has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued, and determined there are no other items to disclose.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dominion Enterprises 401(k) Employees' Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the accompanying 2014 financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 29, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(1) Plan Description

The following description of the Dominion Enterprises 401(k) Employees' Savings Plan (the Plan) provides only general information. Participants should refer to the summary plan description or plan document for a more detailed description of the Plan's provisions. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(a) General

The Plan is a defined contribution plan covering substantially all employees of Dominion Enterprises (the Company or Plan Sponsor) who have completed one year of plan service and are age 21 and over. The Plan is a safe harbor plan. Once employees are eligible for matching contributions at 21 years of age with 1,000 hours worked in any one plan year, the Company's matching contributions become 100% vested.

(b) Eligibility

The Plan allows employees who are part time or full time and have attained the age of 21 to participate the first of the month following their 30th day of employment or the first of the month following attainment of the age of 21, whichever is later.

(c) Trustee

The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC or the Plan Trustee), which holds the plan assets and manages the assets under a participant-directed investment arrangement.

(d) Contributions

Participants may contribute up to 25% of eligible pretax annual compensation, as defined in the Plan, in a calendar year, subject to certain limitations. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans. Contributions by a participant for a plan year may not exceed certain limits, which are imposed by the Internal Revenue Code (IRC). The maximum contribution amount allowed by the Internal Revenue Service (IRS) was \$17,500 for the years ended December 31, 2014 and 2013. Participants who are at least 50 years old may also defer an additional amount referred to as a catch-up contribution. The limit on catch-up contributions for 2014 and 2013 was \$5,500.

The Company provides a contribution equal to a percentage of each participant's contribution. For the years ended December 31, 2014 and 2013, the Company matched 100% of each participant's pretax contributions up to 4% of the participant's annual compensation.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of plan earnings (losses). Each participant's account is charged with administrative fees that are not paid by the Plan Sponsor. Allocation of investment earnings and losses is based on the individual participant account balances as defined in the Plan's provisions. The

**DOMINION ENTERPRISES 401(k)
EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(f) *Investment Options*

Upon enrollment in the Plan, a participant may direct contributions to any of sixteen investment options. Participants generally may make transfers among options of their existing account balances or redirect future contributions at any time.

(g) *Vesting*

Participants are immediately vested in all employee and rollover contributions plus actual earnings thereon. Subsequent to January 1, 2007, participants become vested in employer matching contributions based on working 1,000 hours in any one plan year and having attained 21 years of age. For employer contributions made prior to January 1, 2007, participants only become 100% vested based on working 1,000 hours in any calendar year for a total of three calendar years.

(h) *Forfeitures*

Forfeitures represent the unvested portion of terminated employees' matching contributions to the Plan as well as uncashed checks. Amounts are not considered to be forfeited until a distribution is taken. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$20,283 and \$14,996, respectively. Forfeitures are used to reduce future employer contributions. During 2014 and 2013, forfeitures were used to reduce employer contributions in the amount of \$0 and \$83,571, respectively.

(i) *Payment of Benefits*

Upon retirement, termination, or financial hardship, as defined in the plan document, a participant may elect to receive a lump-sum payment equivalent to his or her vested balance. Participants may also elect to defer such payments in the form of a purchased annuity or installment payments, as defined in the plan document.

(j) *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Note terms can range up to 5 years, except for notes used to purchase the principal residence of the participant, which must be fully repaid prior to the earlier of the participant's normal retirement date or within 20 years. The notes are collateralized by the balance in the participant's account and bear interest at a rate determined by the plan administrator (interest rates ranged from 5.00% to 9.00% for the year ended December 31, 2014 and from 3.25% to 9.00% for the year ended December 31, 2013). Upon termination of service, the entire outstanding principal and accrued interest shall be immediately due and payable. Principal and interest are paid ratably through payroll deductions.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in these net assets.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the plan administrator to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

Investments in mutual funds are valued at fair value based upon their quoted market price on the last trading day of the plan year. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income on plan investments is recorded when earned.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses, and the unrealized appreciation (depreciation) on those investments. Realized gains and losses from security transactions are reported on the average-cost method.

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. There is no allowance for credit losses. The Form 5500 presents notes receivable from participants as an investment.

(e) *Contributions*

Contributions are recorded on the accrual basis.

(f) *Payment of Benefits*

Benefits are recorded when paid.

(g) *Administrative Expenses*

Certain administrative expenses relating to participant loans and trustee fees are paid by the Plan. All other administrative expenses of the Plan are paid by the Plan Sponsor.

EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(h) Transfers

Activity that occurs between Dominion Enterprises 401(k) Employees' Savings Plan and Landmark Retirement Plus Plan is reflected as assets transferred in (out) in the Statements of Changes in Net Assets Available for Benefits.

(i) Risk and Uncertainties

The Plan's investments, as described previously, are exposed to various risks such as interest rate, market, and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

(3) Fair Value Measurements

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**DOMINION ENTERPRISES 401(k)
EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Mutual Funds – Valued at fair value based upon quoted market prices from national security exchanges, which represents the net asset value of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

(4) Unaudited Information Certified by Trustee

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the information certified by VFTC was not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. A summary of the Plan's financial information, which has been certified by VFTC, is presented as follows:

(6) Income Tax Status

The Plan received a favorable determination letter dated April 23, 2014, whereby the IRS stated that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has since been restated and amended; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the plan document and the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(7) Related-Party Transactions

Certain plan investments include shares of mutual funds that are managed by Vanguard Funds, an affiliate of VFTC, and therefore, transactions involving these investments qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants also qualify as exempt party-in-interest transactions. Fees paid to Vanguard during 2014 and 2013 were \$104,835 and \$113,642, respectively, as compensation for its duties as trustee and for other services, including administrative expenses for transaction fees associated with notes to participants.

(8) Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the account balances of participants will become immediately vested and in no event will any amounts revert to the Company.

(9) Subsequent Events

Subsequent to year end, it was discovered that one of the plan's provisions was not properly applied in the daily operation of the plan. Certain Plan contributions were not properly withheld from the final paycheck of some terminated employees. An internal investigation is currently underway and, once complete, any necessary corrections will be made to participant accounts.

The Company has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued, and determined there are no other items to disclose.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dominion Enterprises 401(k) Employees' Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the accompanying 2014 financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 29, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(1) Plan Description

The following description of the Dominion Enterprises 401(k) Employees' Savings Plan (the Plan) provides only general information. Participants should refer to the summary plan description or plan document for a more detailed description of the Plan's provisions. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(a) General

The Plan is a defined contribution plan covering substantially all employees of Dominion Enterprises (the Company or Plan Sponsor) who have completed one year of plan service and are age 21 and over. The Plan is a safe harbor plan. Once employees are eligible for matching contributions at 21 years of age with 1,000 hours worked in any one plan year, the Company's matching contributions become 100% vested.

(b) Eligibility

The Plan allows employees who are part time or full time and have attained the age of 21 to participate the first of the month following their 30th day of employment or the first of the month following attainment of the age of 21, whichever is later.

(c) Trustee

The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC or the Plan Trustee), which holds the plan assets and manages the assets under a participant-directed investment arrangement.

(d) Contributions

Participants may contribute up to 25% of eligible pretax annual compensation, as defined in the Plan, in a calendar year, subject to certain limitations. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans. Contributions by a participant for a plan year may not exceed certain limits, which are imposed by the Internal Revenue Code (IRC). The maximum contribution amount allowed by the Internal Revenue Service (IRS) was \$17,500 for the years ended December 31, 2014 and 2013. Participants who are at least 50 years old may also defer an additional amount referred to as a catch-up contribution. The limit on catch-up contributions for 2014 and 2013 was \$5,500.

The Company provides a contribution equal to a percentage of each participant's contribution. For the years ended December 31, 2014 and 2013, the Company matched 100% of each participant's pretax contributions up to 4% of the participant's annual compensation.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of plan earnings (losses). Each participant's account is charged with administrative fees that are not paid by the Plan Sponsor. Allocation of investment earnings and losses is based on the individual participant account balances as defined in the Plan's provisions. The

EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(f) *Investment Options*

Upon enrollment in the Plan, a participant may direct contributions to any of sixteen investment options. Participants generally may make transfers among options of their existing account balances or redirect future contributions at any time.

(g) *Vesting*

Participants are immediately vested in all employee and rollover contributions plus actual earnings thereon. Subsequent to January 1, 2007, participants become vested in employer matching contributions based on working 1,000 hours in any one plan year and having attained 21 years of age. For employer contributions made prior to January 1, 2007, participants only become 100% vested based on working 1,000 hours in any calendar year for a total of three calendar years.

(h) *Forfeitures*

Forfeitures represent the unvested portion of terminated employees' matching contributions to the Plan as well as uncashed checks. Amounts are not considered to be forfeited until a distribution is taken. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$20,283 and \$14,996, respectively. Forfeitures are used to reduce future employer contributions. During 2014 and 2013, forfeitures were used to reduce employer contributions in the amount of \$0 and \$83,571, respectively.

(i) *Payment of Benefits*

Upon retirement, termination, or financial hardship, as defined in the plan document, a participant may elect to receive a lump-sum payment equivalent to his or her vested balance. Participants may also elect to defer such payments in the form of a purchased annuity or installment payments, as defined in the plan document.

(j) *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Note terms can range up to 5 years, except for notes used to purchase the principal residence of the participant, which must be fully repaid prior to the earlier of the participant's normal retirement date or within 20 years. The notes are collateralized by the balance in the participant's account and bear interest at a rate determined by the plan administrator (interest rates ranged from 5.00% to 9.00% for the year ended December 31, 2014 and from 3.25% to 9.00% for the year ended December 31, 2013). Upon termination of service, the entire outstanding principal and accrued interest shall be immediately due and payable. Principal and interest are paid ratably through payroll deductions.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in these net assets.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the plan administrator to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

Investments in mutual funds are valued at fair value based upon their quoted market price on the last trading day of the plan year. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income on plan investments is recorded when earned.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses, and the unrealized appreciation (depreciation) on those investments. Realized gains and losses from security transactions are reported on the average-cost method.

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. There is no allowance for credit losses. The Form 5500 presents notes receivable from participants as an investment.

(e) *Contributions*

Contributions are recorded on the accrual basis.

(f) *Payment of Benefits*

Benefits are recorded when paid.

(g) *Administrative Expenses*

Certain administrative expenses relating to participant loans and trustee fees are paid by the Plan. All other administrative expenses of the Plan are paid by the Plan Sponsor.

**DOMINION ENTERPRISES 401(k)
EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(h) Transfers

Activity that occurs between Dominion Enterprises 401(k) Employees' Savings Plan and Landmark Retirement Plus Plan is reflected as assets transferred in (out) in the Statements of Changes in Net Assets Available for Benefits.

(i) Risk and Uncertainties

The Plan's investments, as described previously, are exposed to various risks such as interest rate, market, and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

(3) Fair Value Measurements

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**DOMINION ENTERPRISES 401(k)
EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Mutual Funds – Valued at fair value based upon quoted market prices from national security exchanges, which represents the net asset value of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

December 31, 2014

(4) Unaudited Information Certified by Trustee

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the information certified by VFTC was not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. A summary of the Plan's financial information, which has been certified by VFTC, is presented as follows:

	2014		2013	
	Net assets available for benefits	Changes in net assets available for benefits	Net assets available for benefits	Changes in net assets available for benefits
Information certified by VFTC:

Interest income on notes receivable from participants	—	195,367	—	230,175

The investment fair value amounts in note 3, the information included in note 5, and the supplemental schedule were also certified by VFTC.

(6) Income Tax Status

The Plan received a favorable determination letter dated April 23, 2014, whereby the IRS stated that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has since been restated and amended; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the plan document and the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(7) Related-Party Transactions

Certain plan investments include shares of mutual funds that are managed by Vanguard Funds, an affiliate of VFTC, and therefore, transactions involving these investments qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants also qualify as exempt party-in-interest transactions. Fees paid to Vanguard during 2014 and 2013 were \$104,835 and \$113,642, respectively, as compensation for its duties as trustee and for other services, including administrative expenses for transaction fees associated with notes to participants.

(8) Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the account balances of participants will become immediately vested and in no event will any amounts revert to the Company.

(9) Subsequent Events

Subsequent to year end, it was discovered that one of the plan's provisions was not properly applied in the daily operation of the plan. Certain Plan contributions were not properly withheld from the final paycheck of some terminated employees. An internal investigation is currently underway and, once complete, any necessary corrections will be made to participant accounts.

The Company has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued, and determined there are no other items to disclose.
