Matrix Systems Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Matrix Systems Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Matrix Systems Inc. (referred to as the Employer, Company or Plan Sponsor) who are at least 19 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Participant and rollover contributions: Participants may contribute between 1% to 90% of their eligible earnings up to a maximum dollar limit set by law, as defined in the Summary Plan Description. Contributions are subject to certain limitations. Participant may also contribute amounts representing distributions from other qualified defined benefit or contribution plans with approval from the Plan sponsor.

Employer contributions: The Employer will make a matching contribution equal to 25% of the first 4% of eligible compensation that a participant contributes to the Plan. The Employer may also make a discretionary contribution. However, there were no discretionary contributions made for the 2014 Plan year.

Participant accounts: Each participant's account is credited with the participant's contribution, the Employer's matching contribution, an allocation of Plan earnings and an allocation of the Plan's transactional costs, if any. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are always 100% vested in their total account balance in the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts. The minimum loan is \$500 and loans may not exceed the lesser of \$50,000 or 50% of a participant's vested account balance and the repayment period shall not exceed five years unless the loan is used to purchase a primary residence in which the repayment period shall not exceed 30 years. Each loan is collateralized by the remaining balance in the participant's account. Interest charged to participants is reviewed by the Plan's management and is set at the prime rate on the 14th day of each month, plus two percentage points. Interest rates on participant loans ranged from 5.25% to 7.75% as of December 31, 2014 and 2013.

Payment of benefits: Benefits are payable after a participant leaves the Company due to retirement, termination, disability, or death. Participants may elect to receive a lump-sum cash distribution or a direct rollover distribution.

A participant's beneficiary will receive the participant's account balance in the event of a participant's death. In-service distributions may be made when a participant has reached the normal retirement age, or when a participant meets all requirements for a hardship distribution.

Forfeited accounts: Because each participant's total account balance is always 100% vested, they can never have any contributions forfeited. Upon termination of employment, each participant is entitled to their entire account balance.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan is administered by the Company, without charge to the Plan, and Principled Advisors is the Registered Investment Advisor. The Company has elected to pay the Registered Investment Advisor's compensation. The Plan has an ERISA account whereby a portion of the fund fees are collected in an Administrative Budget account and can be used to pay qualified Plan expenses. Excess funds in the Administrative Budget account, that are not used to pay qualified Plan expenses, will be periodically distributed to Plan participants on a pro-rata basis.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2015, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2014 and 2013 and for the year ended December 31, 2014 was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to these investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Notes 4 and 8 and the supplemental schedule related to the Plan's assets.

State Street Bank and Trust Company also certified the completeness and accuracy of \$39,443 of net appreciation in fair value of investments, \$198,462 of dividends related to investments and \$2,962 of interest income from notes receivable from participants for the year ended December 31, 2014.

Notes to Financial Statements

Note 4. Investments

During the year ended December 31, 2014, the Plan's mutual funds (including investments bought, sold and held during the year) appreciated in fair value by \$39,443.

The fair value of individual investments that represent 5% or more of the Plan's net assets at December 31 are as follows:

	2014	2013
Alger Capital Appreciation Institutional Fund	\$ 184,095	\$ 212,557
American Century LIVESTRONG 2015 Portfolio	*	255,853
American Century LIVESTRONG 2020 Portfolio	197,311	256,536
Federated Total Return Bond Fund	189,813	300,556
Franklin Templeton Growth Allocation Fund	715,499	705,295
Franklin Templeton Moderate Allocation Fund	419,406	441,015
Goldman Sachs Growth Opportunities Fund	*	214,613
MFS Value Fund	191,015	232,017

* Investment did not represent 5% of the Plan's net assets available for benefits.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

Note 6. Income Tax Status

The Plan adopted a standardized form of a prototype plan sponsored by Automatic Data Processing, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the date of the opinion letter, however, the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore no provisions for income taxes has been included in the Plan's financial statements.

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by tax jurisdictions, however, there are currently no examinations for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2011.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements

Note 8. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market fund: Valued at the net asset value of the underlying assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
