DESCO CORPORATION THRIFT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Desco Corporation Thrift Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined-contribution plan that operates in accordance with the provisions of the Plan. The participating affiliates of Desco Corporation (the "Company") are:

Affiliates: **Automatic Timing and Controls, Inc., Newell, West Virginia**
Bellofram Corporation, Newell, West Virginia
Tek-Air Systems, Inc., Danbury, Connecticut
MDT INC, DBA MDT Software, Alpharetta, Georgia
Medical Indicators, Inc., Pennington, New Jersey
Mueller Electric Company, Inc., Akron, Ohio
Desco Acquisition LLC dba Blackeagle Energy Services, Berthoud, Colorado
Ludlow Composites Corporation, Fremont, Ohio
Bird Equipment, LLC, Burns Flat, Oklahoma

Any non-union employee of a covered unit (except for Automatic Timing and Controls, Inc. and Bellofram Corporation hourly employees), credited with three months of service who has attained age 18, is eligible to participate in the Plan on the first day of each quarter of the Plan year coinciding with or next following the date on which eligibility requirements are met.

Employee Contributions to the Plan

Salary Deferral (Pre-Tax): **An eligible employee may elect to defer (contribute) to the Plan (in whole percentage increments) up to 16% of compensation.**

Employer Contributions to the Plan

Salary deferral contributions are matched at a discretionary amount annually. Matching contributions are recognized as of December 31 of each year.

To qualify for Company matching of salary deferral contributions, an employee must be an active participant on the last day of that Plan year or have died, retired, or become permanently disabled during the Plan year.

The Company may also make a discretionary profit-sharing contribution to the Plan.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Plan participants are vested with respect to their employer contribution account, and earnings thereon, in accordance with the following schedule:

Years of Service	Percentage Vested
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Participants are immediately vested in their salary deferral and voluntary employee contributions plus actual earnings thereon.

Notes from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment account and the notes receivable from participants account. The interest rate on a loan is prime plus 1%. The prime rate was 3.25% as of December 31, 2014 and 2013. Outstanding loans bear interest at 4.25%.

The term of a loan may not exceed five years except if the note is used to purchase a primary residence, which can be for a term not to exceed 15 years.

If a participant fails to repay a loan according to its terms, the Trustee will declare the loan in default. Upon default, the outstanding balance of the note shall be considered a deemed distribution to the participant or beneficiary for tax purposes.

Payments of Benefits

The benefit payable to a participant or his or her designated beneficiary is determined by the value of the participant's rollover account, employee contribution account, and the employer contribution account as of the valuation date after which benefits are paid.

Retirement, Death, Termination: At normal or deferred retirement, payment will be made in a lump sum.

In the event of a participant's death, payment will be made to the participant's spouse (if any) or to a beneficiary as designated by the participant and his or her spouse (if any).

If a participant terminates employment, payment of benefits will be made as soon as possible, as of the valuation date following termination of employment.

Withdrawals: In-service withdrawals must be made from the following accounts in successive order so that each account is entirely depleted before withdrawals are permitted from the next account.

Employee Voluntary Accounts: Withdrawals are permitted from these accounts as of any quarterly valuation date.

Salary Deferral Accounts: Withdrawals are permitted from these accounts subject to hardship as defined in the regulations issued under section 401(k) of the Internal Revenue Code (IRC).

1. DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

Forfeitures of employer matching contributions are reallocated as of the last day of the Plan year in which the forfeiture occurred. Forfeitures are allocated in the proportion that each individual's account bears to the total of all accounts. There were no remaining forfeited nonvested accounts at December 31, 2014 and 2013.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements. These policies conform to accounting principles generally accepted in the United States of America, and have been applied on a consistent basis.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and changes thereon.

Investment Valuation and Income Recognition

Investments in the mutual funds are valued at quoted market prices, as reported to the Plan by the Trustee, which represents the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recognized when earned. In addition to interest and dividends, investment income includes unrealized and realized gains and losses of the Plan's investments.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 946-210, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by FASB ASC 946-210, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Contributions

Participant contributions are recognized when participants' amounts are withheld from wages. Employer matching contributions are recognized as of December 31 of each year.

Payment of Benefits

Benefits are recorded when paid.

Notes from Participants

FASB Accounting Standards Update (ASU) 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans,* is an amendment to *Plan Accounting – Defined Contribution Pension Plans* accounting. The amendments in this update require the participant loans be classified as notes receivable from participants, which are segregated from Plan investments. The update also requires that participant loans be measured at their unpaid principal balance plus any accrued but unpaid interest, rather than fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Administrative expenses of $3,150 and $1,949 for the years ended December 31, 2014 and 2013, respectively, were paid by the Plan.

Estimates

The Plan Administrator uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported additions and deductions.

Federal Income Taxes

The Plan obtained its latest determination letter on March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for periods prior to 2012.

Fair Value Measurement

The Plan has adopted FASB ASC 820-10-65, which establishes a framework for measuring fair value under generally accepted accounting principles, clarifies the definition of fair value within that framework, and expands financial statement disclosures about the use of fair value measurements.

The Plan has adopted FASB ASU 2010-06, *Improving Disclosures about Fair Value Measurements,* which requires disclosures on the amount and reason for transfers in and out of Level 1 and 2 recurring fair value measurements. The standard also requires disclosure of activities, on a gross basis, including purchases, sales, issuances and settlements, in the reconciliation of Level 3 fair value recurring measurements. The standard clarifies existing disclosure requirements on the levels of disaggregation and disclosures about inputs and valuation techniques.

Accounting for Uncertainty in Income Taxes

The Plan has adopted FASB ASC 740-10-65 as of December 31, 2009. The Plan evaluates all tax positions in conformity with FASB ASC 450 for contingencies, and as such would reserve for any tax positions deemed probable of not being sustained by the Internal Revenue Service (IRS). The Plan recognizes tax benefits only to the extent that the Plan believes it is "more likely than not" that its tax positions will be sustained upon IRS examination. The Plan does not have a provision for unpaid federal income taxes (liability for unrecognized tax benefits) related to uncertain tax positions in the statement of financial position as it believes all tax positions taken would "more likely than not" be sustained upon IRS examination.

3. INVESTMENTS

Investments representing 5% or more of net assets at fair market value available for benefits at December 31 are as follows:

	2014	2013
Federated Capital Preservation Fund K	$ 4,587,294	$ 3,098,455

4. FAIR VALUE (CONTINUED)

Earnings on the investments held by the Plan were $1,115,984 and $526,551 for the years ended December 31, 2014 and 2013, respectively. Net appreciation for the years ended December 31, 2014 and 2013 was $186,465 and $2,293,800, respectively.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain participants have borrowed on their vested account balances. As the individuals are participants in the Plan, these transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan has adopted the Trustee's prototype plan, which at March 31, 2008 had received a favorable determination from the IRS. The prototype plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

8. SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. GUARANTEED INVESTMENT CONTRACTS

The Plan entered into a benefit-responsive investment contract with Federated Capital Preservation Fund K (Federated) during 2011. Federated maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Federated. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2014	2013
Average yields:		
Based on actual earnings	1.10%	1.21%
Based on interest rate credited to participants	1.14%	1.17%

	Investments at Fair Value 2014	Adjustments to Contract Value 2014	Investments at Fair Value 2013	Adjustments to Contract Value 2013
Capital Preservation	$ 4,587,294	$ 4,164	$ 3,098,455	$ (14,086)

12. PRIOR PERIOD ADJUSTMENT

At December 31, 2013 the Plan accrued the discretionary employer match receivable estimating that 75% of the participants' deferrals up to 6% of eligible compensation would be matched. The estimate was revised to 50% of the participants' deferrals of up to 6% of eligible compensation after the issuance of the audited statements. This resulted in a $287,140 reduction to employer contribution receivables, employer contributions, and net assets available.

13. SUBSEQUENT EVENTS

In preparing these statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 7, 2015, the date the statements were available to be issued. No events arose subsequent to year-end that did not already exist as of the statement of assets available for benefits of the Plan date.
