Report on the Financial Statements

We were engaged to audit the accompanying financial statements of EP 401(k) Plan (formerly EP Salaried 401(k) Plan) (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Financial Retirement Plan Services, LLC, (previously known as JPMorgan Retirement Plan Services, LLC), the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

Note 1—Description of the plan

The following description of the EP 401(k) Plan (formerly EP Salaried 401(k) Plan) (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Substantially all salaried employees of EP Management Corporation (fka EaglePicher Corporation) and its subsidiaries (the Company) are eligible to participate in the Plan upon hire.

Contributions

Participants may elect to contribute up to 100% of their base compensation, or the maximum dollar amount allowed by law, as a pre-tax deferral. The Company makes a matching contribution equal to 50% of the first 6% of participant pre-tax deferral contributions. The Company made a discretionary profit sharing contribution of \$380,085 to the Plan in 2014.

The plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Current participants who are deferring less than the automatically enrolled 2% will have their deferral rate increased to 2%.

Rollover contributions

Participants may contribute funds previously held for their account in another qualified employee benefit plan to the Plan. A participant shall be fully vested at all times in such amounts transferred into the Plan. Rollover contributions share in income and earnings under the terms of the Plan, but no employer contributions are made with respect to any rollover contributions.

Participant accounts

Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contribution, (b) Company discretionary contributions, and (c) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2014 and 2013

Note 1–Description of the plan–continued

Vesting

Participants are immediately vested in pre-tax deferral and rollover contributions plus actual earnings (losses) thereon. Participants become vested in the Company's contributions plus actual earnings (losses) thereon upon being credited with three years of vested service.

Notes receivable from participants

Participants may borrow against their vested account balances a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with current interest rates charged for loans made under similar circumstances by lending institutions. The term of any loan shall not exceed five years, except in the case of a loan used to acquire any dwelling to be used as a primary residence.

Payment of benefits

On termination of service due to death, permanent disability, financial hardship, retirement or upon attainment of age 59 ½, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a fifteen year period. If the vested amount of the participant's account is \$1,000 or less, it will be paid out automatically in one lump-sum payment. Distributions must commence by March 31 of the calendar year following the calendar year the participant reaches age 70½ and has separated from service.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are used to reduce the Company's matching contributions or pay Plan expenses for the year. At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$15,231 and \$2,721, respectively. These accounts will be used to reduce future matching contributions or Plan expenses.

Administrative expenses

The Plan's administrative costs are paid by either the Plan or the Company as provided by the Plan document.

Note 2–Significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2014 and 2013

Note 2–Significant accounting policies–continued

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Investment valuation and income recognition

Investment transactions are accounted for on a trade-date basis and realized gains and losses on sales of securities are determined using the average cost method. Income from investments is recognized when earned.

Purchases and sales of securities are recorded on a trade date basis. Interest income is rewarded on the accrual basis. Dividends are recorded on the ex-dividend basis.

The Plan has investments in common collective trust funds, which are comprised of fully benefit-responsive investment contracts. As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the “FSP”), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement of attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by FSP, the Statement of Net Assets available for Benefits presents the fair value of the investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Risks and uncertainties

The Plan utilizes various investment instruments, including mutual funds, common/collective trust funds, and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Payment of benefits

Benefits are recorded when paid.

Income tax status

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Company and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Accordingly, no provision for income taxes has been included in the Plan’s financial statements.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2014 and 2013

Note 2–Significant accounting policies–continued

Income tax status–continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Subsequent events

The Plan has evaluated all subsequent events through October 13, 2015, the date that the financial statements were available to be issued.

Note 3–Investments

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Financial Retirement Plan Services, LLC (previously known as JPMorgan Retirement Plan Services, LLC), (the Trustee) has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments.

- Investments
- Net appreciation (depreciation) in fair value of investments
- Interest and other income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Mutual funds	\$ 460,543
Common/collective trust funds	(98,409)
Net appreciation	<u>\$ 362,134</u>

Note 4—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2014 and 2013

Note 4–Fair value measurements – continued

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2014.

Mutual Funds – valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year end. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common/Collective Trust Fund – valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common Stocks and Preferred Stocks – valued at the closing price reported on the active market on which the individual securities are traded.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2014 and 2013

Note 4–Fair value measurements – continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis:

Description	Total	Fair Value Measurements at December 31, 2014 Using		
		Quoted Prices in Active Markets for Identical Assets Level (1)	Significant Other Observable Inputs Level (2)	Significant Unobservable Inputs Level (3)

Under the terms of a trust agreement between the Trustee and the Company, the Trustee invests all contributions to the Plan in various fund options as directed by the individual participants.

Note 5–Fully benefit-responsive investment contracts

The Plan holds funds in the JPMorgan Stable Asset Income Fund and the JPMorgan Stable Value Fund (the “Funds”) that invest in synthetic guaranteed investment contracts (GICs) and wrapper contracts (also known as synthetic GICs). A synthetic investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. In a traditional GIC, the issuer takes a deposit from the Funds and purchases investments that are held in the issuer's general account. The issuer is contractually obligated to repay the principal and a specified rate of interest guaranteed to the Funds.

In a wrapper contract structure, the underlying investments are owned by the Funds and held in trust for plan participants. The Funds purchase a wrapper contract from an insurance company or bank. The wrapper contract amortizes the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the Fund for the underlying investments). The issuer of the wrapper contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest. Issuers of wrap contracts in the Funds are limited to 50% of the Funds’ book value at time of purchase. Single issuers are limited to 5% of the Funds’ market value at time of purchase.

Note 5–Fully benefit-responsive investment contracts – continued

The objectives of the Funds is to protect the principal balance of participant accounts, and to generate stable, positive book value returns that exceed those of alternative principal protection vehicles, such as money market funds, during normal conditions.

Permitted instruments in the Funds may be invested on a cash/delivered basis, forward settle, short sale, repurchase agreements, reverse repurchase agreements and through exchange-traded and over-the-counter derivatives instruments such as options, futures contracts or swap agreements. Derivative instruments held outside of a Commingled Fund will be limited to Treasury futures contracts and interest rate swaps. The Fund may enter into a series of purchase and sale contracts such as TBA mortgages and dollar rolls.

The Trustee of the Funds will be responsible for selecting the maturities of individual fixed-income securities within the Funds. The effective or modified option-adjusted duration of the Portfolio will be managed to a target of 3 years, and at all times be within a range of 2 to 4 years. Under normal circumstances, the Funds will be maintained within a duration range of 2.5 to 3.5 years. The Funds may invest in unrated securities, in the opinion of the Trustee of the Funds that meets minimum quality standards.

The yield earned by the JPMorgan Stable Asset Income Fund at December 31, 2014 was 1.62%. This represents the annualized earnings of all investments in the fund, including the earnings recorded at the underlying collective trust funds, divided by the fair value of all investments in the fund at December 31, 2014.

The yield earned by the JPMorgan Stable Value Fund with an adjustment to reflect the actual interest rate credited to the participants in the fund at December 31, 2014 was 1.75%. This represents the annualized earnings credited to participants in the fund, divided by the fair value of all investments in the fund at December 31, 2014.

The yield earned by the JPMorgan Stable Value Fund at December 31, 2013 was 1.46%. This represents the annualized earnings of all investments in the fund, including the earnings recorded at the underlying collective trust funds, divided by the fair value of all investments in the fund at December 31, 2013.

The yield earned by the JPMorgan Stable Value Fund with an adjustment to reflect the actual interest rate credited to the participants in the fund at December 31, 2013 was 2.34%. This represents the annualized earnings credited to participants in the fund, divided by the fair value of all investments in the fund at December 31, 2013.

Note 6–Plan terminations

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at anytime and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 7-Related party transactions and party in interest transactions

Certain Plan investments are managed by the trustee, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. There have been no known prohibited transactions with a party in interest.
