INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees and Plan Administrator
Thomas Health System 401(k) Plan
Charleston, West Virginia

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Thomas Health System 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by The Variable Annuity Life Insurance Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian held the Plan's assets and executed transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 31, 2014 and 2013, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THOMAS HEALTH SYSTEM 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS**

Note 1. Description of Plan

Plan description: The following description of the Thomas Health System 401(k) Plan provides only general information. Participants should refer to the Plan document for more complete information.

General: The Plan, which was established January 1, 2007, is a defined contribution 401(k) safe harbor plan covering all employees who have attained the age of 18 and who have met 3 months of service. The Plan allows participation of all employees of St. Francis Hospital, employees of Thomas Memorial Hospital hired after January 1, 2012, and all employees of Thomas Health System Physician Partners. The Plan was restated effective January 1, 2013 to recognize prior service with Thomas Health System Physician Partners and to change the eligibility requirements to 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to defer a portion of their compensation, as defined in the Plan document, limited to the maximum allowed under the Internal Revenue Code for such Plan year. The employer's matching contribution is an Enhanced Safe Harbor Matching Contribution which is an amount equal to 100% of the participant's deferral contributions up to 4% of participant's compensation and an additional 50% of the participant's elective deferrals from 4% to 6% of participant's compensation.

The plan has an automatic enrollment feature where once an employee becomes eligible for the plan, 3% of their eligible compensation is deferred.

The Plan allows rollovers from other qualified plans.

Participant investment options: Each Plan participant has the right to direct contributions and earnings of their account among alternative investment funds provided under the Plan. Participants should refer to the most recent annual report of each investment fund for information on risk factors, asset concentrations, use of derivative financial instruments and other financial data. Participants may transfer funds between investment options at any time.

Participant accounts: Each participant account is credited with the participant's elective deferrals, participant rollover contributions and any employer contributions. In addition, each participant's account is credited with their share of appreciation/depreciation in the value of investments and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in deferral and employer contributions and actual earnings thereon which are credited to their respective account.

Payment of benefits: Upon retirement (normal retirement age is 65), attainment of age 59½, death, disability or other termination of employment, as defined in the Plan document, participants or their spouses and/or beneficiaries receive their account as a lump sum cash payment. If the participant's account balance has never exceeded \$5,000, the entire vested balance will be paid in a lump sum. Early retirement is permitted if the participant has attained age 60 and has completed five years of service. Further, upon termination of employment, the participant may elect to transfer his or her account balances to another qualified plan or individual retirement account. Minimum distributions for a participant must begin the later of April 1 of the calendar year after a participant attains age 70½ or when the participant actually retires.

The Plan allows for hardship withdrawals for certain participant needs as defined in the Plan document from participant elective contributions, Roth deferrals and related earnings. The employer has sole authority to authorize hardship withdrawals, pursuant to the Plan specifications.

THOMAS HEALTH SYSTEM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants: Participants may borrow from their account balances attributable to their pre-tax and Roth elected deferrals, subject to a maximum amount which is the lesser of one-half of a participant's elective deferral account balance or \$50,000. The participant's elective deferral account balance serves as collateral for the loan. The minimum request for a loan is \$1,000 and not more than one loan can be outstanding for a participant at a time. Loans bear interest of 1% above the prime rate. Loan payments shall be repaid up to five years; however, if the loan is for the purchase of a principal residence, a longer term may be permitted.

Note 2. Significant accounting policies

The accounting and reporting policies of the Plan conform to accounting principles generally accepted in the United States of America and to general practices within the employee benefit plan industry. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The principles and policies which significantly affect the determination of net assets and the changes in net assets are summarized below.

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition:

Mutual Fund Investments: The Plan's investments in mutual funds are stated at fair value which equals the quoted market price as of the last day of the Plan year. Transactions are recorded on the trade date, but are reported on the settlement date. All gains/losses are unrealized and are based on changes in the unit value or share value during the reporting period.

Common/Collective Trust: Included within the investment options of the Plan is the Wells Fargo Stable Value Fund C, which is a collective trust that is a fully benefit responsive investment option. Accounting principles generally accepted in the United States of America require that investments held by defined contribution employee benefit plans are to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment options because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. These professional standards require that the statements of net assets available for benefits present the fair value of investment assets as well as an adjustment of the fully benefit responsive investment assets from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

The Plan does not require collateral to secure investment instruments.

Payment of benefits: Benefit payments are recorded upon distribution.

Subsequent Events: The Plan has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued.

Significant new authoritative guidance: On May 1, 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2015-07 Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments of ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments of ASU 2015-07 are effective for public business entities for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. For all other

THOMAS HEALTH SYSTEM 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS**

entities, the amendments are effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. A reporting entity should apply the amendments retrospectively to all periods presented. Early adoption is permitted. Management is currently evaluating the impact of this ASU on the financial reporting of the Plan.

On July 31, 2015, the FASB issued Accounting Standards Update (ASU) 2015-12 Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. The amendments contained within ASU 2015-12 are in three parts. Among other things: Part I amendments designate contract value as the only required measure for fully benefit-responsive investment contracts; Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. Parts I and II are effective on a retrospective basis, and Part III is effective on a prospective basis, for fiscal years beginning after December 15, 2015. Early adoption is permitted. Management is currently evaluating the impact of this ASU on the financial reporting of the Plan.

Note 3. Tax Status

Effective July 1, 2012, the Plan adopted the Valic Retirement Services Company Non-Standardized 401(k) Profit Sharing Plan with CODA. Valic Retirement Services Company has received a determination letter dated March 31, 2008, that the prototype plan and related amendments qualify under Internal Revenue Code Section 401(a). An employer who has adopted the prototype plan will also be considered to have a plan qualified under Section 401(a) provided all of the terms of the plan are followed, and the eligibility requirements and contribution or benefit provisions are not more favorable for highly compensated employees than other employees. The Plan has been restated since the date of the determination letter; however, the Plan Administrator believes that the Thomas Health System 401(k) Plan is currently being operated in compliance with the aforementioned prototype plan and applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2011.

Note 4. Plan Termination

The Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participant accounts will become fully vested and nonforfeitable.

Note 5. Parties-in-Interest and Related Party Transactions

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, and certain others. The Plan Sponsor has contracted with The Variable Annuity Life Insurance Company to administer the Plan's assets. Administrative functions performed by The Variable Annuity Life Insurance Company include participant account maintenance and custodial services. During the years ended December 31, 2014 and 2013, fees for these services amounted to \$151,119 and \$112,169, respectively. Certain other administrative expenses for legal, auditing, and other professional services are paid directly by the Plan Sponsor and certain administrative functions are performed by officers or employees of the Plan Sponsor at no cost to the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 6. Assets Certified

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that were prepared by or derived from information certified by the custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets. Investments that represent 5% or more of the Plan's net assets are separately identified.

	2014	2013
Mutual Funds:		
T. Rowe Price Retirement 2015 Fund	\$ 6,733,786	\$ 6,551,031
T. Rowe Price Retirement 2025 Fund	5,258,604	4,472,055
T. Rowe Price Retirement 2005 Fund	1,344,279	1,315,832
Others, none in excess of 5% of net assets	<u>10,415,075</u>	<u>7,054,648</u>
	23,751,744	19,393,566
Common/Collective Trusts:		
Wells Fargo Stable Value Fund (Contract Value)	<u>2,060,344</u>	983,856
Total Investments	<u>\$ 25,812,088</u>	<u>\$ 20,377,422</u>
Cash	<u>\$ 47,619</u>	<u>\$ 46,743</u>
Notes Receivable from Participants	<u>\$ 672,206</u>	<u>\$ 513,836</u>

As of December 31, 2014 and 2013, the Wells Fargo Stable Value Fund C is presented as described in Note 2. The Stable Value Fund is fully benefit-responsive, therefore contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to this investment option. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the Stable Value Fund issuer or otherwise. If an event occurs that may impair the ability of the issuer to perform in accordance with the terms of this investment option, fair value may be less than contract value. The average yield of this investment option was 1.40% and 1.36 % and the crediting interest rate averaged approximately 1.64% and 1.52% for the years ended December 31, 2014 and 2013, respectively.

Other Investment Information Certified by Custodians: During the years ended December 31, 2014 and 2013, the Plan's investments with the custodian appreciated in value by \$54,170 and \$2,232,611, respectively. Interest income from notes receivable from participants and dividends was \$1,137,895 and \$711,915 for the years ended December 31, 2014 and 2013, respectively.

Note 7. Fair Value Measurement

ASC Topic 820 "Fair Value Measurements and Disclosure" (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

THOMAS HEALTH SYSTEM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Level 1:	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2:	Inputs to the valuation methodology include: <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3:	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds, valued at the net asset value (NAV) of shares held by the Plan at year end.

Common/Collective Trust: The Plan's stable value investment is in a collective trust (the Trust) that is designed to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. To achieve this, the Trust invests in instruments that are not expected to experience significant price fluctuation in most economic or interest rate environments. The fair value of the Trust has been valued at the net asset value per unit as a practical expedient to measure fair value at year-end, as reported by the issuer of the Trust. The fair value differs from the contract value. As previously discussed in Note 2, an adjustment is reflected in the statements of net assets available for benefits to present this investment at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Trust does not have any significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
