Independent Auditors' Report

To the Trustees
Mattersight Corporation 401(k) Plan
Chicago, Illinois

We were engaged to audit the accompanying financial statements of Mattersight Corporation 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Trustee, as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

To the Trustees
Mattersight Corporation 401(k) Plan

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements as a whole.

MATTERSIGHT CORPORATION 401(K) PLAN

Notes to Financial Statements

As of December 31, 2014 and 2013 and for the Year Ended December 31, 2014

NOTE 1 — Description of Plan

The following description of the Mattersight Corporation (the “Employer” or “Plan Sponsor”) 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General — The Plan is a defined contribution plan covering all employees who are age twenty-one or older. Employees are eligible to participate on the first day of the month following their first day of employment. The Plan was established and is subject to the provisions of the Employee Retirement Income Security Act (“ERISA”).

The Plan allows auto enrollment of non-participating employees after 90 days. If the employees do not opt out of the program within 90 days they are automatically enrolled with a 3% deferral of their salary. Employees that are automatically enrolled have their contributions invested in a Fidelity Freedom fund, based on the participant’s age. An employee may elect out of the program at any time, as well as make changes to the level of contribution and investment fund option.

The Plan has a discretionary matching employer contribution. Matching employer contributions require Board of Director approval and may limit the matching employer contribution to a specific percentage, or limit the match amount to a specific dollar amount.

Amendments/Changes — For calendar year 2014 and 2013, the employer suspended matching contributions to the Plan. Effective January 1, 2015, the matching employer contribution was reinstated at the rate of 25% of the amount a Plan participant contributed to the Plan, up to 6% of the participant’s qualifying compensation (as defined in the Plan). In addition, on June 1, 2015 and September 8, 2015, respectively, the Plan was prospectively and retroactively amended in order to expressly clarify that the value of restricted stock or of a stock option granted to an employee is excluded from the definition of eligible compensation for purposes of employee deferrals. See Note 10 for additional information.

Contributions — For calendar year 2014, the maximum participant contribution rate is 30% of eligible compensation and up to 100% of bonus compensation, subject to the Internal Revenue Service (“IRS”) annual limit of \$17,500. Participants over the age of 50 are allowed to contribute up to an additional \$5,500 for 2014, if they elected catch-up contributions. In addition, participants may rollover distributions from other qualified plans and individual retirement accounts into the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts — Each participant’s account is credited with the participant’s contribution, as directed by the participant; employer contributions, if any; and an allocation of Plan earnings. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

MATTERSIGHT CORPORATION 401(K) PLAN

Notes to Financial Statements

As of December 31, 2014 and 2013 and for the Year Ended December 31, 2014

NOTE 1 — Description of Plan, continued

Notes Receivable from Participants — The Plan provides for participant loans of up to 50% of the participant's vested account balance up to a limit of \$50,000. The minimum loan amount is \$1,000. Such loans bear interest at a rate as determined under the provisions of the Plan and are stated at cost which approximates fair value. Participants may have only one loan outstanding at any time.

Repayments on the principal and interest of loans are made directly through bi-monthly payroll deductions. As of December 31, 2014 and 2013, participant notes receivable were \$177,574 and \$88,129, respectively, with interest rates ranging from 5.00% to 6.00%.

Vesting — Employee contributions, rollover contributions, and Plan earnings for those contributions are 100% vested immediately upon entering the Plan. Employer contributions are 100% vested after three years of service.

Forfeitures — Participants forfeit the non-vested portion of the employer matching contributions upon the earlier of (a) the distribution of the vested portion of their accounts, or (b) if a distribution is not received, after the participant incurs five consecutive one year breaks in service. Forfeiture funds may be used to pay administrative expenses of the Plan or applied to reduce future employer contributions. At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$112,568 and \$79,035, respectively. During 2014 and 2013, \$35,932 and \$22,455 of forfeitures were used to pay administrative fees.

Payment of Benefits — A participant in the Plan may elect to receive a distribution of vested benefits from the Plan in the following events: termination of service, death, disability, or retirement from Mattersight Corporation. The normal form of benefit for individuals is a lump sum distribution, but those individuals may also elect installment distributions.

Administrative Expenses — Administrative expenses are currently being paid from the forfeiture account. To the extent administrative expenses exceed the available funds in the forfeiture account, the plan sponsor pays any additional expenses.

As of December 31, 2014 and 2013 and for the Year Ended December 31, 2014

NOTE 2 — Significant Accounting Policies

Basis of Accounting — The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and, accordingly, income and related assets are recognized when earned. Investment contracts held by a defined contribution plan are reported at fair value. However, effective for plan years ending after December 15, 2006, contract value is the relevant measurement attribute for that portion of the Net Assets Available for Benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the Fidelity Managed Income Portfolio Fund, a common/collective trust fund sponsored by Fidelity Management Trust Company. In the accompanying Statement of Net Assets Available for Benefits, investments in the common collective trust fund are presented at: (i) fair value and (ii) an adjustment from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is presented on a contract value basis.

Investment Valuation and Income Recognition — Plan investments are held under a group contract by the Fidelity Management Trust Company (“FMTC”). Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end as reported by the trustee. Investments in common/collective trust funds are through the Fidelity Managed Income Portfolio Fund and are valued at contract value. See Note 4 for discussion of fair value measurements.

Net appreciation in the fair value of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains and losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period, or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The plan invests in shares of registered investment companies (mutual funds) that determine their fair value using the net asset value (“NAV”) of the funds. The net asset value is determined by each fund’s trustee using the fair value of the underlying securities within the fund at year end.

NOTE 2 — Significant Accounting Policies, continued

Fidelity Managed Income Portfolio Fund — The Fidelity Managed Income Portfolio (the “portfolio”), a common/collective trust fund, invests with the objective to seek preservation of capital and a competitive level of income over time. To achieve its investment objective, the portfolio invests in underlying assets (typically fixed-income securities or bond funds, and may include derivative instruments such as futures contracts and swap agreements) and enters into a “wrapper” contract issued by a third-party. FMTC seeks to minimize the exposure of the portfolio to credit risk through, among other means, diversification of the wrap contracts across an approved group of issuers. The portfolio’s ability to receive amounts due pursuant to these contracts is dependent upon the issuers’ ability to meet their financial obligations.

The portfolio calculates its net asset value per unit as of the close of business of the New York Stock Exchange, normally 4:00 p.m. Eastern Time. It is the policy of the portfolio to use its best efforts to maintain a stable net asset value of \$1.00 per unit; although there is no guarantee that the portfolio will be able to maintain this value.

Investments in wrap contracts are fair valued using a discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate, and the duration of the underlying portfolio securities. The dealers may consider the following in the bid process: size of the portfolio, performance of the underlying portfolio, and the fair value to contract value ratio. For purposes of benefit-responsive withdrawals, investments in wrap contracts are valued at contract value, which could be more or less than fair value. These investment contracts provide benefit-responsive withdrawals at contract value including those instances when, in connection with wrap contracts, underlying investment securities are sold to fund normal benefit payments prior to the maturity of such contracts. The crediting rate is the discount rate that equates the estimated future market value with a portfolio’s current contract value. Crediting rates are reset quarterly. The wrap contracts provide a guarantee that the crediting rate will not fall below 0%. The average yield for the portfolio was 1.67% for the year ended December 31, 2014, and the portfolio reported a crediting interest rate of 1.07% at December 31, 2014. The average yield for the portfolio was 1.54% for the year ended December 31, 2013, and the portfolio reported a crediting interest rate of 0.89% at December 31, 2013.

Underlying debt securities for which quotations are readily available are valued at their most recent bid prices (sales prices if the principal market is an exchange) in the principal market in which such securities are normally traded, as determined by recognized dealers in such securities, or securities are valued on the basis of information provided by a pricing service.

MATTERSIGHT CORPORATION 401(K) PLAN

Notes to Financial Statements

As of December 31, 2014 and 2013 and for the Year Ended December 31, 2014

NOTE 2 — Significant Accounting Policies, continued

Pricing services use valuation matrices that incorporate both dealer-supplied valuations and valuation models. If prices are not readily available or do not accurately reflect fair value for a security, or if a security's value has been materially affected by events occurring after the close of the exchange or market on which the security is principally traded, that security may be valued by another method that the trustee believes accurately reflects fair value. A security's valuation may differ depending on the method used for determining value. Price movements in future contracts and ADRs, market and trading trends, the bid/ask quotes of brokers, and off exchange institutional trading may be reviewed in the course of making a good faith determination of a security's fair value. Underlying short-term securities with remaining maturities of 60 days or less for which market quotations are not readily available are valued at original cost plus accrued interest or at amortized cost, both of which approximate current value. Investments in Underlying Commingled Pools and open-end investment companies are valued at their net asset value each business day.

In the normal course of business, the portfolio may enter into contracts that provide general indemnifications. The portfolio's maximum exposure under these arrangements is unknown as this would be dependent on future claims that may be made against the portfolio. The risk of material loss from such claims is considered remote. Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (i) material plan amendments including partial or complete termination or merger of the plan with another plan; (ii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (iii) changes to plan's prohibition on competing investment options; (iv) the closing of a plant, facility, or other business unit of the plan sponsor, or bankruptcy of the plan sponsor. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The Guaranteed Investment Contracts do not permit the insurance companies to terminate the agreement prior to the scheduled maturity date.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Payment of Benefits — Benefits are recorded when paid.

NOTE 2 — Significant Accounting Policies, continued

Recent Pronouncements — In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (“ASU 2015-07”). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under Accounting Standards Codification 820. ASU 2015-07 is effective for the Plan for years beginning after December 15, 2015 (non-public for years beginning after December 15, 2016) with early adoption permitted. Management is currently evaluating the impact of the pending adoption of ASU 2015-07 on the Plan’s financial statements.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* (“ASU 2015-12”). Part I of the accounting standards update requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II of this update requires that investments (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation (depreciation) in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment’s strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan’s fiscal year-end, when the fiscal period does not coincide with month-end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application; whereas, the amendments within Part III should be applied prospectively. Management is currently evaluating the impact of the pending adoption of ASU 2015-12 on the Plan’s financial statements.

NOTE 3 — Information Prepared and Certified by Trustee (Unaudited)

The plan administrator has received from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, certifications as to the accuracy and completeness of certain financial information and data. The data certified includes all investments and related investment activity reflected in the accompanying financial statements. The investment information disclosed herein was prepared from data certified by the trustee.

The fair value of investments that represent 5% or more of Net Assets Available for Benefits at both December 31, 2014 and 2013 are as follows:

	<u>2014</u>	<u>2013</u>
Fidelity Growth Company Fund	\$ 5,133,464	\$ 4,755,494

Notes to Financial Statements

As of December 31, 2014 and 2013 and for the Year Ended December 31, 2014

NOTE 3 — Information Prepared and Certified by Trustee (Unaudited), continued

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will continue to occur, and such changes could continue to materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 4 — Fair Value of Financial Instruments

The plan follows accounting principles generally accepted in the United States of America for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported, and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

MATTERSIGHT CORPORATION 401(K) PLAN

Notes to Financial Statements

As of December 31, 2014 and 2013 and for the Year Ended December 31, 2014

NOTE 4 — Fair Value of Financial Instruments, continued

Following is a description of the valuation methodologies used for the plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore classified as Level 1.

Common/Collective Trust Fund: Valued at fair value except for Guaranteed Investment Contracts that are fully benefit responsive which are valued at contract value (see Note 2).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

NOTE 5 — Plan Termination

Although it has not expressed any intent to do so, Mattersight has the right to terminate the Plan with the approval of Mattersight's Board of Directors, subject to the provisions of ERISA in whole or in part at any time upon giving written notice to all parties concerned. In the event of Plan termination, each participant is 100% vested.

NOTE 6 — Parties in Interest

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Plan fees for the investment management services amounted to \$30,584 for the year ended December 31, 2014.

NOTE 7 — Amount Owed to Participants Withdrawing from the Plan

There were no amounts included in Net Assets Available for Benefits at both December 31, 2014 and 2013 that were allocated to the accounts of persons who, as of or prior to that date, had withdrawn from participating in the earnings and operations of the plan.

NOTE 8 — Income Tax Status

The plan administrator received a favorable determination letter dated March 31, 2008 from the IRS regarding the qualified status of the Plan. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the plan was qualified and the related trust was tax-exempt at the financial statement date (see Note 11).

Participants in the Plan are not subject to income taxes on salary reduction contributions or earnings thereon until they receive distributions from the plan.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Net Assets Available for Benefits are reported at contract value in the financial statements for fully benefit-responsive investments contracts and at fair value on the Form 5500.

NOTE 10 – Plan Compensation

In the course of the annual audit of the Plan for its 2013 plan year, a potential compliance issue was discovered related to the definition of compensation used to calculate employee contributions under the Plan. Specifically, the potential issue involves whether or not the value of restricted stock or of a stock option granted to an employee should be considered eligible compensation for purposes of elective employee deferrals under the Plan to the extent that such value is includable in the employee's taxable income. As of June 1, 2015, the company prospectively amended the Plan in such a manner as to expressly exclude such compensation from the definition of eligible compensation under the Plan in the future. Furthermore, on May 21, 2015, the company submitted an application to the IRS under its Voluntary Correction Program requesting that the Plan be allowed to be retroactively amended to conform the Plan terms to the way the Plan was operated and was intended to be operated. On August 28, 2015, the IRS issued a compliance statement approving the application for retroactive amendment and the Plan was so amended as of September 8, 2015.

MATTERSIGHT CORPORATION 401(K) PLAN

Notes to Financial Statements

As of December 31, 2014 and 2013 and for the Year Ended December 31, 2014

NOTE 11 – Subsequent Events

The plan was evaluated for subsequent events through October 5, 2015, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the plan's financial statements.

The IRS approved the Plan's retroactive amendment August 28, 2015. See Note 10 for more information.

NOTE 12 – Risks and Uncertainty

The Plan invests in various investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits. Participants should refer to investment options and related risk materials provided by the trustee for more information.
