CAPSTAN INCORPORATED TAX FAVORED SAVINGS & INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Capstan Incorporated Tax Favored Savings & Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all full-time employees of Capstan Incorporated and its subsidiaries, Capstan Tennessee, Capstan Atlantic, Capstan PM, and Capstan California (collectively, the "Company") who have completed one year of service in which 1,000 hours were performed, and are age twenty-one or older. The Plan does not cover employees who are residents of Puerto Rico.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On October 24, 2014, the Plan was amended to cover employees of an unrelated company, NetShape Technologies, Inc. ("NetShape) in connection with an asset purchase agreement with the Company. As such, the Plan was deemed to be a multiple employer plan as of December 31, 2014 and subject to the applicable ERISA and Internal Revenue Service provisions. In February 2015, the accounts of NetShape employees were transferred out of the Plan (see Note 9).

Contributions

The Plan allows participants to contribute a portion of their compensation, up to 60%, on a pre-tax basis, subject to an annual limit of $17,500 for 2014, in accordance with Section 401(k) of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and money market accounts as investment options for participants.

Participants who meet the eligibility requirements and make eligible contributions are entitled to receive discretionary matching employer contributions equal to the percentage declared for the contribution period, if any, by a Board of Directors' resolution. The Company, however, shall not make matching employer contributions, with respect to an eligible participant's catch-up contributions.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest 20% per year beginning after the first year of service and become fully vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their participant accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1 percent above the prime rate. Loans must be repaid over a maximum five year period, unless it is for the purchase of a principal residence, in which case the loan repayment may not extend beyond ten years from the date of the loan. Principal and interest is paid ratably through weekly or bi-weekly payroll deductions, as applicable.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to (a) receive a lump sum distribution equal to the value of his/her account, (b) request a direct rollover, or (c) may leave the funds in the Plan as deferred vested benefits until required by law to receive minimum distributions. All distributions are made subject to the applicable provisions of the Plan document. Vested account balances payable that are less than or equal to $1,000 will be distributed as a lump sum distribution as directed by the Plan administrator.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

At December 31, 2014 and 2013, forfeited nonvested accounts totaled $13,462 and $7,964, respectively. Forfeitures of terminated participants' non-vested accounts may first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce employer contributions. In 2014, $5,913 from forfeited nonvested accounts was used to pay administrative expenses of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of allowed amounts by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participant prior to March 15, 2015.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity, of which Fidelity Management Trust Company ("FMTC") is a subsidiary. FMTC is the trustee, custodian, and recordkeeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Payment to FMTC for record keeping services totaled $8,888 for the year ended December 31, 2014.

Notes receivable from Plan participants and the related interest income are also considered party-in-interest transactions.

NOTE 5 - INFORMATION CERTIFIED BY THE INVESTMENT TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan is therefore exempt from federal income taxes under the provisions of Section 501(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan's tax counsel believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The statute of limitations is generally three years from the time the Form 5500 is filed.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

Net increase in net assets available for benefits per the financial statements	$	984,450
Add:		
Net change in excess contributions		(19,451)
Rounding		(1)
Net income per Form 5500	$	964,998

NOTE 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money market funds: Highly liquid instruments purchased with an initial maturity of three months or less and considered to be cash equivalents valued using level 1 inputs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total

Money market funds	511,489	-	-	511,489
Assets at fair value	$ 9,364,408	$ -	$ -	$ 9,364,408

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,807,108	$ -	$ -	$ 7,807,108
Money market funds	561,563	-	-	561,563
Assets at fair value	$ 8,368,671	$	$	$ 8,368,671

NOTE 9 - SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 13, 2015, the date at which the financial statements were available to be issued. The Plan is not aware of any significant events that occurred subsequent to the date of the statement of net assets available for benefits, but prior to October 13, 2015, that would have a material impact on its financial statements.

Transfer of Plan Assets

In February 2015, the fund accounts of NetShape employees totaling $1,436,076 were transferred from the Plan to a separate plan sponsored by NetShape.
