Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Trane Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2013, and the related statement of changes in accumulated plan benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by The Bank of New York Mellon, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) as of December 31, 2014 and reportable transactions for the year ended December 31, 2014 are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SCHEDULE SB ATTACHMENTS

Schedule SB, Line 24 Change in Actuarial Assumptions

The interest credit rate assumption was changed from 2.75% to 3.50%.

The expected rate of earnings for purposes of development of the actuarial value of assets as of January 1, 2014 was changed from 3.25% for the 2013 plan year to 4.00% for the 2014 plan year. Expected earnings are limited as described in IRS Notice 2009-22.

The assumed plan-related expenses added to the target normal cost were changed from \$226,000 for 2013 to \$228,000 for 2014. These expenses were estimated based on prior year expenses and adjusted for expected changes in PBGC premiums.

Demographic Assumptions

Inclusion date The valuation date coincident with or next following the date on which the employee becomes a participant.

New or rehired employees It was assumed there will be no new or rehired employees.

Mortality

- **Healthy** For non-disabled participants: The prescribed mortality assumption under IRC §430(h)(3)(A) using static tables with separate mortality rates for annuitants and non-annuitants.
- **Disabled** Mortality in accordance with Revenue Ruling 96-7.

Termination The rates of withdrawal used for the first four years of service are 20%, 14%, 13%, and 11% respectively. Thereafter, the rates vary by age as shown below for the following illustrative ages:

Representative Termination Rates

Retirement

It is assumed that normal and early retirement will occur in accordance with the following rates (subject to eligibility under individual plans):

Percentage retiring during the year	
Age	Unisex rate of withdrawal
55	5.00%
56	5.00%
57	5.00%
58	5.00%
59	5.00%
60	15.00%
61	15.00%
62	15.00%
63	15.00%
64	15.00%
65	100.00%

This is equivalent to an average assumed retirement age of 62 for those now under age 55.

Employees who have terminated employment and not been paid at the valuation date are assumed to be paid on the valuation date.

Unpredictable Contingent Event Benefit (UCEB) assumptions

None

Form of payment

Pension benefits are assumed to be paid out as a lump sum.

Percent married

80% of participants are assumed to be married at death.

Spouse age

Wives are assumed to be three years younger than husbands.

SCHEDULE SB ATTACHMENTS

Plan-related expenses The amount included this year for plan-related expenses is \$228,000. This amount is based on the noninvestment-related expenses that were paid out of the plan in the prior fiscal year, and the change in the expected PBGC variable rate premium from the prior year to the current year.

Timing of benefit payments For terminated vested participants, it was assumed that there is a 33% probability that payment is made in each of first 3 years following the valuation date. Active participants are assumed to receive a lump sum immediately following the earlier of termination, retirement or death.

Methods

Valuation date First day of plan year

Funding target Present value of accrued benefits

Target normal cost Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year.

Actuarial value of assets for determining minimum required contributions Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings of 3.25% for 2013 and 4.00% for 2012 (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2013 plan year).

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Participant data

The valuations are based on employee data provided by Ingersoll Rand, covering all persons who participated in the plan as of the valuation date, whether in an active, terminated vested or retired status. Reasonable estimates were employed if any data was unavailable.

We have not independently verified the accuracy or completeness of the data or information provided, but we have performed limited checks for reasonableness.

Tax policy

The actuarial valuation performed for the plan year ending December 31, 2014 is used to determine the maximum deductible contribution for the tax year ending December 31, 2014.

Change in assumptions and methods since prior valuation

- The segment interest rates used to calculate the funding target were updated from an applicable month of September 2012 to September 2013, with application of MAP-21 corridors applicable.
- The assumed plan-related expenses added to the target normal cost were changed from \$226,000 for 2013 to \$228,000 for 2014.
- The interest credit rate assumption was changed from 2.75% to 3.50%.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

The original plan was effective September 1, 2003. The plan was most recently amended effective November 28, 2007.

Coverage and participation

Each salaried or non-union hourly employee who is actively employed on a full-time or part-time basis before September 1, 2003 and who elects to participate in the Plan shall become a member as of September 1, 2003.

Each salaried or non-union hourly employee who is actively employed on a full-time or part-time basis after September 1, 2003 and before January 1, 2010 and who elects to participate in the Plan shall become a member on the later of the date he completes an hour of service and the date he enrolls in the plan.

The following Hourly union employees now benefit under the Plan:

- Rushville employees hired on or after 5/6/2006
- Clarksville employees hired on or after 1/1/2007
- UPG Tyler employees hired on or after 6/17/2006
- Lexington employees hired on or after 9/1/2008
- LaCrosse employees hired on or after 8/8/2010

Definitions

Vesting service

A participant who terminates employment before normal retirement age and after completion of 3 years of service or whose date of hire was prior to September 1, 2003 shall be 100% vested in his Account Balance. Active members become 100% vested upon attainment of age 65 or if termination is due to death, permanent shutdown, or disability.

Compensation

Earnings received in the calendar year as reported on Form W-2 including pre-tax contributions made pursuant to a salary reduction election under IRC Section 401(k), IRC Section 125 and IRC Section 132(f).

Accounts

An account is maintained for each participant. Account balances receive pay-based credits and interest credits until benefit commencement. Effective 12/31/2009, pay-based credits are frozen for non-union employees.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Trane Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2013, and the related statement of changes in accumulated plan benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by The Bank of New York Mellon, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) as of December 31, 2014 and reportable transactions for the year ended December 31, 2014 are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Trane Pension Plan

Notes to Financial Statements

December 31, 2014 and 2013

1. Description of the Plan

The following brief description of the Trane Pension Plan (the “Plan”) is provided for general information purposes. Participants should refer to the plan document for complete information.

General

The Plan is a hybrid defined benefit plan (cash balance plan) designed to allow participants some of the flexibility typically associated with a defined contribution plan, such as taking the benefit when they leave or receiving the benefit in a lump sum. At the same time, the Plan maintains the security associated with a traditional defined benefit pension plan. The Plan covers certain United States employees of Trane U.S. Inc. (the “Company”) as defined by the Plan. The Company is a wholly-owned subsidiary of Ingersoll-Rand plc.

Eligibility

The Plan actively covers certain collectively bargained employees, as defined by the Plan.

Effective January 1, 2010, all current and future salaried and non-collectively bargained hourly employees of Trane U.S. Inc. were no longer eligible to receive additional benefits related to service performed after such date and such employees became participants of the Ingersoll-Rand Pension Plan Number One. The determination of service for vesting purposes will be made in accordance with the Plan. Collectively bargained hourly employees eligible to participate in the Plan continue to accrue benefits based on a percentage of compensation, as defined by the Plan.

Vesting

Participants are vested after three years of service.

Payment of Benefits

Upon retirement or termination, participants may elect to receive distribution of their vested benefit in a lump sum or an annuity, as defined by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Trane Pension Plan

Notes to Financial Statements

December 31, 2014 and 2013

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Funding Policy

The Company's funding policy is to make annual minimum contributions as required by law and determined by the actuary, and other contributions in its discretion as allowed by law. The actuary determines the required contributions using the Projected Unit Credit Cost Method. As determined by the actuary, no contributions were required during 2014 and 2013.

Administrative Expenses

Administrative expenses of the Plan, including actuarial and custodial fees, are either paid by the Company or from Plan assets. The Plan's actuarial cost method includes a factor to fund such expenses through employer contributions. Fees paid by the Plan include various professional fees, investment fees, Pension Benefit Guaranty Corporation ("PBGC") fees and any other costs of administering the Plan. The PBGC requires the Plan to pay an annual fee based on the number of participants in the Plan. The fee for 2014 and 2013 was \$49 and \$42 per participant, respectively; however, the yearly cost is determined by the PBGC and is subject to change. The annual PBGC fee per participant is expected to be \$57 in 2015 and \$64 in 2016.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, and present employees or their beneficiaries.

The present value of accumulated plan benefits under the Plan was calculated by consulting actuaries and are those amounts that result from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation at January 1, 2014 and 2013 were as follows:

- Participants' life expectancy, based on Base Mortality Table RP-2014 base table projected back to 2011 with Mortality Projection Scale MP-2014 with a 15 year convergence period and a long term rate of 0.75% with separate mortality rates for annuitants and non-annuitants for 2014. Participants' life expectancy, based on mortality assumptions under Section 430(h)(3)(A) of the Internal Revenue Code using static tables with separate mortality rates for annuitants and non-annuitants for 2013.
- Retirement ages, which start at 55 and use actual plan experience
- Turnover rates, which vary with age and length of service.
- Administrative expense assumption was \$228,000 and \$226,000 for 2014 and 2013, respectively.

Trane Pension Plan

Notes to Financial Statements

December 31, 2014 and 2013

- Discount rate of 4.00% in 2014 and 3.25% in 2013

The forgoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the accumulated Plan benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2015, the date the financial statements were available to be issued.

3. Investments

The following represents individual investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

	<u>2014</u>	<u>2013</u>
PIMCO Total Return Fund	\$ 24,668,963	\$ 24,706,605

During 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$129,864 and \$(1,115,806), respectively.

4. Unaudited Information Certified by Trustee

The Bank of New York Mellon ("the Trustee") holds the Plan's investments and executes its transactions. The Trustee has prepared the information included in the accompanying financial statements as of December 31, 2014 and 2013 and for the years then ended and has furnished it to the plan administrator together with a certification that such information is complete and accurate. Such certifications are required under the method of compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended ("ERISA") elected by the Plan Administrator.

5. Fair Value Measurements

Fair value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Fair value measurements are based on a framework that utilizes the inputs market participants use to determine the fair value of an asset or liability and establishes a fair value hierarchy to prioritize those inputs. The fair value hierarchy is comprised of three levels that are described below:

- Level 1 Inputs to the valuation methodology are based on quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs other than Level 1. Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in markets that are not active;
 - Other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable inputs based on little or no market activity and that are significant to the fair value of the assets and liabilities.

The fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are obtained from independent sources and can be validated by a third party, whereas unobservable inputs reflect assumptions regarding what a third party would use in pricing an asset or liability based on the best information available under the circumstances. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for the assets held by the Plan. There have been no significant changes in the methodologies used at December 31, 2014 and 2013.

Trane Pension Plan

Notes to Financial Statements

December 31, 2014 and 2013

Registered mutual fund: The shares of registered investment companies are valued at quoted market prices in an exchange or active market. Registered mutual funds are pooled assets of multiple investors overseen by investment managers. Investors own a proportionate interest in the fund (i.e. number of units of the fund). Daily price (Net Asset Value or "NAV" per share) is determined based on the total market value of the fund divided by total number of shares outstanding. Registered mutual funds are typically daily traded, and their NAVs are publicly quoted. IR has elected to report fair value of its registered mutual fund holdings based on NAV per share with level 1 assignment.

Short term investment fund: The short-term investment fund is valued at the closing price or amount held on deposit by the custodian bank or at the fair value by discounting the related cash flows based on the current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. As these investments are traded on active markets, these investments are classified as Level 1.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Assets at fair value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Registered mutual fund: bond fund	\$ 24,668,963	\$ -	\$ -	\$ 24,668,963
Short term investment fund *	90,893	-	-	90,893
Total assets at fair value	<u>\$ 24,759,856</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 24,759,856</u>
Assets at fair value as of December 31, 2013

* There are no unfunded commitments, redemption frequency restrictions, or other redemption restrictions.

6. Plan Termination

Ingersoll-Rand plc has the right under the Plan, subject to the provisions of any labor agreement, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations.

Certain benefits under the Plan are insured by the PBGC if the Plan is terminated. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability

Trane Pension Plan

Notes to Financial Statements

December 31, 2014 and 2013

and survivor's benefits. However, the PBGC does not guarantee all types of benefits and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan be terminated will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated September 13, 2012, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC") to be exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is being operated in material compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Demographic Assumptions

Inclusion date The valuation date coincident with or next following the date on which the employee becomes a participant.

New or rehired employees It was assumed there will be no new or rehired employees.

Mortality

- **Healthy** For non-disabled participants: The prescribed mortality assumption under IRC §430(h)(3)(A) using static tables with separate mortality rates for annuitants and non-annuitants.
- **Disabled** Mortality in accordance with Revenue Ruling 96-7.

Termination The rates of withdrawal used for the first four years of service are 20%, 14%, 13%, and 11% respectively. Thereafter, the rates vary by age as shown below for the following illustrative ages:

Representative Termination Rates

Percentage leaving during the year	
Attained Age	Unisex rate of withdrawal
20-24	12.00%
25-29	10.00%

Retirement

It is assumed that normal and early retirement will occur in accordance with the following rates (subject to eligibility under individual plans):

Percentage retiring during the year	
Age	Unisex rate of withdrawal
55	5.00%
56	5.00%
57	5.00%
58	5.00%
59	5.00%
60	15.00%
61	15.00%
62	15.00%
63	15.00%
64	15.00%
65	100.00%

This is equivalent to an average assumed retirement age of 62 for those now under age 55.

Employees who have terminated employment and not been paid at the valuation date are assumed to be paid on the valuation date.

Unpredictable Contingent Event Benefit (UCEB) assumptions

None

Form of payment

Pension benefits are assumed to be paid out as a lump sum.

Percent married

80% of participants are assumed to be married at death.

Spouse age

Wives are assumed to be three years younger than husbands.

Plan-related expenses The amount included this year for plan-related expenses is \$228,000. This amount is based on the noninvestment-related expenses that were paid out of the plan in the prior fiscal year, and the change in the expected PBGC variable rate premium from the prior year to the current year.

Timing of benefit payments For terminated vested participants, it was assumed that there is a 33% probability that payment is made in each of first 3 years following the valuation date. Active participants are assumed to receive a lump sum immediately following the earlier of termination, retirement or death.

Methods

Valuation date First day of plan year

Funding target Present value of accrued benefits

Target normal cost Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year.

Actuarial value of assets for determining minimum required contributions Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings of 3.25% for 2013 and 4.00% for 2012 (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2013 plan year).

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Participant data

The valuations are based on employee data provided by Ingersoll Rand, covering all persons who participated in the plan as of the valuation date, whether in an active, terminated vested or retired status. Reasonable estimates were employed if any data was unavailable.

We have not independently verified the accuracy or completeness of the data or information provided, but we have performed limited checks for reasonableness.

Tax policy

The actuarial valuation performed for the plan year ending December 31, 2014 is used to determine the maximum deductible contribution for the tax year ending December 31, 2014.

Change in assumptions and methods since prior valuation

- The segment interest rates used to calculate the funding target were updated from an applicable month of September 2012 to September 2013, with application of MAP-21 corridors applicable.
- The assumed plan-related expenses added to the target normal cost were changed from \$226,000 for 2013 to \$228,000 for 2014.
- The interest credit rate assumption was changed from 2.75% to 3.50%.

Schedule SB, Line 24 Change in Actuarial Assumptions

The interest credit rate assumption was changed from 2.75% to 3.50%.

The expected rate of earnings for purposes of development of the actuarial value of assets as of January 1, 2014 was changed from 3.25% for the 2013 plan year to 4.00% for the 2014 plan year. Expected earnings are limited as described in IRS Notice 2009-22.

The assumed plan-related expenses added to the target normal cost were changed from \$226,000 for 2013 to \$228,000 for 2014. These expenses were estimated based on prior year expenses and adjusted for expected changes in PBGC premiums.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

The original plan was effective September 1, 2003. The plan was most recently amended effective November 28, 2007.

Coverage and participation

Each salaried or non-union hourly employee who is actively employed on a full-time or part-time basis before September 1, 2003 and who elects to participate in the Plan shall become a member as of September 1, 2003.

Each salaried or non-union hourly employee who is actively employed on a full-time or part-time basis after September 1, 2003 and before January 1, 2010 and who elects to participate in the Plan shall become a member on the later of the date he completes an hour of service and the date he enrolls in the plan.

The following Hourly union employees now benefit under the Plan:

- Rushville employees hired on or after 5/6/2006
- Clarksville employees hired on or after 1/1/2007
- UPG Tyler employees hired on or after 6/17/2006
- Lexington employees hired on or after 9/1/2008
- LaCrosse employees hired on or after 8/8/2010

Definitions

Vesting service

A participant who terminates employment before normal retirement age and after completion of 3 years of service or whose date of hire was prior to September 1, 2003 shall be 100% vested in his Account Balance. Active members become 100% vested upon attainment of age 65 or if termination is due to death, permanent shutdown, or disability.

Compensation

Earnings received in the calendar year as reported on Form W-2 including pre-tax contributions made pursuant to a salary reduction election under IRC Section 401(k), IRC Section 125 and IRC Section 132(f).

Accounts

An account is maintained for each participant. Account balances receive pay-based credits and interest credits until benefit commencement. Effective 12/31/2009, pay-based credits are frozen for non-union employees.

Other Plan Provisions

Forms of payment

Normal form

The normal form of payment for a married participant is a Qualified Joint and 50% Survivor Annuity. The normal form of payment for a non-married participant is a single life annuity.

Optional forms

- Option 1: Single life annuity.
- Option 2: Joint and 50% survivor annuity.
- Option 3: Joint and 75% survivor annuity.
- Option 4: Ten year certain and life annuity.
- Option 5: Lump sum payment.

Benefits payable under an optional form are determined on an actuarially equivalent basis.

Pension Increases

None

Plan participants' contributions Not required or permitted

Maximum on benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Towers Watson is not aware of any future plan changes which are required to be reflected other than scheduled pension increases contained in the Collective Bargaining Agreement."
