NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Hospital Forms/Magnetic Ticket 401(k) Plan (the Plan) are prepared using the accrual method of accounting.

Valuation of Investments

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Participant notes receivable are valued at their outstanding principal balances plus accrued but unpaid interest. Any gains or losses on investments are reflected in the statement of changes in net assets available for Plan benefits.

The Plan invests in a single benefit−responsive investment contract, the Principal Fixed Income Guaranteed Option (PFIGO). PFIGO is a contract with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal Life. Contract value represents contributions made by participants, plus interest at a specified rate determined semiannually, less withdrawals or transfers by participants. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Average yields for the Principal Fixed Income Guaranteed Option (PFIGO):

	Year ended December 31,	
	2014	2013
Yield earned on the group annuity contract	2.00%	2.00%
Interest rate credited to participants	1.35%	1.35%

The Plan follows current guidance on investment contracts held by a defined contribution plan which requires these types of investments to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Since the fair value of this contract also approximates its contract value, the statement of net assets available for benefits does not require a separate adjustment for reporting the Plan net assets on a contract value basis. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Federal Income Tax Status

As of December 31, 2014, the Plan has not filed for an individual determination letter regarding its tax exempt status under Section 401(a) of the Internal Revenue Code of 1986 (IRC). However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable section and requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board has issued guidance in accounting for uncertainties in income taxes which requires that the Plan recognizes in its financial statements the financial effects of a tax position, if that position is more likely than not of being sustained upon examination, including resolution of any appeals or litigation processes, based upon the technical merits of the position. The requirements also provide guidance on measurement, classification, interest and penalties and disclosure. Tax positions taken related to taxable income, deductibility of expenses and other miscellaneous tax positions have been reviewed, and management is of the opinion that material positions taken by the Plan would more likely than not be sustained by examination. Accordingly, the Plan has not recorded an income tax liability for uncertain tax benefits. The Plan's tax years 2011 and thereafter remain subject to examination.

Payment of Benefits

Benefits are recorded when distributed to participants.

New Accounting Pronouncements

On July 31, 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the Emerging Issues Task Force), (FASB ASU 2015-12). The new ASU simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures, and measurement date practical expedient.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

New Accounting Pronouncements – Continued

The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. This ASU should not change total net assets available for benefits; however, it may affect the presentation of the financial statements and the information contained in the disclosures. The Plan does not believe that the adoption of this guidance will have a material impact on its financial statements and will not early implement.

Subsequent Events

The Company has evaluated events occurring subsequent to December 31, 2014, through October 14, 2015, the date these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2014 that required recognition or disclosure in these financial statements.

NOTE 2. INFORMATION ON ASSETS HELD BY PRINCIPAL TRUST COMPANY

The assets of the Hospital Forms/Magnetic Ticket 401(k) Plan are maintained by Principal Trust Company (the Trustee). The Plan administrator obtained a certification from Principal Trust Company for the value of these investments as of December 31, 2014 and 2013 in amounts totaling $6,674,148 and $6,619,225, respectively. Principal Trust Company also certified net appreciation in fair value of investments of $243,536 and dividends of $156,177 for the year ended December 31, 2014.

NOTE 3. THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility

A full-time employee becomes eligible for participation in the Plan if they are an employee of the HFS Holding Corporation and Subsidiaries (the Company or Employer) and not a leased employee or a non-resident alien with no United States service or income, or an employee represented, for collective bargaining purposes, by any bargaining unit for which retirement benefits have been the subject of good faith bargaining between employee representatives and the Company.

NOTE 3. THE PLAN – CONTINUED

Eligibility – Continued

If an employee is eligible, they can begin savings of pretax contributions in the Plan at the beginning of the quarter following eligibility. An employee becomes eligible to share in employer matching contributions, if any, after they have completed one year of service from the date of employment. One year of service for these purposes is determined on the basis of actual hours for which the employee is paid or entitled to payment.

Contributions

The Plan provides for contributions as follows:

Participating employees may contribute, through payroll deductions, up to limits imposed by the Internal Revenue Service.

The Employer may, but is not required to make discretionary matching contributions to the Plan. An employee must have at least one hour of service during such period in order to be eligible for a matching contribution. For 2014 and 2013, the Employer did not make discretionary matching contributions.

Vesting

Participants are immediately vested in their elective deferral amounts. Vesting in the employer contributions is based upon years of continuous service. Vesting increases with the accumulation of years of service. After one year of service, the participant is 20% vested. With the completion of each additional year of service, an additional 20% vesting is added. After five years of service, the participant is 100% vested. A participant becomes fully vested upon reaching normal retirement age, becoming permanently disabled, or upon death.

Participant Notes Receivable

Participants may borrow from their fund accounts, when added to the outstanding balance of all other loans, an amount that cannot exceed the lesser of $50,000 or 50% of their vested account balance.

The minimum note amount is $1,000, and the terms must require repayment in level payments of principal and interest, not less frequently than quarterly over a period not exceeding five years. However, if the employee uses the note to acquire a principal residence, the repayment period may exceed five years, but cannot exceed twenty years. Repayments are made by payroll deductions.

NOTE 3. THE PLAN – CONTINUED

Forfeitures

Forfeitures result when a participant terminates employment (or incurs a break in service) before his or her account has become fully vested. Employees will lose the amounts in their employer matching contributions account that are not vested.

All forfeitures attributable to the employer matching contribution accounts are applied first to restore forfeitures to the accounts of any reemployed participants or rehired participants; second, to reduce employer matching contribution deposits for the year; and third, to pay administrative expenses for the trust fund. There were $28,179 and $27,962 of unallocated forfeitures at December 31, 2014 and 2013, respectively.

Administrative Expenses

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated proportionately based on the value of the account balances. However, substantially all administrative expenses of the Plan are paid by the Company. Expenses related to specific participant transactions (loan setup, distribution request) are charged directly against the appropriate participant's account.

Investment Options

Upon enrollment in the Plan, a participant may direct the allocation of their contributions to a number of investment options.

At December 31, 2014 and 2013, the Plan had the following investments, which comprised 5% or more of net assets available for benefits.

	Fair Value	
	December 31, 2014	December 31, 2013
Fixed Income Guarantee Option	$ 1,048,077	$ 971,036

Lifetime 2020 R3 Fund	-	1,011,578
Lifetime 2030 R3 Fund	-	887,522
Lifetime 2040 R3 Fund	-	557,195

NOTE 4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right to terminate, amend, or modify the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, Plan participants will become 100% vested.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, party rendering services to the Plan, the employer and certain others. As such, transactions conducted by the Trustee qualify as party-in-interest transactions.

NOTE 6. FAIR VALUE MEASUREMENT

In accordance with current guidance on fair value measurements and disclosures, the Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities which are required to be recorded at fair value, the Plan considers the principal or most advantageous market in which the Plan would transact and the market-based risk measurements or assumptions that market participants would use in pricing the asset or liability, such as inherent risk, transfer restrictions and credit risk.

The Plan applies the following fair value hierarchy, which prioritizes the inputs used to measure fair value into three levels, and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

Level 1 inputs: Quoted prices in active markets for identical assets or liabilities.

Level 2 inputs: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 inputs*:* Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

NOTE 6. FAIR VALUE MEASUREMENT – CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Investment Contract

PFIGO is a benefit-responsive group annuity contract issued by the Principal Life Insurance Company. This investment guarantees principal and provides a stated rate of return. The fair value represents the amount received upon withdrawal or transfer of funds prior to their maturity, which is the contract value less a withdrawal charge. Since the investment is based on the provisions of the investment contract, it is classified within Level 3 of the valuation hierarchy.

Mutual Funds

Mutual funds available for investment in the Plan are valued at quoted prices available in an active market and are classified within Level 1 of the valuation hierarchy.

Common Collective Trust

Common collective trust funds are valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 6. FAIR VALUE MEASUREMENT – CONTINUED

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

NOTE 7. PROHIBITED TRANSACTIONS

During 2014, the Sponsor failed to remit to the Plan's Trustee certain employee contributions totaling $2,725 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the Trustee were due to administrative delays, and the Sponsor made contributions to the affected participant's account but has not compensated the participants for potential lost income due to the delays.
