PARAMOUNT BEAUTY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: PLAN DESCRIPTION

The following description of the Paramount Beauty 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan "401(K)" covering all eligible employees of Paramount Beauty Distributing Associates Inc. (the Company) and was established January 1, 1996. Employees must be at least twenty-one years of age and completed three months of service to be eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Notes Receivable from Participants

Subject to certain limitations, loans will be permitted not exceeding the lower of $50,000 or 50% of the participant's vested amount. Loans range in duration, but generally are subject to a maximum repayment period of five years unless used for the purchase of a primary residence. Loans are secured by the balance in the participants account and bear interest at a rate which is currently 2% over the prime rate. Principal and interest is paid ratably through monthly payroll deductions.

Participation and Contributions

Participants may contribute to the plan a percentage of their annual wages, not to exceed a maximum specific dollar amount ($17,500 in 2014) determined by the Internal Revenue Code. Participants over fifty years of age may also make catch-up contributions not to exceed a maximum specific dollar amount ($5,500 in 2014) also determined by the Internal Revenue Code. The Plan's investments are maintained in common/collective trusts and registered investment companies. The Plan maintains an individual account for each participant directed investment showing the participant's interest in each fund; each participant's share of investment income is allocated on a pro-rata basis. Participant contributions amounted to $183,632 for the year ended December 31, 2014. Rollover contributions are accepted in the Plan. There were no rollover contributions in 2014.

Participant Accounts

Each participant's account is credited with the employee-elected salary deferral contribution and an allocation of the Plan's earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: PLAN DESCRIPTION (CONT'D)

Vesting
Participants are immediately vested 100% in full for participant contributions. Employer contributions are subject to a vesting schedule. There were no employer contributions in 2014.

Payment of Benefits
Upon termination of employment or on termination of service due to death, disability or retirement, a participant will be entitled to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum amount. In service withdrawals are also allowed and subject to special rules.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments of the Plan are held by the trustee and are invested based upon instructions received from participants. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes Receivable Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Administrative Expenses
Administrative expenses are paid by the Plan or the Company, in accordance with the Plan's provisions. Administrative expenses paid by the Company include record keeping. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Administrative expenses relating to loans and distributions are paid by the Plan and allocated to the appropriate participant accounts. All other administrative expenses are paid by the Company.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
The Plan has evaluated, for potential recognition and disclosure, events subsequent to the date of the statement of net assets available for benefits through October 13, 2015, the date the financial statements were available to be issued.

NOTE 3: INVESTMENTS - UNAUDITED INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The net investment income from the investments consist of interest, dividends, realized and unrealized appreciation or depreciation in market value of the investments, net of investment expenses.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee, State Street Bank and Trust Company, for the years ended December 31, 2014 and 2013.

NOTE 4: FAIR VALUE MEASUREMENTS

FASB ASC 820, "Fair Value Measurements," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Registered Investment Companies

Registered Investment Companies are valued at the daily closing price as reported by the Company. Registered Investment Companies held by the Plan are open-end Investment Companies that are registered with the Securities and Exchange Commission. These companies are required to publish their daily NAV and to transact at that price. The Registered Investment Companies held by the Plan are deemed to be actively traded.

NOTE 4: FAIR VALUE MEASUREMENTS (CONT'D)

Common Collective Trust Funds

There are no readily available market quotations for these funds. The funds are valued at their net asset value per unit on valuation date. The net asset value or price per unit, of each underlying investment is determined each business day by the investment managers of the funds. Price per unit is determined by dividing the value of the fund's net assets by the total number of participants' units outstanding on the valuation date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2014 and 2013, respectively, there were no transfers.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

NOTE 5: RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan is administered by ADP Retirement Services who is also the Plan's record keeper. The Plan trustee and custodian is State Street Bank and Trust Company. The Plan's investment options include common/collective trusts and registered investment companies. Transactions in certain investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

NOTE 6: TAX STATUS

The Plan is a prototype 401(k) Plan of ADP. The Internal Revenue Service has determined and informed ADP by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of the participants. However, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.
