We were engaged to audit the accompanying financial statements of the Signum 401(k) Plan (the “Plan”), which comprise the statements of net assets available for plan benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by John Hancock Life Insurance, (the “custodian” of the Plan), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan’s investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2014 and 2013, that the information provided to the Plan administrator by the custodian is complete and accurate.

To the Plan Administrator and Participants of the
Signum 401(k) Plan

1. Description of Plan

The following description of the Signum 401(k) Plan (the “Plan”) provides only general information. Participants may refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple-employer 401(k) defined contribution plan covering all full-time employees of Signum, LLC and its adopting employers (collectively, the “Plan Sponsor” or the “Company”). Signum, LLC is a professional employer organization that leases employees and provides human resource administrative services to over 200 employers in South Carolina, North Carolina, and Georgia, certain of which have adopted the provisions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective January 1, 2014, the Plan was amended to appoint Mr. T. K. Barnes as the Plan’s trustee.

Contributions

Each year participants may contribute up to 20% of their pretax annual compensation to the Plan, subject to the limitations as defined in the Internal Revenue Code (“IRC”). Rollover and transfer contributions to the Plan are permitted upon meeting certain requirements. Employer matching and profit sharing contributions are determined annually by the Boards of Directors of Signum, LLC and its adopting employers. Employer matching contributions cannot exceed 5% of an individual participant's annual compensation.

The Plan allows adopting employers to elect safe harbor provisions. Under provisions of the Plan, to satisfy the safe harbor rules, the adopting employer may (a) make an annual non-elective contribution equal to at least 3% of an employee's compensation regardless of whether the employee contributes to the Plan, (b) make a matching contribution equal to 100% of a participant's contributions to the Plan up to 3% of the participant's compensation plus 50% of the participant's contributions to the Plan between 3% and 5% of the participant's compensation, (c) make a matching contribution equal to 100% of a participant's contributions to the Plan up to 4% of the participant's compensation, or (d) make a matching contribution equal to 100% of a participant's contributions to the Plan up to 5% of the participant's compensation.

Eligible participants received matching contributions of approximately \$268,000 and \$293,000 for the years ended December 31, 2014 and 2013, respectively. There were no profit sharing contributions made for the years ended December 31, 2014 and 2013.

December 31, 2014 and 2013

1. Description of Plan (continued)

Contributions (continued)

Qualified non-elective contributions may be made by the Company in order to satisfy the nondiscrimination tests described in the IRC. Qualified non-elective contributions are allocated to every non-highly compensated Plan participant who was active in the Plan during the year. The Company made qualified non-elective contributions of \$0 and \$59,471 for the years ended December 31, 2014 and 2013, respectively. The Company also made additional contributions of \$0 and \$135,720 for the years ended December 31, 2014 and 2013, respectively, to meet the top-heavy minimum contribution requirements.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor, matching and profit sharing contributions, and allocations of (a) the Company's non-elective contributions, (b) Plan expenses, and (c) Plan earnings or losses. Allocations are based on participant earnings or account balances as defined. Earnings or losses are allocated by fund based on the ratio of a participants' account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. Participants are vested on a graduated basis until completion of five or six years of continuous service based on the vesting schedule selected by the participating employer.

Upon reaching minimum retirement age (65) or if termination is due to death or permanent disability, the participant becomes 100% vested in all contributions.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions, the Company's matching, profit sharing, safe harbor, and qualified non-elective contributions, if any, in a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options at any time.

1. Description of Plan (continued)

Payment of Benefits

Upon termination of service, if a participant's vested account balance does not exceed \$5,000 (excluding rollover contributions and earnings thereon), the Plan will distribute the participant's vested account balance in a lump sum. If his or her vested account balance exceeds \$5,000, a participant may elect to receive the value of the participant's vested interest in his or her account in the form of a lump-sum distribution or roll over the vested balance into an IRA or other qualified plan.

Participants still employed may withdraw all or part of their vested account, excluding earnings, upon furnishing proof of financial hardship, however, not more than once in any plan year.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts, subject to certain restrictions. All loans must be adequately secured and bear a reasonable interest rate. Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. All active outstanding loans as of December 31, 2014 bear interest from 4.25% to 5.25%, which is similar to the rates charged for a loan made under similar circumstances by banks or other financial institutions. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeited employer matching contributions may be used at the discretion of the Plan administrator to reduce the Company's future matching contributions. Forfeited employer matching contributions totaled \$8,794 and \$19,105 as of December 31, 2014 and 2013, respectively. Forfeitures of \$0 and \$383 were used to reduce employer matching contributions for the years ended December 31, 2014 and 2013, respectively.

Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts as of the date of termination.

Administrative Expenses

Certain administrative expenses, including recordkeeping fees, are charged to individual participants' accounts. Any expenses not paid by the Plan are paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Employee contributions and Company matching contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings. Company profit sharing, safe harbor, and qualified non-elective contributions are accrued and paid based on amounts to be funded for each year under the Plan provisions and the applicable requirements of the IRC.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Signum 401(k) Plan
Notes to Financial Statements
December 31, 2014 and 2013

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits. The methods used to measure fair value may produce amounts that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although plan management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were used by the Plan, and Level 2 inputs were only used when Level 1 inputs were not available.

3. Fair Value Measurements (continued)

Level 1 Fair Value Measurements - The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements - Other investments are stated at fair value as determined by the issuer of each based on the fair market values of the underlying investments.

Gains and losses included in changes in net assets available for plan benefits for the years ended December 31, 2014 and 2013 are reported in net appreciation in fair value of investments.

4. Investments

Individual investments, all of which are participant-directed and have been certified by John Hancock Life Insurance Company, the custodian of the Plan, that represent 5% or more of the Plan's net assets available for plan benefits as of December 31, 2014 and 2013 are separately identified in the following table:

	December 31,	
	2014	2013
John Hancock Lifestyle Balanced Fund	\$ 6,453,150	\$ 7,854,567
All others less than 5%	2,214,067	2,714,604
	<u>\$ 8,667,217</u>	<u>\$ 10,569,171</u>

During 2014 and 2013, the Plan's investments (including investments bought, sold, as well as held during the year) appreciated in value by \$461,670 and \$1,630,721, respectively.

5. Party-in-Interest Transactions

The Plan has contracted with the custodian and recordkeeper to provide custodial, investment advisory and administrative recordkeeping services to the Plan. All transactions with these parties qualify as party-in-interest transactions. Fees paid by the Plan to these parties for such services amounted to approximately \$48,000 and \$76,000 for the years ended December 31, 2014 and 2013, respectively.

The Plan paid fees for audit services performed during 2013 and 2014 which qualify as party-in-interest transactions. Fees paid by the Plan for these professional services amounted to approximately \$21,000 and \$0 for the years ended December 31, 2014 and 2013.

5. Party-in-Interest Transactions (continued)

Plan investments also include notes receivable from participants, which qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

6. Filing Status

The Plan obtained its latest opinion letter in 2008 in which the Internal Revenue Service (“IRS”) stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

During 2011, management discovered several operational procedures that did not follow the current Plan document, which could have potentially impacted the Plan’s qualified tax status. Management took the steps necessary to preserve the Plan’s qualified status. Further, in 2012, the Plan was selected for audit by the IRS. On May 15, 2013, the Plan administrator entered into a closing agreement with the IRS to settle all open matters and accept the Plan’s 2009 – 2011 returns as filed. No penalties or fines were assessed on the Plan in the closing agreement; however, the Plan administrator was required to pay \$50,000 to settle all matters with the IRS in 2013.

GAAP requires the Plan administrator to evaluate certain tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities are identified at December 31, 2014 and 2013. The Plan is subject to routine audits by tax authorities; however there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

7. Unallocated Assets

Approximately \$2,000 and \$28,000 of the Plan assets had not yet been allocated to participants as of December 31, 2014 and 2013, respectively.
