Hitachi Metals America, Ltd. 401(k) Savings Plan

Notes to Financial Statements

December 31, 2014

1. Organization and Summary of Significant Accounting Policies

Organization

The Hitachi Metals America, Ltd. 401(k) Savings Plan (the Plan) includes the employees of Hitachi Metals America, Ltd. (HMA), the employees of the Hitachi Metals America Division of HMA and former nonunion employees of Hi Specialty America Division of HMA. Hi Specialty America Division was closed as of March 22, 2009.

Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis of accounting.

Investments

The Plan's investments are held by Fidelity Management Trust Company (Fidelity) under a trust agreement dated April 1, 1994. The following information is provided for general information purposes only and participants should refer to the fund's prospectus for more complete information. Participants have 29 investment fund options including 19 non-Fidelity funds.

Participants may change their investment allocations daily and contribution percentages monthly.

Investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales of all investments are recorded on the trade dates. Realized gains or losses on the disposal of investments are determined on the basis of the average cost of investments sold. Dividends are recorded on the ex-dividend date. Interest is recorded as earned.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or by Hitachi Metals America, Ltd. (the "Company"), depending on the nature of the expense.

Plan Termination

Although it has not expressed any intent to do so, HMA has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

1. Organization and Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. Plan Description

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

The Plan is a defined contribution plan that provides benefits to participants upon retirement and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Under such a plan, the participant is not provided with any fixed benefit. Plan contributions are made at specific rates and are credited to an individual account in the name of each participant. Account activity is recorded in terms of investment units.

Each participant files an election designating the proportion in which contributions on his or her behalf are to be allocated among investment funds. Participants may make a pretax contribution up to an annual maximum of 60% of eligible compensation in a calendar year. The Plan is subject to the annual deferral limitation under the Internal Revenue Code (the IRC), which is $17,500 for 2014 and $17,500 for 2013. Post-tax voluntary contributions are not permitted under the Plan.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution of up to $5,500 for 2014 and 2013. Eligible employees may roll over distributions from a qualified plan pursuant to the terms of the Plan. The amount of the investment match provided by the employers is 100% of the first 3% of compensation invested by the participant.

Employees become eligible for participation in the Plan after one month of service. Service with HMA, Hitachi Magnetics Corp., Ward Manufacturing, Inc., AAP St. Mary's Corp., Hitachi Metals North Carolina, Ltd. and Central Coating & Assembly will be counted for eligibility.

The employees who are covered by a pension plan in Japan or covered by a collective bargaining agreement are excluded. All rotating expatriates from Japan are excluded from eligibility.

2. Plan Description (continued)

Benefits provided by the Plan are paid by Fidelity from net assets available for benefits from each participant's account.

The participant's interest in his or her account is fully vested and nonforfeitable at all times except for the employer's matching contributions, which vest 100% upon completion of three years of service. If a participant terminates employment prior to completing three years of service, the matching benefits are forfeited. The nonvested portion of the accrued benefit of any terminated participant will be used to reduce employer contributions in the following plan year. Amounts forfeited by participants during 2014 and 2013 were $9,394 and $1,368, respectively. There was approximately $61,000 and $53,000 of unapplied forfeiture credits at December 31, 2014 and 2013, respectively. Approximately $1,000 and $9,000 in forfeitures were used during 2014 and 2013, respectively, to reduce HMA's contributions.

A participant's vested interest in the Plan's assets is distributable generally upon retirement, death, disability or termination of employment. Payment is made under the form as permitted by the Plan, which includes a lump-sum amount.

A participant is allowed to borrow up to one half of his or her vested interest up to a maximum of $50,000 pursuant to the Plan agreement. All loans (notes receivable from participants) shall bear a reasonable rate of interest as determined by the plan administrator based on the prevailing market interest rates. The actual interest is at a rate of 3.25% at December 31, 2014 and at a rate ranging from 3.25% to 4.0% at December 31, 2013. Loan terms shall not exceed five years from the date of the loan unless such loan is for the purchase of a primary residence, in which case the repayment period may not extend beyond ten years.

3. Investments

Certain investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2014 and 2013, and net (depreciation) appreciation in fair value of mutual fund investments, and interest and dividend income for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity.

4. Fair Value Measurements

The Plan follows a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based upon the lowest level input that is significant to the fair value measurement in its entirety.

4. Fair Value Measurements (continued)

The Plan uses the following valuation methods for determining fair value:

Mutual Funds – Valued at the quoted market price as of the last business day of the year.

Money Market Funds– Valued at net asset value, i.e., the price at which investors may enter and exit the fund on a daily basis, with no restrictions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2014 and 2013:

5. Related-Party Transactions

All of the Plan's investments, in the current and comparative year, except for Artisan Mid Capital Value, Baron Small Capital Fund, Invesco International Small Company CL A, Oakmark Select I, Pimco Total Return Fund Administrative Class, RS Partners, NB International Equity Trust and T. Rowe Price investments are shares of mutual funds managed by Fidelity's affiliates. Fidelity is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

6. Income Tax Status

The underlying Volume Submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the Code), and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2014-6 and 2011-49, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS Volume Submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require the plan administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan's management has evaluated subsequent events for the Plan through October 9, 2015, the date the financial statements were available to be issued with the following subsequent event to be disclosed.

On June 9, 2015 a restatement agreement was fully executed between Fidelity Management Trust Company and Hitachi Metals America LLC, for the Plan. The Restatement process included adoption of a new Volume Submitter Plan document as well as execution of an enhanced and updated Service Agreement.
