SPECIALIZED ALTERNATIVES FOR FAMILIES AND YOUTH OF AMERICA 401(K) PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2014 and 2013 and Year Ended December 31, 2014

NOTE A - DESCRIPTION OF PLAN

The following description of Specialized Alternatives for Families and Youth of America 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of Specialized Alternatives for Families and Youth of America, Inc. (the Organization and Plan Sponsor) who have attained the age of 18. Employees must complete 1,000 hours of service each year to be eligible to receive an employer profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored by the Organization and is administered by a third-party administrator.

Contributions
Participants may elect to defer up to the lesser of 100% of their compensation as defined by the Plan or the maximum contribution allowable by law. The Plan provides for a discretionary employer profit sharing contribution which was $680,307 for the year ended December 31, 2014. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (IRC). The Plan also provides for catch up contributions for participants who reach the age of fifty by the end of the plan year.

Participant Accounts
Each participant's account is credited with the participant's contributions and an allocation of (a) the Organization's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses, if any. Allocations are based upon participant account earnings or account balances, as defined. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant's account.

Vesting
Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. Vesting in the Organization's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants
Effective July 1, 2013, the Plan was amended to allow participants to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note receivable terms range from 1 to 5 years or longer for the purchase of a primary residence. Notes receivable are secured by the balance in the participants' accounts and bear interest at 4.25%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits
Upon termination of service, a participant may elect to receive installments or a lump-sum amount equal to the value of his or her account on the date of distribution. Participant account balances of $5,000 or less at the time of termination will be distributed to participants without their consent. In the event of a mandatory distribution of amounts greater than $1,000 but not exceeding $5,000, the participant may elect to receive the distribution directly or receive the distribution in the form of a direct rollover to another qualified plan. If the participant does not elect a form of distribution, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan administrator.

Forfeited Accounts
Forfeitures are used to reduce future employer contributions. Unallocated forfeiture balances as of December 31, 2014 and 2013 were $134,756 and $171,551, respectively. Forfeitures of $134,756 were used to reduce employer contributions receivable at December 31, 2014.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's common collective trust investment is considered to be fully benefit responsive. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for the fully benefit-responsive investment contract.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation
The Plan's investments are recorded at fair value, based upon the last traded or current bid prices in active markets. Where there are no readily available last traded or current bid prices, fair value is determined as discussed in Note D.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make repayments on a note receivable and the plan administrator deems the note receivable to be in default, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Investment Income Recognition
Purchases and sales of securities are recorded on a trade date basis. Gains and losses on securities transactions are determined using the average cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions
Participant contributions are recorded and credited to each participant's account when received by the trustee from the Organization. Any contributions attributable to the plan year but not received by the trustee by the last day of the plan year are recorded as a receivable.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to contributions. The Plan distributed $7,919 in excess contributions at December 31, 2014 to the applicable participants prior to March 15, 2015.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment related expenses are included in investment income.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Internal Revenue Service (IRS) has determined and informed the Organization by letter dated July 8, 2010, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2015, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION AND SUMMARY OF INVESTMENTS

Investment information, except for the fair value of the common collective trust, disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2014 and 2013, and net depreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2014 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee. Contract value of the common collective trust was certified; however, the fair value of the common collective trust and the related adjustment from fair value to contract value for the fully benefit-responsive investment contract was not certified.

NOTE C - CERTIFICATION AND SUMMARY OF INVESTMENTS (CONTINUED)

Mutual Funds	($ 94,204)
Common Collective Trust	33,052
	($ 61,152)

NOTE D - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2014 are summarized below:

	Level 1	Level 2	Total
Mutual funds:

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investments accounted for at fair value as of December 31, 2013 are summarized below:

	Level 1	Level 2	Total
Mutual funds:			
Commodities	$ 217,260		$ 217,260
Fixed income	1,504,432		1,504,432
Blend	572,444		572,444

Common collective trust		$1,308,551	1,308,551
	$6,026,450	$1,308,551	$7,335,001

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2014 and 2013.

Mutual funds are valued at the net asset value of shares held by the Plan at year end, as reported on the active markets in which the investments are traded.

Common collective trust is valued at the net asset value of shares held by the Plan at year end. The net asset value is used as a practical expedient to estimate fair value. Net asset value is based on the fair value of the trust's underlying assets, which are principally investment contracts and security-backed contracts, less its liabilities, as reported in the trust's audited financial statements. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE E - INVESTMENT IN COMMON COLLECTIVE TRUST

The Plan invests in the Reliance Trust Company Stable Value Fund (the Fund), a common collective trust fund. The primary investment objective is the safety and preservation of principal and accumulated interest for participant initiated transactions. The Fund invests in the MetLife Group Annuity Contract 25053 and MetLife Group Annuity Contract 37000, which consist of separately managed investment portfolios directed by Reliance Trust Company.

Under the Fund's provisions, participants may not initiate transfers to competing fixed income funds. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance within the Fund to non-competing funds. Transfers made to non-competing funds cannot be transferred to competing funds for 90 days, but may be transferred back to the Fund at any time. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their total participant account balance.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the payment of administrative, investment, and advisory expenses by the Plan. Such transactions are exempt from being prohibited transactions.
