To the Plan Administrator
Save Mart Supermarkets 401(k) Plan
Modesto, CA

We have conducted a DOL limited-scope audit of the financial statements of Save Mart Supermarkets 401(k) Plan for the year ended December 31, 2014 and have issued our report thereon dated October 12, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 17, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Save Mart Supermarkets 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2014. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

- The Plan's valuation methodologies for assets measured at fair value.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- The disclosure of information certified by the trustee in Note 3.
- The disclosure of investments representing 5% or more of net assets available for benefits in Note 4.
- The disclosure of fair value measurements in Note 6.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 12, 2015.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Plan Committee and management of Save Mart Supermarkets 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

To the Plan Administrator
Save Mart Supermarkets 401(k) Plan
Modesto, California

Report on Financial Statements
We were engaged to audit the accompanying financial statements of Save Mart Supermarkets 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of change in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule of assets held at end of year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of the Save Mart Supermarkets 401(k) Plan (the "Plan") provides only summarized general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established March 31, 1960, and subsequently amended and restated effective January 1, 2006. The Plan is a qualified defined contribution plan covering collective bargaining employees of the Plan Sponsor, Save Mart Supermarkets, who have attained the age of 18 and completed six months of service, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A committee appointed by the Board of Directors of the Plan Sponsor acts as the Plan administrator. Vanguard Fiduciary Trust Company acts as the Plan trustee.

Plan Year

The Plan year begins January 1 and ends December 31.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute from 1% to 50% of their regular wages allowable, subject to various nondiscrimination tests and limitations prescribed by the Code.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

- *Employer Profit Sharing Contributions*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan based on profits and other business considerations. Profit sharing contributions are allocated based on an integrated allocation formula. Participants are eligible to receive profit sharing contributions after one year of service, defined as 1,000 hours of service. The Plan Sponsor elected to not make a profit sharing contribution in the years ended December 31, 2014 and 2013.

Participant Accounts and Allocations

The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected.

Forfeitures

Forfeitures are first used to reinstate participant accounts. Remaining forfeitures may be used to reduce employer contributions. No forfeitures were used as a reduction of employer contributions during the years ended December 31, 2014 and 2013. At December 31, 2014 and 2013, the forfeitures balance was $144,288 and $141,046, respectively.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Vesting

Participants are always 100% vested in their salary deferral and rollover contributions. Profit sharing contributions under the Retirement Plan for plan years beginning prior to January 1, 2007 vest over a 7 year period. Employer contributions subject to vesting and gains/losses credited thereon made with respect to plan years beginning after December 31, 2006 vest over a six-year period as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Retirement

Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) upon demonstration of financial hardship, or 5) death or disability of the participant. Benefit payments are made in a single lump sum distribution. Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable From Participants

The Plan allows participants to borrow from their accounts. Loans may not exceed the lesser of 50% of the vested balance in a participant's account or $50,000 and are due within five years (longer for primary residence loans). Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are maintained on the accrual method of accounting in accordance with Generally Accepted Accounting Principles of the United States (U.S. GAAP).

Investment Valuation and Income Recognition

Investments in securities are stated at fair market value using quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Increases in the unit values of investments are reflected in each participant's self directed account. Investments are valued daily.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Income Taxes

The plan obtained a favorable determination letter dated April 11, 2014, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2011.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

The Plan maintains cash in financial institutions which, at times, exceed federally insured limits. The Plan has not experienced any losses in such accounts and the Plan Sponsor believes that the Plan is not exposed to any significant credit risk on cash.

NOTE 3: **INFORMATION CERTIFIED BY THE TRUSTEE**

The following amounts are included in the December 31, 2014 and 2013 financial statements and were taken directly from statements provided and certified as complete and accurate by Vanguard Fiduciary Trust Company.

Mutual funds	$ 177,077,190	$ 165,652,613

Interest and dividends	$ 7,739,576	$ 5,580,243
Interest income from notes receivable from participants	$ 502,462	$ 507,806

NOTE 4: **INVESTMENTS**

At December 31, 2014, investments included mutual funds and a common collective trust fund that represent 5% or more of the net assets available for benefits are as follows:

	2014
Vanguard PRIMECAP Fund Investor	$ 34,970,487
Vanguard Wellington Fund Investor	$ 27,961,913
Vanguard 500 Index Fund Investor	$ 25,205,316
Vanguard Windsor Fund Investor	$ 21,051,781
Vanguard Retirement Savings Trust	$ 19,690,841

At December 31, 2013, investments included mutual funds and a common collective trust fund that represent 5% or more of the net assets available for benefits are as follows:

	2013
Vanguard PRIMECAP Fund Investor	$ 31,499,132
Vanguard Wellington Fund Investor	$ 27,168,411
Vanguard 500 Index Fund Investor	$ 23,427,603
Vanguard Windsor Fund Investor	$ 20,281,978
Vanguard Retirement Savings Trust	$ 20,269,865

NOTE 5: **GUARANTEED INVESTMENT CONTRACTS**

Plan investments include a common collective trust fund comprised of benefit-responsive investment contracts with Vanguard Fiduciary Trust Company. Vanguard maintains contributions to the fund in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Vanguard Fiduciary Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was $19,690,841 and $20,269,865, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, partial or total Plan terminations, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields for the years ending December 31, 2014 and 2013 were 2.14% and 2.06%, respectively.

NOTE 6: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets are liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money market funds: Underlying short term investments with quoted prices in active markets to preserve the value of the investment at $1.00 per share.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the common collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 6: **FAIR VALUE MEASUREMENTS (Continued)**

The following table sets forth by level with the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2014 and 2013:

NOTE 7: **PLAN TRANSFERS**

Funds are transferred between the Save Mart Supermarkets 401(k) Plan and the Save Mart Supermarkets 401(k) Company Match Plan due to employees who transfer from union to non-union employment status or vice versa.

NOTE 8: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 9: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

All plan investments are units of funds managed by Vanguard Fiduciary Trust Company, the trustee of the Plan. Plan assets also include notes receivable from participants. Administrative expenses are paid to the trustee for certain recordkeeping and trustee expenses. These transactions and investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 11: **RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the form 5500 to the financial statements:

	2014	2013
Net assets per Form 5500	$ 213,274,628	$ 202,944,083
Add: participant loans (deemed distributions on Form 5500)	745,387	697,958
Net assets available for benefits	$ 214,020,015	$ 203,642,041

NOTE 12: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 12, 2015, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed, except for the following:

Effective September 25, 2015, the Plan merged with the Save Mart Supermarkets 401(k) Company Match Plan and was amended and restated. The name of the newly merged Plan is Save Mart Supermarkets Retirement Savings Plan. The merged Plan allows for Roth after-tax contributions, effective October 9, 2015.

NOTE 1: DESCRIPTION OF PLAN

The following description of the Save Mart Supermarkets 401(k) Plan (the "Plan") provides only summarized general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established March 31, 1960, and subsequently amended and restated effective January 1, 2006. The Plan is a qualified defined contribution plan covering collective bargaining employees of the Plan Sponsor, Save Mart Supermarkets, who have attained the age of 18 and completed six months of service, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A committee appointed by the Board of Directors of the Plan Sponsor acts as the Plan administrator. Vanguard Fiduciary Trust Company acts as the Plan trustee.

Plan Year

The Plan year begins January 1 and ends December 31.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute from 1% to 50% of their regular wages allowable, subject to various nondiscrimination tests and limitations prescribed by the Code.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

- *Employer Profit Sharing Contributions*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan based on profits and other business considerations. Profit sharing contributions are allocated based on an integrated allocation formula. Participants are eligible to receive profit sharing contributions after one year of service, defined as 1,000 hours of service. The Plan Sponsor elected to not make a profit sharing contribution in the years ended December 31, 2014 and 2013.

Participant Accounts and Allocations

The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected.

Forfeitures

Forfeitures are first used to reinstate participant accounts. Remaining forfeitures may be used to reduce employer contributions. No forfeitures were used as a reduction of employer contributions during the years ended December 31, 2014 and 2013. At December 31, 2014 and 2013, the forfeitures balance was $144,288 and $141,046, respectively.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Vesting

Participants are always 100% vested in their salary deferral and rollover contributions. Profit sharing contributions under the Retirement Plan for plan years beginning prior to January 1, 2007 vest over a 7 year period. Employer contributions subject to vesting and gains/losses credited thereon made with respect to plan years beginning after December 31, 2006 vest over a six-year period as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Retirement

Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) upon demonstration of financial hardship, or 5) death or disability of the participant. Benefit payments are made in a single lump sum distribution. Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable From Participants

The Plan allows participants to borrow from their accounts. Loans may not exceed the lesser of 50% of the vested balance in a participant's account or $50,000 and are due within five years (longer for primary residence loans). Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are maintained on the accrual method of accounting in accordance with Generally Accepted Accounting Principles of the United States (U.S. GAAP).

Investment Valuation and Income Recognition

Investments in securities are stated at fair market value using quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Increases in the unit values of investments are reflected in each participant's self directed account. Investments are valued daily.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Income Taxes

The plan obtained a favorable determination letter dated April 11, 2014, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2011.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

The Plan maintains cash in financial institutions which, at times, exceed federally insured limits. The Plan has not experienced any losses in such accounts and the Plan Sponsor believes that the Plan is not exposed to any significant credit risk on cash.

Vanguard Wellington Fund Investor	$ 27,961,913
Vanguard 500 Index Fund Investor	$ 25,205,316
Vanguard Windsor Fund Investor	$ 21,051,781

Vanguard Windsor Fund Investor	$ 20,281,978
Vanguard Retirement Savings Trust	$ 20,269,865

NOTE 5: **GUARANTEED INVESTMENT CONTRACTS**

Plan investments include a common collective trust fund comprised of benefit-responsive investment contracts with Vanguard Fiduciary Trust Company. Vanguard maintains contributions to the fund in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Vanguard Fiduciary Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was $19,690,841 and $20,269,865, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, partial or total Plan terminations, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields for the years ending December 31, 2014 and 2013 were 2.14% and 2.06%, respectively.

NOTE 6: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets are liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money market funds: Underlying short term investments with quoted prices in active markets to preserve the value of the investment at $1.00 per share.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the common collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 6: **FAIR VALUE MEASUREMENTS (Continued)**

The following table sets forth by level with the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2014 and 2013:

NOTE 7: **PLAN TRANSFERS**

Funds are transferred between the Save Mart Supermarkets 401(k) Plan and the Save Mart Supermarkets 401(k) Company Match Plan due to employees who transfer from union to non-union employment status or vice versa.

NOTE 8: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 9: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

All plan investments are units of funds managed by Vanguard Fiduciary Trust Company, the trustee of the Plan. Plan assets also include notes receivable from participants. Administrative expenses are paid to the trustee for certain recordkeeping and trustee expenses. These transactions and investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 11: **RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the form 5500 to the financial statements:

	2014	2013
Net assets per Form 5500	$ 213,274,628	$ 202,944,083
Add: participant loans (deemed distributions on Form 5500)	745,387	697,958
Net assets available for benefits	$ 214,020,015	$ 203,642,041

NOTE 12: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 12, 2015, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed, except for the following:

Effective September 25, 2015, the Plan merged with the Save Mart Supermarkets 401(k) Company Match Plan and was amended and restated. The name of the newly merged Plan is Save Mart Supermarkets Retirement Savings Plan. The merged Plan allows for Roth after-tax contributions, effective October 9, 2015.
