Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Trinity Health Management Services Organization 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entities that certified the investment information meet the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2014 and 2013, and for the year ended December 31, 2014, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2014, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Trinity Health Management Services Organization 401(k) Plan

Notes to Financial Statements

December 31, 2014

1. Description of the Plan

The following description of the Trinity Health Management Services Organization 401(k) Plan (the Plan) provides general information about the Plan's provisions. Trinity Health Management Services Organization (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering substantially all employees of the Company, except for union employees and certain nonresident aliens. Employees become eligible to start making pretax deferrals into the Plan and to receive discretionary matching and discretionary employer contributions upon attainment of age 21.

The Trinity Health System Committee for Defined Contribution Plans is responsible for the general administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Company may make a discretionary matching contribution (Company matching contribution). For 2014, the discretionary matching contribution was 0.5% once the employee contributed 2% of compensation to the Plan, with an additional 0.5% match for each additional 1% participant contribution up to a maximum of a 1.5% match. Additionally, a discretionary employer contribution may be contributed at the discretion of the Company (discretionary employer contribution). For 2014, the discretionary employer contribution was 1% of compensation for all eligible employees. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Trinity Health Management Services Organization 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching and discretionary employer contributions and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company matching and discretionary employer contributions is based on years of continuous service. A participant is 100% vested after three years of credited service.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions.

Payment of Benefits

The benefit to which a participant is entitled is the balance in the participant's account. Distributions from the participant's account may be paid out when a participant attains age 59½, separates from service, retires, or dies. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

Participant Loans

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, the term of a loan may not exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined by the plan administrator. If a participant terminates employment with the Company, he/she may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant after three months.

1. Description of the Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Significant Accounting Policies

Basis of Accounting

The Plan reports its financial statements on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

New Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Plan management is currently evaluating the effect that the provisions of ASU 2015-07 may have on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to

Trinity Health Management Services Organization 401(k) Plan

2. Significant Accounting Policies (continued)

disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU allows a plan with a fiscal year-end that doesn't coincide with the end of a calendar month to measure its investments and investment-related accounts using the month-end closest to its fiscal year-end. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Part III is to be applied prospectively. Plans can early adopt any of the ASU's three parts without early adopting the other parts. Plan management is currently evaluating the effect that the provisions of Part II of ASU 2015-12 will have on the Plan's financial statements. Part I and Part III are not applicable to the Plan.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2014 and 2013, and net appreciation in fair value of variable annuities, net depreciation in fair value of fixed annuity contracts, and interest income from fixed annuity contracts for the year ended December 31, 2014, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by MetLife Insurance Company of Connecticut and MetLife Insurance Company USA.

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Trinity Health Management Services Organization 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value:

Variable annuities: Valued at fair value based on the net asset value (NAV) or price per share as of the end of the year. The variable annuities invest in underlying funds which are portfolios of an open-end management investment company that is registered with the SEC under the Investment Company Act of 1940. These underlying funds are not publicly traded and are only offered through variable annuity contracts, variable life insurance products and, in some cases, certain retirement plans. Each variable annuity invests in shares of open-end mutual funds which calculate a daily NAV based on the fair value of the underlying securities in their portfolios. Shares of open-end mutual funds are purchased and redeemed at their quoted daily NAV as reported at the close of each business day. Therefore, the fair value of units in the variable annuities are calculated daily. Participants' distributions will be charged a 5% surrender fee for amounts withdrawn from any participant contributions to the Plan that were held for less than six years in the Plan.

Fixed annuities: Valued at fair value based on the discounted value of expected cash flows. These contracts are credited an interest rate, which generally varies with each deposit. There is no specific formula used to credit interest rates, and the interest rates are not tied to the performance of a set of assets. The interest rates are credited based upon a number of factors including, but not limited to, the level of net investment income that the issuer can earn on its newly purchased general account assets, the absolute level of interest rates, the shape of the yield curve, how interest rates have moved since the inception of the contract and interest rates on alternative investments. The fixed annuities have a minimum guaranteed interest rate of 3.50%. Participants' distributions will be charged a 7% surrender fee for amounts withdrawn from any participant contributions to the Plan that were held less than six years in the Plan.

The Trinity Health System Committee for Defined Contribution Plans (Committee) is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments. For instruments categorized within Level 3 of the fair value hierarchy, the Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table presents the Plan's Level 3 investments, the valuation techniques used to measure the fair value and the significant unobservable inputs and the ranges of values for those inputs.

	Investment (by Class)	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range (Weighted Average)
December 31, 2014	Fixed Annuity Contracts	\$ 1,201,946	Discounted cash flow	Deposit credit rates	3.5% –3.9%
December 31, 2013	Fixed Annuity Contracts	\$ 1,043,426	Discounted cash flow	Deposit credit rates	3.5% –3.8%

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2014:

	Level 3 Assets	
	Variable Annuities	Fixed Annuities
Balance, beginning of year	\$ 396,592	\$ 1,043,426
Unrealized gains/losses relating to investments still held at the reporting date	20,813	(14,781)
Interest	–	37,600
Purchases	69,329	237,372
Sales	(5,190)	(101,671)
Balance, end of year	<u>\$ 481,544</u>	<u>\$ 1,201,946</u>

5. Related-Party Transactions

The Plan's investments are managed by MetLife Insurance Company of Connecticut, which is the recordkeeper of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Trinity Health Management Services Organization 401(k) Plan

Notes to Financial Statements (continued)

6. Tax Status

The underlying nonstandardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401 of the Code and, therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2014-6 and 2011-49, the plan sponsor has determined that it is eligible to, and has chosen to rely on, the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2011.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

Management evaluated subsequent events for the Plan through October 12, 2015, the date the financial statements were available to be issued.
