Report of Independent Auditors

The Participants and Administrator
Corporate Express U.S. Inc. Union 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Corporate Express U.S. Inc. Union 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2014 and 2013, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2014, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2014

1. Description of the Plan

Corporate Express, Inc. (the “Company”), acquired by Staples, Inc. on July 2, 2008, is the plan sponsor for the Corporate Express U.S. Inc. Union 401(k) Retirement Plan (“the Plan”). The Plan was established for the benefit of the eligible employees of the Company. The following description of the Plan provides only general information. Participants and all others should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (the “IRC” or the “Code”), covering union employees of the Company. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

New York Life Trust Company (the “Trustee”) served as trustee of the Plan during 2014 and 2013. The Trustee provided the trust and recordkeeping services for the Plan.

Eligibility

All employees (“associates”) of the Company covered by a collective bargaining agreement (the terms of which provide for participation in the Plan) are eligible to participate in the Plan. Leased employees are specifically excluded from participation in the Plan.

Eligible associates may begin making pre-tax contributions to the Plan as of the first day of the month following the attainment of age 21 and completion of sixty (60) consecutive days of employment with the Company.

Eligible associates that have failed to complete the requisite sixty (60) consecutive days of employment during the twelve month period following the date of hire may begin making pre-tax contributions, as of the first day of the month following the later of the one year anniversary date; or the date following the attainment of age 21.

Employee Contributions

Employees who meet the eligibility requirements may contribute from 1% up to 50% of their eligible compensation on a pretax basis, within the limits prescribed by Section 401(k) of the Code. Participants' contributions are recorded each pay period when the Company makes payroll deductions from participants' wages.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for auto-enrollment, whereby at five years of service an eligible employee is auto-enrolled into the plan with a deferral amount of 3% of compensation, as a pretax contribution.

Notes to Financial Statements (continued)

Company Contributions

The Company matches 50% of employee contributions, not to exceed 6% of the participant's compensation. The Company's match cash contributions are allocated in the same manner as that of the participant's elective contributions.

Transfers In

Transfers into the Plan from the Staples, Inc. Employees' 401(k) Savings Plan during 2014 and 2013 are a result of eligible employees electing to join the union during the year. As eligible employees elect to join the Plan related funds are subsequently transferred as well.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contribution plus any investment earnings, realized and unrealized, which is net of expenses less any benefit payments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, subject to vesting restrictions.

Vesting

Participants are immediately 100% vested in their contributions, any rollover contributions, and actual earnings thereon. Vesting in the Company matching contributions plus actual earnings thereon is based on the length of vesting service over a period of up to five vesting years, as further defined in the Plan.

Forfeited Amounts

Non-vested participant amounts are used to reduce future Company contributions and administrative expenses, as defined in the Plan Document. Forfeitures available to reduce future Company contributions at December 31, 2014 and 2013 amounted to \$0 and \$1,276, respectively. During 2014, there were \$1,473 forfeitures used to offset employer contributions and administrative expenses, compared to none in 2013.

Benefit Payments

Benefits are payable in a lump sum upon retirement or normal retirement age, death, separation from service, reasons of proven hardship, or attainment of age 59 1/2. In any event, payment of benefits must commence when the participant reaches age 70 1/2, unless elected otherwise. Participants may also have distributions from rollovers of prior qualified plans at anytime.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50% of their vested participant account balance, comprised of employee contributions, their respective earnings and rollover monies. Loan terms range from one to five years, or up to ten years for the purchase of a principal residence. The notes receivable are secured by the vested balance in the participant's account, and bear interest at a rate consistent with local prevailing rates as determined by the Plan. All notes

Notes to Financial Statements (continued)

receivable are subject to the principal repayment terms and interest rate guidelines set forth in the Plan Document.

Termination Provision

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100 percent vested in their accounts and the assets of the Plan and shall be distributed to the participants in proportion to their respective account balances. The Company shall not be liable to participants for benefits other than those which can be provided by the Plan's net assets.

Administrative Expenses

Recordkeeping and most administrative expenses are paid by the Plan. Certain other plan expenses are paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year.

The MetLife Stable Value Solutions invests in fully benefit-responsive investment contracts. This fund is recorded at fair value (see Note 4); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. The fair value of the MetLife Stable Value Solutions is based on the net asset value (NAV) of shares held at year-end, resulting from the value of the underlying investments of the MetLife Stable Value Solutions. There are no redemption restrictions related to the MetLife Stable Value Solutions.

The Plan invests in a fully benefit-responsive guaranteed investment contract (GIC) through its investment in the New York Life Guaranteed Investment Account (GIA). These investment contracts are recorded at fair value (see Note 4); however, since these contracts are fully benefit-responsive an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract

Notes to Financial Statements (continued)

value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to the participants are recorded upon distribution.

Participant Notes Receivable

Participant notes receivable are valued at their outstanding principal balances, plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded when it is earned. Related fees, if any, are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles of the United States requires the Plan's management to make estimates that affect the amounts reported in the financial statements, accompanying notes and supplemental schedules. Actual results could differ from these estimates.

New Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Plan management is currently evaluating the effect that the provisions of ASU 2015-07 will have on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the

Notes to Financial Statements (continued)

only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Plan management is currently evaluating the effect that the provisions of ASU 2015-12 will have on the Plan's financial statements.

Subsequent Events

Management evaluated subsequent events for the Plan through October 12, 2015, the date the financial statements were available to be issued.

3. Investments

Other than the fair values of the GIA and MetLife Stable Value Solutions and the adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule including investments held and notes receivable from participants at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the years ended December 31, 2014 and 2013, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by New York Life Trust Company, the trustee of the Plan. The contract values of the GIA and MetLife Stable Value Solutions were certified as complete and accurate by the trustee.

The Plan's investments, including investments purchased and sold, as well as held during the year, appreciated in fair value as determined by quoted market prices as follows:

	Year Ended December 31,	
	2014	2013
Investments at fair value as determined by quoted market price:

Staples, Inc. common stock	869	439
	<u>\$ 160,703</u>	<u>\$ 404,751</u>

Notes to Financial Statements (continued)

The fair values of individual fund investments that represent 5% or more of the Plan's net assets as of December 31, 2014 and 2013 are as follows:

	December 31,	
	2014	2013
MetLife Stable Value Solutions**	\$ 678,742	\$ 731,844
Guaranteed Investment Account*	654,458	722,707

Fidelity Spartan US Equity Index - Investor Class	397,488	348,315
T. Rowe Price Retirement 2015 Advisor	343,739	321,156

* The contract value of the Plan's investment in the Guaranteed Investment Account was \$655,925 at December 31, 2014 and \$722,707 at December 31, 2013.

** The contract value of the Plan's investment in the MetLife Stable Value Solutions was \$653,894 at December 31, 2014 and \$722,096 at December 31, 2013.

*** In the year ended December 31, 2013, this fund was called PIMCO Total Return - Institutional Class.

4. Fair Value Measurements

Fair value is defined under ASC 820 as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

Notes to Financial Statements (continued)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2014 and 2013:

The funds are valued using quoted market prices.
- (2) This category represents the Plan's investment in Staples, Inc. common stock at fair value. The fund is valued using quoted market prices.
- (3) This category represents the Plan's investment in Mainstay Cash Reserves Fund which is comprised of U.S. dollar denominated money market instruments maturing in 13 months or less.
- (4) The fair value of the investment in GIA is estimated based on expected cash flows under the surrender provisions of the contract, considering interest rates and benefit-eligible events, and discounting

according to risk-adjusted market rates. The GIA may be terminated by the contract holder at any time, provided thirty days written notice to New York Life. In the event of termination, the contract holder would receive the discontinuance value as of the date of termination. The discontinuance value is calculated by subtracting the contributions received 180 days prior to termination date out of the contract value as of the termination date.

- (5) This category includes a common/collective trust fund that is designed to protect capital with low-risk investments and includes cash, bank notes, corporate notes, government bills and various short-term debt instruments. There are currently no redemption restrictions on this investment. The fair value of the investment in this category has been estimated using the net asset value per share.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2014 and 2013:

5. Investment Contract with Insurance Company

The Plan's investment in the GIA represents an investment in a fully benefit-responsive guaranteed investment contract (GIC). The issuer maintains the contributions in a general account. The contract is supported by the general assets of New York Life Trust Company. The fair value of the contract is estimated based on a market value formula under the surrender provisions of the contract considering interest rates and benefit-eligible events, and discounting according to risk-adjusted market rates. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There were no reserves against contract values for credit risk of contract issues or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 2.30 %. Such interest rates are reviewed and may be reset on a semi-annual basis.

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required

Notes to Financial Statements (continued)

prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The issuer may be in default if it breaches a material obligation under the investment contract, makes a material misrepresentation, has a decline in its long term credit rating below a threshold set forth in the contract, or is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If, in the event of default of the issuer, the Plan was unable to obtain a replacement investment contract, withdrawing participants may experience losses if the value of the Plan's assets no longer covered by the contract is below contract value. The Plan may seek to add additional issuers over time to diversify the Plan's exposure to such risk, but there is no assurance the Plan may be able to do so. The combination of the default of an issuer and an inability to obtain a replacement agreement could render the Plan unable to achieve its objective of maintaining a stable contract value. The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. If the contract terminates due to issuer default (other than a default occurring because of a decline in its rating), the issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination. Contract termination also may occur by either party upon election and notice. As GICs are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Average yields for GIC	2014	2013
Based on actual earnings	2.4%	4.7%
Based on interest rate credited to participants	2.4%	4.7%

6. Risk and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated July 7, 2010, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and therefore believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the

Notes to Financial Statements (continued)

position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 for the years ended December 31, 2014 and December 31, 2013:

Net (decrease) increase per Form 5500	<u>\$ (87,902)</u>	<u>\$ 532,125</u>

9. Related Party Transactions

The Plan holds units of guaranteed investment contract funds managed by New York Life Trust Company, the trustee of the Plan. Staples, Inc., which acquired Corporate Express on July 2, 2008, is a party-in-interest. The Plan invests in common stock of Staples, Inc.; however, they are also exempt from the prohibited transactions rules under ERISA. During 2014 and 2013, the Plan received \$135 and \$64 in common stock dividends from the Company, which are included in the *Interest income and dividends* line of the Statement of Changes in Net Assets Available for Benefits.
