## NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Axip Energy Services 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the *Plan document* for a more complete description of the Plan's provisions, which is available from Plan management.

### General

The Plan is a defined contribution plan adopted on January 3, 2014 upon transition of assets from the Valerus 401(k) Savings Plan to the Plan. The Plan covers all full-time employees of Axip Energy Services, LLC (the Company) who are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

### Contributions

Each year, participants may contribute a portion of their compensation as a pretax deferral or as a Roth deferral, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a contribution to the Plan as a matching contribution on participants' behalf as determined each year by the Company. The Company may also make profit sharing contributions to the Plan in the amounts determined each year by the Board of Directors of the Company. The matching Company contribution is invested directly into the Plan and allocated to each participant's account who meets the requirements. Contributions are subject to certain limitations.

### Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balance, as defined, or actual contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## NOTE 1. DESCRIPTION OF THE PLAN – CONTINUED

### Vesting

Participants are vested immediately in their contributions and rollover contributions plus actual earnings thereon. The Company's contributions are subject to a vesting schedule and could be forfeited if the participant is terminated. Participants are 33 percent vested each year after working at least 1000 hours each plan year. Although the Company adopted a vesting schedule, participants are immediately vested when the participant: reaches 65 years of age, the Plan is terminated or contributions to the Plan are discontinued, incurs disability or dies.

### Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. The loans are secured by the balance in the participant's account and bear interest based on prime rate plus 1 percent. Principal and interest is paid ratably through payroll deductions.

### Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or partial payments.

### Forfeited Accounts

At December 31, 2014, forfeited nonvested accounts totaled $52,679. These accounts will be used to reduce future Company contributions and to pay Plan expenses. During 2014, Company contributions were reduced by $10,318 from forfeited nonvested accounts.

### Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

### Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Since the fair value of this contract also approximates its contract value, the statement of net assets available for benefits does not require a separate adjustment for reporting the Plan net assets on a contract value basis. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

### Payment of Benefits

Benefits are recorded when paid.

### Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

### Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 12, 2015, the date the financial statements were available to be issued.

## NOTE 3. INVESTMENTS (CERTIFIED BY TRUSTEE)

The following table presents the Plan's investments. The fair values of individual investments that represent 5% or more of the Plan's net assets as of December 31, 2014 are as follows:

| | |
|---|---|
| Mutual Funds | |
| American Funds American Balanced Fund R3 | $ 670,084 |
| Delaware Small Cap Value Instl | 526,224 |
| First Eagle Global Fund A | 554,726 |

| Collective Trust Fund | |
| IRT Stable Value | 767,468 |
| Other investments less than 5% | 1,572,005 |
| | $ 8,538,693 |

During the period from inception (January 3, 2014) through December 31, 2014, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value as determined by quoted market prices as follows:

| | |
|---|---|
| Mutual funds | $ 235,987 |
| Collective trust fund | 13,579 |
| | $ 249,566 |

Interest and dividends realized on the Plan's investments for the period from inception (January 3, 2014) through December 31, 2014 were $170,329.

## NOTE 3. INVESTMENTS (CERTIFIED BY TRUSTEE) – CONTINUED

During 2014, the Plan held an interest in the Invesco Stable Value Trust (SVT), a collective trust fund. The SVT invests in various high quality fixed income investments that, in the aggregate, will provide stable account values, including but not limited to traditional Guaranteed Investment Contracts, separate account contracts, and various security investment contracts, with wrap contracts associated with the portfolios. The SVT is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Investments held by SVT are required to be reported at fair value. Contract value, however, is the relevant measurement characteristic for that portion of the net assets of fully attributable to fully responsive investment contracts because contract value is the amount unitholders would receive if they were to initiate permitted transactions under the terms of the underlying defined contribution plans. Investment contracts may be subject to credit risk based on the ability of the wrapper providers to meet their obligations under the terms of the contract.

The average yields earned on the investment contracts held by the Plan's common collective trust fund was approximately 1.70 percent for the year ended December 31, 2014.

## NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## NOTE 4. FAIR VALUE MEASUREMENTS – CONTINUED

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. The Plan may redeem units at any time upon 10 business days' notice at the lesser of the market value or the contract value of the redeemed units.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## NOTE 4. FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014:

| | |
|---|---|
| Level 1 | |
| Mutual funds | |
| Target date | $ 995,910 |
| Small cap | 700,392 |
| Mid cap | 1,328,886 |
| Large cap | 2,550,261 |
| Balanced | 1,232,430 |
| Diversified bond | 779,129 |
| World allocation fund | 125,711 |
| Money Market | 58,506 |
| | 7,771,225 |
| Level 2 | |
| Collective trust fund | - |
| Fixed income | 767,468 |
| | $ 8,538,693 |

## NOTE 5. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and common collective trust fund managed by Ascensus Trust Company ("Ascensus"). Ascensus is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan's operations.

## NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

## NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the Statements of Net Assets Available for Benefits.

## NOTE 8. TAX STATUS

Effective January 3, 2014, the Plan adopted a nonstandardized prototype defined contribution profit sharing plan with Internal Revenue Code Section 401(k) Cash or Deferred Arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The Plan has been amended since the date of the last amendment covered by the above mentioned determination letter. However, Plan management believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

US GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
