INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Co-op 401(k) Plan sponsored by Dairy One Cooperative, Inc.
Ithaca, New York

Report on the Financial Statements

We have audited the accompanying financial statements of the Co-op 401(k) Plan sponsored by Dairy One Cooperative, Inc. ("Plan") which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the year ended December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Co-op 401(k) Plan sponsored by Dairy One Cooperative, Inc. ("Plan") is provided for general information purposes only. Participants should refer to the Plan document and adoption agreement for more complete information.

General

The Plan is a defined contribution plan sponsored by Dairy One Cooperative, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Under the Plan, all employees who are age 18 or older are eligible after completing one year of service. Entry dates are the first day of the month following completion of eligibility requirements.

Contributions

Participants may make salary savings contributions in an amount up to 50 percent of their compensation, subject to statutory limits, and after-tax voluntary contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan will accept rollover and transfer contributions. Under the Plan, the Company makes discretionary annual contributions in an amount equal to the sum of three percent of each participant's compensation for the plan year. The Company will also make a matching contribution equal to 50 percent, up to six percent, of a participant's compensation. Also, the Plan permits the Company to make a profit sharing contribution, which is allocated by the ratio each eligible participant's compensation bears to the total compensation of all eligible participants. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Under the terms of the Plan, participants are eligible for benefits upon reaching age 59½. Benefits under the Plan may be paid in a single lump sum cash payment or a nontransferable annuity contract.

Vesting

Participants are vested immediately in their contributions, the Company's contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from $1,000 to the lesser of $50,000 up to one-half of the participant's vested account balance. The notes are secured by the balance in the participant's accounts and bear interest at the local prevailing rates (4.25% at December 31, 2014). Terms range from one to five years unless the loan is for purchase of a primary residence, in which case the repayment period may be up to 15 years. Repayments of principal and interest are credited to the participant's segregated account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Investments in the stable value fund are fully benefit-responsive and are recorded at contract value. Contract value represents contributions made under the contract, plus interest at a specified rate determined monthly by Charles Schwab Bank. The average yield on these accounts, which equals the average crediting interest rate, was 2.31 percent and 2.49 percent for the years ended December 31, 2014 and 2013, respectively. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
In preparing these financial statements, events and transactions have been evaluated for potential recognition or disclosure through October 13, 2015, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

Investments representing five percent or more of net assets available for benefits at December 31 are as follows:

	2014	2013
Stable Value Fund**	**$ 3,438,290**	$ 3,219,203
Bond Fund	**3,343,419**	3,343,597

Large-Cap Growth Fund	*	1,954,977
Large-Cap Growth Fund2	**2,028,741**	*

* Investment is not five percent or more of net assets available for benefits
** Fair value of Stable Value Fund was $3,530,723 and $3,315,444 at December 31, 2014 and 2013, resepctively.

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $393,404 as follows:

Managed Accounts:	
Stock funds	$ 310,298
Stock and convertible securities funds	16,905
Corporate bond funds	(6,700)
Stable Value Fund	72,901
	$ 393,404

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Managed Accounts/Mutual Funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

NOTE 5 - INVESTMENTS IN MASTER TRUST

The Plan's investments are in the Co-op 401(k) Plan Master Trust ("Master Trust"), which was established for the investment of assets of the Plan and several other Co-op 401(k) Plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by Charles Schwab Bank.

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2014 and 2013, the Plan's interest in the Master Trust was approximately 3.5 percent and 3.6 percent, respectively. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon the amount of the time the Plan's assets were invested in the Master Trust.

NOTE 5 - INVESTMENTS IN MASTER TRUST - CONTINUED

The following table presents the net assets of the Master Trust as of December 31:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and the size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no significant transfers in or out of levels 1, 2, or 3.

* Investment does not represent five percent of Master Trust's net assets available for benefits

** Fair value of Stable Value Fund is $120,926,361 and $120,293,518 for the years ended December 31, 2014 and 2013, resepctively.

NOTE 6 - PLAN TERMINATION

The Plan is intended to be a permanent program to provide retirement benefits for employees of the employer. The plan sponsor reserves the right to amend or terminate the Plan at any time, subject to the provisions of ERISA. However, no amendment may provide for the use of the Plan assets for any purpose other than the exclusive benefit of participants and their beneficiaries.

NOTE 7 - TAX STATUS

The Plan obtained its latest determination letter on June 30, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believe that the Plan is qualified and is tax-exempt.

NOTE 7 - TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013, to Form 5500:

	2014	2013
Net assets available for benefits per the financial statements	**$ 26,317,451**	$ 25,398,795
Contributions receivable	**-**	(42,680)
Difference in loan balance due to deemed loan for Form 5500 reporting purposes	**(12,870)**	-
Adjustment to fair value from contract value for fully benefit-responsive investment contracts	**92,433**	96,241
Net assets available for benefits per the Form 5500	**$ 26,397,014**	$ 25,452,356

The following is a reconciliation of changes in net assets available for benefits per the financial statements at December 31, 2014, to Form 5500:

Increase in net assets available for benefits per financial statements	$ 918,656
Contributions receivable at December 31, 2013	42,680
Difference in loan balance due to deemed loan for Form 5500 reporting purposes	(12,870)
Adjustment to fair value from contract value for fully benefit-responsive investment contracts at December 31, 2013	(96,241)
Adjustment to fair value from contract value for fully benefit-responsive investment contracts at December 31, 2014	92,433
Increase in net assets available for benefits per the Form 5500	$ 944,658

NOTE 9 - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are units of master trust investment accounts managed by Milliman, Inc. ("Milliman"). Milliman is the plan recordkeeper as defined by the Plan and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, fees related to the administration of participant accounts totaled $42,636 which were not covered by revenue sharing.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options through seventeen separate investments, which contain any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate changes and market fluctuations. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
