Independent Auditor's Report

To the Administrative Committee of the
Syndex Corporation 401(k) Retirement Plan
Houston, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Syndex Corporation 401(k) Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014 that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule
The supplemental schedule of assets (held at end of year) as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – Prior Period Financial Statements
The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian of the Plan. Their report, dated October 15, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Syndex Corporation 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, as defined by the Internal Revenue Code ("IRC"), covering eligible employees of Syndex Corporation and its subsidiaries (collectively referred to as the "Company" or "Employer") and is subject to the provisions of ERISA, and subsequent related amendments and revisions.

Administration of the Plan

Malcolm Thompson & Associates ("Thompson") is the Plan's third party administrator. John Hancock Life Insurance Company (U.S.A.) ("John Hancock" or the "Custodian") is the investment asset custodian for the Plan's participant-directed assets. The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan Agreement. Expenses that are paid directly by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants, and other participant directed expenses, are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Eligibility

Employees of the Company who have completed one year of service and are age twenty-one or older are eligible to participate in the Plan. Eligible employees will become participants in the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year coinciding with or next following the date requirements are met.

Contributions

Participants may make tax deferred contributions of up to 20% of their annual compensation during the plan year and up to 100% of any bonus pay received, as defined in the Plan Agreement, up to the maximum amount allowed by law ($17,500 for 2014). Participants who have attained age 50 before the end of the Plan year are eligible to make additional tax deferred catch-up contributions of up to $5,500 for 2014. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Agreement permits the Employer to make a discretionary matching contribution and/or a profit sharing contribution, which will be determined each plan year by the Company's board of directors. For the 2014 Plan year, the Employer discretionary matching contribution percentage was equal to 25% of the participant's contributions up to a maximum of 3% of eligible compensation. Employer discretionary matching contributions were $54,837 for the year ended December 31, 2014. There were no discretionary profit sharing contributions for 2014.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's discretionary matching contribution, if any (b) Employer's discretionary profit sharing contribution, if any and (c) plan earnings, and charged with an allocation of certain administrative expenses not paid by the Company. Allocations are based on participant compensation or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are always 100% vested in their compensation deferral and rollover contributions. Vesting in the Employer's discretionary matching and discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants vest in increments of 20% each year after the second year of service and are 100% vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, less the balance of any existing notes. The notes are secured by the vested balance in the participant's account and bear a reasonable rate of interest determined by the Company based on prevailing interest rates. The interest rate is fixed for the term of the note. Principal and interest are paid ratably through payroll deductions or by check, and are typically repaid within one to five years. Repayments can be for longer periods if the note is used for the purchase of a participant's primary residence. The Plan Agreement limits participants to two outstanding notes at any time.

Payment of Benefits

Benefits are generally provided upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100% of their account balance. Upon termination, a participant is entitled to receive the vested portion of their account balance. Employees whose vested account balance is less than or equal to $5,000 upon termination of employment will have an involuntary cash-out distribution. Benefits are paid as a lump-sum amount as defined in the Plan Agreement. Participants are also entitled to receive one in-service distribution per Plan year upon reaching age 59 ½. This in-service distribution is made at the participant's election and will be made only from accounts which are 100% vested. Financial hardship withdrawals are not permitted, as defined in the Plan Agreement.

Forfeitures

Participants terminating from the Plan forfeit the balances in their employer accounts to the extent they have not become vested in such amounts. Forfeitures may be used to reduce the Employer's discretionary contributions. At December 31, 2014 and 2013, forfeited and unallocated non-vested accounts totaled approximately $2,400 and $1,800, respectively. During 2014, Employer discretionary contributions were reduced by approximately $1,800 from forfeited and unallocated non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Payment of Benefits

Benefits are recorded as a reduction to net assets available for benefits when paid.

Investment Valuation and Income Recognition

All investments are held by the Custodian pursuant to group annuity contracts. The Plan provides for self-directed investment programs for individual participants as provided by the Custodian.

Investments are held in the form of units of participation in pooled separate accounts and are generally subject to the volatility of the major stock markets in which the underlying investments are held. Pooled separate accounts are presented at fair value as determined by quoted market prices by the Custodian. The units are valued based on the market value of the underlying investments of their related funds and are credited with the actual earnings on the underlying investments and charged for distribution and fund transfer expenses. Units are purchased and sold at their unit value on the date of the transaction.

The change in the current value of investments (including investments bought and sold) during the period are reflected in the Statement of Changes in Net Assets Available for Benefits as net appreciation or depreciation in fair value of pooled separate accounts.

The Plan's investments held in the guaranteed interest account promise to pay contract value for a benefit event (e.g. termination, death, disability and retirement). However, depending on investment options and reasons for withdrawal, there may be a market value adjustment. Thus the guaranteed interest account is not considered benefit responsive by the Custodian.

Investments held in the guaranteed interest account are recorded at fair value. This contract is included in the Statement of Net Assets Available for Benefits at fair value as determined using the market approach based on market prices of similar contracts. The average yield for the guaranteed interest account was approximately 2.08% for the year ended December 31, 2014. The fund's minimum guaranteed fixed rate of return averaged 0.81% for the year ended December 31, 2014. The contracts guaranteed an interest rate for the first guaranteed period and a minimum rate of return for the following guaranteed periods. Actual gains and losses are realized upon liquidation and may be subject to processing and handling service fees, if any.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are recorded as distributions in accordance with the Plan Agreement.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Plan Administrator has evaluated all events and transactions through October 13, 2015, the date the financial statements were available to be issued, and has determined that there are no events that required recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Custodian

As permitted by the Rules and Regulations of the DOL with respect to Reporting and Disclosure under ERISA, the Custodian has certified to the Plan Administrator that the listing of investments held by the Custodian (stated at cost and fair value) together with all other transactions which affect the Plan's investments (including notes receivable from participants), are complete and accurate at December 31, 2014 and 2013, and for the year ended December 31, 2014.

The following table details the fair value of investments representing 5% or more of Net Assets Available for Benefits:

December 31,	**2014**	**2013**
Pooled separate accounts:		
John Hancock Lifestyle Balanced	$ 1,646,576	$ 1,663,929
John Hancock Lifestyle Moderate	603,091	614,827
John Hancock Lifestyle Growth	506,213	504,425
John Hancock Lifestyle Conservative	410,808	350,878
John Hancock Stable Value Fund	270,067	279,164
Investments representing 5% or more	3,436,755	3,413,223
Other investments	865,557	756,575
Total investments, at fair value	$ 4,302,312	$ 4,169,798

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information certified by the Custodian to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan follows the standard related to fair value measurement for its investments recognized at fair value. The standard defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

The standard establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy as defined by the standard are as follows:

- *Level 1*: Valuations utilizing quoted, unadjusted prices for identical assets or liabilities in active markets that the Plan has the ability to access. This is the most reliable evidence of fair value and does not require a significant degree of judgment.

- *Level 2*: Valuations utilizing quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly for substantially the full term of the asset or liability.

- *Level 3*: Valuations utilizing significant, unobservable inputs. This provides the least objective evidence of fair value and requires a significant degree of judgment. Inputs may be used with internally developed methodologies and should reflect an entity's assumptions using the best information available about the assumptions that market participants would use in pricing an asset or liability.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description for the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 and 2013.

- *Pooled Separate Accounts*: These accounts are valued on a net unit basis as determined by John Hancock on the last business day of the Plan year. The fair values of these investments are determined by reference to the respective fund’s underlying assets, with John Hancock specifying the source(s) to use for the underlying investment asset process. The investments underlying the Plan’s pooled separate accounts are made up of a wide variety of underlying investments such as equity securities, preferred stock, bonds, real estate and mutual funds. The net assets value price of the pooled separate accounts is not publicly quoted on any active market; however, the unit price is based on the underlying investments which are traded in an active market and are classified as Level 2.

- *Guaranteed Interest Account*: The guaranteed interest accounts cannot be sold to a third party; thus, the only option to exit the guaranteed interest accounts is to withdraw the funds prior to maturity. The fair value of the account is the value paid when funds are withdrawn prior to their maturity. The fair value of the guaranteed interest accounts is reflected as Level 2, and the valuation is based on the applicable interest rate. If the applicable interest rate is greater than the interest rate on the account, the fair value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the number of years (including fractional parts of a year) until the maturity date. If the applicable interest rate is equal to or less than the interest rate on the account, the fair value is equal to the contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following fair value hierarchy presents information about the Plan's investments measured at fair value on a recurring basis:

	Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Guaranteed Interest Account:				
Ten Year Guaranteed Account	$ -	$ 121,678	$ -	$ 121,678
Pooled Separate Accounts:

5. Tax Status

The Plan operates under the provision of an adopted Volume Submitter Profit Sharing Plan with CODA sponsored by Thompson who received an opinion letter dated March 31, 2008 from the Internal Revenue Service ("IRS") that the form of the Plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examination for years prior to 2011.

6. Party-In-Interest

Plan investments are managed by John Hancock. John Hancock is the Custodian and investment manager, as defined by the Plan, and Thompson is the third-party administrator to the Plan; therefore these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. The Plan Administrator has approved these activities and transactions.

7. Plan Termination

Although it has not expressed any intent to terminate the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances and will be distributed in accordance with the Plan Agreement.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, financial market and credit risks. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.
