INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Placer Community Action Council, Inc. 403(b) Plan
Auburn, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Placer Community Action Council, Inc. 403(b) Plan, which comprise the Statement of Net Assets Available for Benefits as of December 31, 2014, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by the AXA Equitable Life Insurance Company (AXA) and American United Life Insurance Company (AUL), the custodians of the Plan, except for comparing

the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that AXA and AUL hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from AXA and AUL as of December 31, 2014, and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by AXA and AUL, the custodians of the Plan. Their report, dated October 13, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Placer Community Action Council, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2014 and 2013

NOTE 1 DESCRIPTION OF PLAN

The following description of the Placer Community Action Council, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1992. The Plan was amended and restated effective November 1, 2012. All employees who work more than 20 hours per week with three months of service are eligible to participate in the Plan.

The Plan is a defined contribution 403(b) plan subject to the provisions of the Employee Retirement Income Security Act (ERISA) and is administered by the employer.

Vesting

Contributions are immediately 100% vested.

Contributions

Participants may contribute up to the limits permitted by the Internal Revenue Code, including "catch up" contributions. The Plan also allows Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The employer may make discretionary nonelective contributions. The employer made a 2.5% of salary nonelective contribution during the years ended December 31, 2014 and 2013.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's contributions, plan earnings, and administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Benefits

Participants may receive all or a portion of their account balance upon termination of employment. Depending upon the event, the withdrawal may be subject to early withdrawal penalties imposed by the Internal Revenue Code and the California Revenue and Taxation Code. Payments will be made in the form of a lump sum amount, except in the case of required minimum distributions which are made in installments, or other types of distribution options depending on the investment product selected. In-service distributions are permitted for those attaining age 59 1/2 and in the case of hardship.

Placer Community Action Council, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2014 and 2013

NOTE 1 DESCRIPTION OF PLAN – CONTINUED

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50% of their account balance. No loans greater than \$50,000 are permitted. The loans are secured by the balance in the Participant's account and bear interest at locally prevailing rates. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the guaranteed investment contract at contract value, which approximates fair value.

Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as reported to the plan by AXA and AUL (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Placer Community Action Council, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2014 and 2013

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition – continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold during the year as well as the unrealized appreciation or depreciation of those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Costs

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Reclassification

In previous years, the investment in the AXA Guaranteed Interest Option was presented as a cash equivalent. As described in Note 4, the investment is an annuity contract with an insurance company that is subject to surrender charges and is not fully benefit responsive. The investment has been reclassified to investments in guaranteed investment contracts and reported at estimated fair value in the Statement of Net Assets Available for Benefits. The amount reclassified from the 2013 financial statements to reflect this change was \$913,123.

Subsequent Events

Management has evaluated subsequent events through the date the financial statements were available to be issued, which was October 14, 2015.

Placer Community Action Council, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2014 and 2013

NOTE 3 INVESTMENTS

The following investments represented 5% or more of the Plan's net assets:

	<u>2014</u>	<u>2013</u>
Amcent One Choice 2015	\$ 396,156	\$ 354,889
Amcent One Choice 2025	170,995	177,382
Amcent One Choice 2030	279,028	233,128
AXA Guaranteed Interest Option	873,752	881,127

All appreciation in the Plan's investments (including investments bought, sold, and held during the year) was attributable to investments in annuity contract investment accounts.

NOTE 4 INSURANCE COMPANY CONTRACTS

The Plan has investment contracts with AXA Equitable Life Insurance Company (AXA) and American United Life Insurance Company (AUL). Both contracts provide a selection of investment options based on the value of the underlying open-ended mutual funds. Participants may, without restriction, transact at the daily Net Unit Values, which represent the Net Asset Values of the underlying mutual funds.

Each contract also offers a guaranteed interest option as described further below.

AXA Guaranteed Interest Option

The AXA Guaranteed Interest Option (GIO) is an investment option available to Plan participants for contributions made prior to November 1, 2012. AXA guarantees the interest and principal. Contributions to the GIO become part of AXA's general account.

AXA assigns an interest rate to each amount allocated to the GIO. Over time, different rates may apply to different amounts invested. Each year, AXA sets the lifetime minimum guaranteed interest rate and the annual minimum guaranteed interest rate. These rates apply to all contracts issued in that calendar year. AXA sets current interest rates for the GIO on a monthly basis. Current rates may be equal to or higher than the annual minimum guaranteed rate, but will never be lower. There are two components of the current rate – a new money rate and a pooled interest rate. The pooled interest rate applies to money that has been invested in the GIO longer than 13 months. Crediting rates for the year ended December 31, 2014 ranged from 1.75% - 3.00%.

Placer Community Action Council, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2014 and 2013

NOTE 4 INSURANCE COMPANY CONTRACTS – CONTINUED

Investments in the GIO are subject to a withdrawal charge depending on the contract series in effect in the year the participant selected the GIO option. Contracts in the 201 Series are subject to a 5% withdrawal charge for six years based on the date of the applicable contribution. Contracts in the 100 & 200 series are subject to a withdrawal charge based on the contract issue date as follows:

<u>Contract Year</u>	<u>Charge</u>
1 - 5	6%
6 - 8	5%
9	4%
10	3%
11	2%
12	1%
13	0

AUL Stable Value Account

The Plan has a group annuity contract with AUL that offers a fixed interest investment option (the Stable Value Account) through AUL's general account. Funds allocated to the Stable Value Account are placed in the AUL general account where they are invested in accordance with AUL's general account investment policy. The Stable Value Account has no stated maturity. Interest rates are declared annually prior to the beginning of the calendar year and guaranteed for that year until a new rate is set for the next year. Participants can transfer funds into and out of the account without any restrictions. The termination and subsequent distribution of the entire contract, which can only be initiated by the plan sponsor and not by individual participants, may result in the application of a surrender charge.

The guaranteed minimum interest rate was 0.5% as of December 31, 2014 and 2013. The crediting interest rate was 0.5% as of December 31, 2014 and 2013. The average rate earned by participants was 0.5% for the years ended December 31, 2014 and 2013.

NOTE 5 FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of fair value hierarchy are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Placer Community Action Council, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2014 and 2013

NOTE 5 FAIR VALUE MEASUREMENTS – CONTINUED

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable, inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement as determined by the custodians. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Registered investment company shares (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Group annuity contract investment accounts: Valued at NAV of units within the separate account of each portfolio, which is based on the NAV of the underlying mutual funds. For investments through AUL, each separate account is a registered unit investment trust. For investments through AXA, each investment option is a subaccount of an AXA separate account. Amounts allocated to any investment account are invested in shares of the corresponding mutual fund.

AXA GIO: Valued at contract value, which approximates fair value. As this investment is contract-based, observable prices for identical or similar investments do not exist. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals.

AUL Fixed Account: Valued at fair value, which is the same as contract value, as determined by AUL. The Fixed Option is a general obligation of AUL. It is not actively traded, and it has no stated maturity. Interest rates are set quarterly and always equal or exceed the contractually guaranteed rate.

Placer Community Action Council, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2014 and 2013

NOTE 6 CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013 and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by AUL and AXA (the custodians of the Plan).

NOTE 7 INCOME TAX STATUS

The Plan is intended to comply with the applicable requirements of Section 403(b) of the Internal Revenue Code of 1986, as amended (IRC). A tax determination letter program is not yet available for IRC Section 403(b) plans through the Internal Revenue Service. The Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and as such is exempt from Federal income taxes.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by AXA and AUL. AXA and AUL are the custodians as defined by the Plan and, therefore, these investments and investment transactions qualify as party-in-interest transactions.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
