INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Able Engineering Services Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Able Engineering Services Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Financial and Fidelity Management Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements.

We have been informed by the plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from November 15, 2013 to December 31, 2014, and that John Hancock Financial held the Plan's investment assets and executed investment transactions for the period January 1, 2013 to November 14, 2013. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Delinquent Participant Contributions and Assets (Held at End of Year), as of or for the year ended December 31, 2014 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Able Engineering Services Retirement Plan

Notes to Financial Statements

I. Description of the Plan

The following description of the Able Engineering Services Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Able Engineering Services Retirement Plan is a defined contribution plan which became effective January 1, 2007. The Plan contains a deferred income arrangement intended to satisfy the requirements of Internal Revenue Code Section 401(k).

Crown Energy, Inc. dba Able Engineering Services (the Company) is the sponsor of the plan and delegates all of its responsibility to oversee the Plan's operations to an Administrative Committee. John Hancock Insurance Company was appointed trustee (The Trustee) of the plan as of January 1, 2007. Fidelity Management Trust Company was appointed trustee of the Plan as of November 15, 2013. The Trustee holds the Plan's assets, establishes and maintains an individual account for each participant, maintains the financial records relating to the trust, executes all of the investments, and makes all benefit payments as directed by the plan administrative committee.

The administrative committee is responsible for oversight of the Plan. The administrative committee determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Plan's Trustee.

The plan covers only eligible employees. An eligible employee is any employee of the Company except an employee whose compensation and conditions of employment are established by the terms of a good-faith collective bargaining agreement between the Company and such employee's lawful representative or bargaining agent.

The Plan provides that employees of the Company are eligible to participate on the first day of the pay period that begins soonest after the employee first works for the Company or upon attainment of age twenty-one, if later. The Plan is subject to the provisions of ERISA.

Due to a change in ownership, Crown Energy Inc. and Crown Building Maintenance Co are members of a controlled group. Therefore, the Able Engineering Services Retirement Plan and Able Building Maintenance Co 401(k) plan have been aggregated for testing purposes for 2014 and 2013.

Contributions

Each year, participants may make voluntary contributions in the form of regular payroll deductions up to 90% of pretax annual compensation, as defined in the Plan, to the maximum contribution allowed by Internal Revenue Code. The maximum employee contribution for the 2014 and 2013 plan years was \$17,500 per year. Participants who have attained age 50

Able Engineering Services Retirement Plan

Notes to Financial Statements

before the end of the Plan year are eligible to make an additional catch-up contribution of the lesser of 100 percent of compensation or \$5,500 per year for both 2014 and 2013. The maximum allowable contribution will be adjusted annually for inflation in accordance with Internal Revenue Service regulations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans with the exception of Roth contributions (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty mutual funds, eleven Lifecycle funds, and a money market account as investment options for participants. The participant may change investment options as often as he chooses. If a participant does not choose an investment option, he will automatically be invested in the appropriate Lifecycle Fund until an investment option is chosen.

Each year the Company will match each eligible participant's 401(k) contributions and will allocate the matching contribution as a Company contribution as of the last day of the plan year. To be eligible, the participant must be a non-highly compensated employee, employed by the Company on the last day of the plan year, and work at an eligible location. The matching contribution is 50 percent of the participant's 401(k) contribution for the year, limited to no more than 3 percent of the participant's compensation.

The Company will determine, on a yearly basis, whether to make a profit sharing contribution, based on its current profits and/or retained earnings and its objectives. A Company contribution may be any amount up to the IRS deduction limit for the year. Company profit sharing contributions are neither required nor intended.

Participant Accounts

Each participant's account is credited with the participant's contribution, any matching contribution, and allocation of the Plan earnings. Participants are charged with an allocation of administrative expenses. Administrative expenses are charged quarterly on an equal basis to each plan participant who has an account balance during that quarter. Participant specific charges are charged to that participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in employee contributions, matching contributions, and actual earnings. Amounts rolled over or transferred will be 100 percent vested in the participant.

Notes Receivable from Participants

Under the terms of the Plan, the Administrator shall allow participants to apply for a loan from their account under the plan. The participant may apply online for a preapproved loan

Able Engineering Services Retirement Plan

up to a maximum of \$50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at 4.25 and 5 percent for the years ended December 31, 2014 and 2013 respectively, which was commensurate with local prevailing rates as determined by the administrative committee. Principal and interest is paid ratably through payroll deductions. If a participant terminates employment with the Company with an outstanding loan, the loan is immediately due and payable.

Payment of Benefits

Under the terms of the Plan, any participant may apply for a hardship withdrawal, which will be evaluated by the Company. Withdrawals cannot exceed the total amount of 401(k) contributions made by participant (less amounts already withdrawn) excluding post-1988 earnings, if any, which have been allocated to those contributions.

The Plan provides for Qualified Reservist Distributions for any participant who has been called to active duty for a period in excess of 179 days or for an indefinite period by reason of being a member of a reserve component. The distribution must be made during the period beginning on the date of the order or call to active duty and ending at the close of the active duty period.

Distributions are made in cash, except that distributions may be made in Fund shares of marketable securities at the election of the Participant, pursuant to the qualifying rollover of such distribution to a Fidelity Investments individual retirement account. If a terminated participant has an account balance of \$5,000 or less, it will be distributed in a single payment during one calendar year. If a terminated participant's account balance is greater than \$1,000 but less than \$5,000, the distribution will automatically be made to a rollover IRA account unless the participant has directed otherwise. The normal form of distribution for all other accounts due to death, disability, or retirement is a lump sum distribution, but if the participant does not consent to such a distribution, then the participant may elect to have payment deferred until the normal retirement age of 65. If a participant retires at or after 65 years, she or he may elect to receive distribution under a systematic withdrawal plan (installments)

Forfeited Accounts

The Plan does not have any forfeited accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Able Engineering Services Retirement Plan

Notes to Financial Statements

Investment contracts held by a defined-contribution plan are required to be reported at fair value.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015.

Payment of Benefits

Benefits are recorded when paid.

Able Engineering Services Retirement Plan

Notes to Financial Statements

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through October 8, 2015, the date the financial statements were available to be issued. As of July 1, 2015, the Company has amended the Plan document to include a safe harbor match.

3. Investments

The following table presents investments that represent 5 percent or more of the Plan's net assets.

	December 31,	
	2014	2013
Mutual Funds		
Fidelity Freedom 2025	\$ 1,589,224	\$ 1,633,932
Fidelity Freedom 2030	1,213,911	1,395,816
Fidelity Freedom 2015	1,150,107	1,367,160

Fidelity Freedom 2035	722,786	705,598
Fidelity Freedom 2045	549,984	546,114
Fidelity Freedom 2040	479,909	402,516

At December 31, 2014, the Plan's investments experienced a decrease in market value due to net unrealized losses as follows:

Mutual Funds	\$ (64,506)
Total Net Unrealized Losses	\$ (64,506)

4. Information prepared and certified by the Trustee (Unaudited)

At December 31, 2014 and 2013, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Able Engineering Services Retirement Plan

Notes to Financial Statements

The fair value of investments as December 31, 2014 and 2013, as reported by the Trustees is summarized as follows:

	December 31,	
	2014	2013
Investments		
At Fair Market Value:		
Mutual Funds	\$ 7,831,623	\$ 7,472,281
Money Market Fund	30,465	13
Net Appreciation in Fair Value		
Of Mutual Funds	\$ (64,506)	\$ 1,108,255
Dividends and Interest	\$ 505,782	\$ 221,102

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2- Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Able Engineering Services Retirement Plan

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 2014 and 2013.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Notes to Financial Statements

6. Related-Party Transactions

Certain plan investments are shares of mutual funds managed by John Hancock and/or Fidelity Investments. John Hancock was the trustee and Fidelity Investments is the trustee as defined by the plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments of \$3,085 and \$37,116 for the years ended December 31, 2014 and 2013, respectively which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

8. Tax Status of the Plan

The Company's Plan document is based on a plan which received a favorable determination letter from the IRS dated June 28, 2002, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was amended on January 31, 2014 and adopted the Fidelity Basic Plan Document No. 17 and Adoption Agreement No. 001. The Plan administrator and the Plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
