### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for audit opinion.

**Note 1. Plan Description**

The following brief description of Enterprise Solutions Inc 401(K) Profit Sharing Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

**General:** The Enterprise Solutions Inc 401(K) Profit sharing Plan & trust was established January 1, 2005 and restated on January 1, 2008. The Plan is Profit Sharing Plan covering all employees of Enterprise Solutions Inc 401(K) Profit Sharing Plan & Trust (the Company) who have attained the age of 21 years. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Employee contributions to the Plan (voluntary contributions) are deferrals of the employee's compensation made through a direct reduction of compensation in each payroll period by an amount upto 75% of the annual compensation. The maximum tax deferred contribution may not exceed $17,500 adjusted for inflation. Catch up contributions up to maximum of $5,500 were allowed during 2014 under the IRS regulations for participants who are age 50 or older. Employer profit-sharing as well as matching contributions by the employer are discretionary. For each plan year, the employer may contribute an amount to be determined from year to year. Currently the Company is not matching any employer profit sharing or matching contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. During the year ended December 31, 2014 there have been no contributions as the Plan has been terminated.

**Plan Administration:** The plan is Administered by Enterprise Solutions Inc. The trustee for the Plan is Umesh Ghai. The company currently pays for certain Plan administration and investment service related expenses.

**Participants accounts**: Each participant's account is credited with the participant's contribution and participant's allocation of plan earnings. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investments**: Participants have the option of directing their account balance to investment options available through Paychex, Inc. which is more fully described in the plan's literature.

**Vesting**: Each participant's interest in voluntary contributions and earnings thereon are vested immediately. The Company does not match the participant's contributions.
Upon retirement, death, disability or termination, a participant or his/her beneficiary may elect to receive accumulated retirement benefits in a single distibution in cash. In addition, a terminated participant may also elect to trnasfer into an individual retirement accounts all amounts which qualify as a rollover under the provisions of the Internal Revenue Code of 1986, as amended.

**Forfeitures**: A participant whose employment is terminated, and has a employer profit sharing contribution account balance that is less than 100 percent vested, the Company forfeits the unvested balance in their account. The forfeited amount is available to the company as an offset to current and future matching contributions.

**Payment of benefits**: The plan provides for distributions upon retirement, death, permanent disability or termination of employment. The vested portion of the individual Participant's account, if requested by the Participant, can be paid to him in the form of a lump sum, in installment payments not to exceed the life expectancy of the participant or apply towards purchasing an annuity contract. An eligible rollover distribution that exceeds $1,000 but does not exceed $5,000 will be paid in a lump sum.

**Administrative expenses**: All costs and expenses incurred in the operation of the plan are paid by the company.

**Termination of the Plan:** The Board of Directors of Enterprise Solutions Inc, the plan's Sponsor, voted on 28th June, 2013 to terminate the plan effective 29th August, 2013. Any unallocated plan assets will be allocated to the participant accounts and disbursed in such a manner as the plan sponsor may determine.

**Note 2. Summary of Significant Accounting Policies**

**Basis of accounting**: The financial statements of the Plan are prepared under the accrual basis of accounting.

**Use of estimates**: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly actual results could differ from those estimates.

**Investment valuation**: The Plan's investments are stated at fair value, which equals the quoted market price on the last business day of the plan year. Fair value is the price that would be received to sell an aseet or or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**Revenue recognition**:Interest income is recorded on the accrual basis, and dividends are recorded on the ex dividend date. Realized gains and losses related to purchase and sales of investments are recorded on trade-date basis, and unrealized gains and losses are recorded based on their fair value at December 31, 2014.

**Operating Expenses:** All Expenses of maintaining the plan are paid by the Company.

**Risk and Uncertainties:** The Plan provides for various investment options in any combination of equity, fixed income and other investment securities. Investment securities sre exposed to various risks, such as interest rate,market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonalbly possible that the changes in risk in the near term could materially affect participants' account balances and the amounts reported in hte statement of net assets available for benefits and the statement of changes in net assets available for benefits.

**Benefits Owed to Terminated Participants:** For financial reporting purposes, discbursements to terminated participants are reported when the check is written. Approximately $18,126 and $458,745 were paid to terminated participants during the plan years 2014 and 2013 respectively.

**Note 3. Income Tax Status**

The Plan adopted a non standarized form of a prototype plan sponsored by Paychex Inc. The prototype plan has recieved an opinion letter dated 31 March 2008 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. **Note 5. Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Mesurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.The Hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

> Quoted prices for similar assets or liabilities in active markets,

> Quoted prices for identical or similar assets or liabilities in inactive markets,

> Inputs other rhan quoted prices that are observable for the asset or liability

> Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodolgy are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and December 31, 2013.

*Money Markets:* Valued at amortized cost, which approximates fair value.

*Mutual Funds:* Valued at the net asset value (NAV) of shares held by the plan at the year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2014 and 2013.

| | **Assets at Fair Value as of December 31, 2014** | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Money Market Funds | 53,916 | | - | 53,916 |

| **Total Assets at fair value** | 220,384 | - | - | 220,384 |
