Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Susquehanna Health System Retirement Income Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified by State Street Bank and Trust Company and Transamerica Financial Life Insurance Company, Inc., the trustee and custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee and custodian hold the Plan's investment assets and execute transactions related to these assets. The plan administrator has obtained certifications from the trustee and custodian as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee and custodian is complete and accurate to the best of their knowledge and belief.

Susquehanna Health System Retirement Income Plan

Notes to Financial Statements

December 31, 2014 and 2013

Note 1: Description of the Plan

The following description of Susquehanna Health System Retirement Income Plan (Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by Susquehanna Health System (System) for the benefit of its employees. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). State Street Bank and Trust Company serves as trustee of the Plan and Transamerica Retirement Solutions Corporation (Transamerica) serves as the record keeper.

Effective January 1, 2014, the Plan was amended and restated to be frozen to any future contributions. All future employer contributions will be put in the SHS 403(b) Plan.

Contributions

Prior to 2014, the System made a discretionary contribution of no less than 3% of each participant's compensation for the plan year, provided the participant worked at least 1,000 hours and was employed on the last day of the plan year. For 2014, the System made no contributions to the Plan. For 2013, the System made a discretionary contribution of 3% of participant's compensation. Moreover, if a participant was employed as of June 22, 1994, and attained at least age 30 as of January 1, 1996, an additional contribution is made to the Plan. This additional contribution is calculated using a percentage of the participant's compensation based upon a sliding scale determined by the age of the participant as of January 1, 1996.

In addition, prior to 2014, the System made matching contributions provided that a participant of the Plan enters into a salary reduction agreement in the System's 401(k) Plan or the System's 403(b) Plan. The System made matching contributions of 100% of the participant's deferrals up to the lesser of $2,000 or 3% of the participant's compensation, for participants who have worked at least 1,000 hours and were employed on the last day of the plan year. Contributions are subject to certain limitations.

As of January 1, 2014, the Plan was frozen to all contributions, and was terminated subsequent to year end (see *Note 10*). After the 2013 employer contribution amount was determined, the Advanced Employer Account in the Plan, a holding account to accumulate employer contributions and to pay for plan expenses, was overfunded. The System consulted with legal counsel in order to have the overfunded amounts refunded. The total amount refunded to the System was $745,604.

Contributions were as follows for the respective years:

	2014	2013
Discretionary contribution	$ -	$ 4,975,457
Matching contribution	-	3,000,144
	$ -	$ 7,975,601

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the System's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting is based on years of credited service. A participant is fully vested after three years of credited service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce System contributions. Employees who were employed on December 31, 2013, became fully vested in their account.

Payment of Benefits

Upon termination of service, vested participants with account balances that do not exceed $1,000 will receive a lump-sum distribution. Vested participants with account balances exceeding $1,000 but less than $5,000 will have their balance directly rolled over to an individual retirement account as designated by the plan administrator, unless the participant elects a direct distribution or other eligible direct rollover. Participants with account balances exceeding $5,000 may elect to either receive a lump-sum distribution equal to their vested value or to rollover the value of their account to another retirement plan.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited nonvested accounts totaled $0 and $177,311, respectively. Prior to 2014, this account was used to reduce future employer contributions. In 2014, the forfeiture balance was transferred to the advanced employer contribution account.

Plan Termination

The System has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts (see *Note 10*).

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contract and the guaranteed pooled fund, as well as the adjustment of the fully benefit-responsive pooled fund from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. The mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

The Plan's interest in the guaranteed pooled fund is valued based on information reported by the insurance company using the audited financial statements of the guaranteed pooled fund at year end.

The fair value of the guaranteed investment contract is calculated by the sum of the deposits made plus interest, less any withdrawals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan obtained its latest determination letter on October 14, 2014, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the System or the Plan, at the System's discretion.

The Plan has a nonallocated expense budget account held in a noninterest-bearing cash account. The purpose of this account is to pay necessary and reasonable plan related expenses in accordance with the Department of Labor's guidance. The System is responsible for determining what expenses the third-party administrator will reimburse from the account. All funds utilized from this account are treated as administrative expenses on the statement of changes in net assets available for benefits. Additions to the expense budget account were $131,171 and $145,895 for 2014 and 2013, respectively. Expense budget account funds utilized amounted to $121,786 and $115,072 during 2014 and 2013, respectively. The account's balance at December 31, 2014 and 2013, was $60,105 and $50,720, respectively.

Note 3: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, as agent for Transamerica Retirement Solutions Corporation, the custodian of the Plan and Transamerica Life Insurance Company, the custodian for the general asset account, have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2014 and 2013.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013.
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2014.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Investments

Except for its investment contract and guaranteed pooled fund with an insurance company (*Note 7*), the Plan's investments are held by a bank-administered trust fund. The Plan's investments (including investments bought, sold and held during the year) appreciated in fair value as follows:

	2014	
	Net Appreciation in Fair Value During Year	Fair Value at End of Year

Note 6: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

State Street Bank and Trust Company holds certain plan assets. Transamerica is the record keeper and affiliated with the issuer of the annuity contract. The System provides certain administrative services at no cost to the Plan.

Note 7: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2014 and 2013:

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2014. The Plan had no liabilities measured at fair value on a nonrecurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. Level 2 securities include the guaranteed pooled fund and guaranteed investment contracts. The Plan's investment in the guaranteed pooled fund is valued based on information reported by the insurance company using the audited financial statements of the guaranteed pooled fund at year end. The Plan's interest in the guaranteed investment contract is the sum of the deposits made plus interest, less any withdrawals. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 8: Investment Contract with Insurance Company

Guaranteed Investment Contract

In 2010, the Plan entered into an investment contract with Transamerica Financial Life Insurance Company (TFLIC), in which employer contributions to the Plan and forfeitures from participant accounts are credited to an unallocated fund established under a group annuity contract. Funds deposited into this account will earn interest from the date they are deposited until the date they are allocated to the participants' accounts at a rate predetermined by TFLIC.

As described in *Note 2*, because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) contributions do not comply with the requirements of Section 401(a) or 403(a) of the Code; (2) contributions required by the contract have not been received by TFLIC; (3) plan assets no longer with TFLIC; (4) Diversified Investment Advisors, Inc. will no longer be providing record keeping and administrative services to the Plan; (5) TFLIC determines that it can no longer continue to provide benefits under the contract due to changes to the Plan and (6) a violation of any provision of the contract. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Plan Termination

On January 24, 2015, the members of the Board of Directors of the System voted to terminate the Plan. Participant account balanced were paid out based upon the participants' direction. If participants did not make a distribution election within in the required time frame, their balances were rolled over into an IRA with TFLIC, unless their balance was less than $1,000, in which case it was distributed to them. All funds were out of the Plan by September 30, 2015.
