Comprehensive Community Health Centers, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2014 (Audited) and 2013 (Compiled)

Note 1: Description of the Plan

The following description of Comprehensive Community Health Centers, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Comprehensive Community Health Centers, Inc. (Sponsor) for the benefit of its employees who have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). John Hancock Life Insurance Company (John Hancock) serves as Plan custodian.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Sponsor make annual contributions of up to 100% of eligible compensation or the maximum allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Employee rollover contributions are also permitted. The Sponsor may make discretionary matching contributions and nonelective profit-sharing contributions on behalf of eligible employees. In order to receive discretionary employer matching contributions, participants must be employed on the last day of the plan year. In order to receive discretionary employer profit-sharing contributions, participants must have completed a year of service and be employed on the last day of the plan year. During 2014 and 2013, no discretionary employer contributions were made. Contributions are subject to certain limitations.

Effective January 1, 2015, the Plan was amended to add a safe harbor employer matching contribution equal to 100% of employee contributions up to 3%, plus 50% of employee contributions between 3% and 5% of a participant's compensation.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover and ADP safe harbor qualified nonelective contributions, plus earnings thereon. Vesting in the Sponsor's discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of vesting service. As of December 31, 2014 and 2013, there are no Sponsor discretionary employer contribution accounts that are subject to the Plan's vesting provisions.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments or partial withdrawals. For vested account balances that are not more than $5,000, if the participant does not complete an election regarding the distribution, the plan administrator will pay the distribution in a direct rollover to an individual retirement plan that is designated by the plan administrator. Withdrawals other than for termination are permitted under certain circumstances.

Forfeited Accounts

At December 31, 2014 and 2013, there were no forfeited nonvested accounts. If the Plan were to have forfeitures, these accounts would be reallocated to participants in the same manner as employer profit-sharing contributions. In 2014, there were no forfeitures and no forfeitures were reallocated to participants.

Plan Termination

Although it has not expressed an intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants remain 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Adoption of Accounting Principle

The Plan has adopted Financial Accounting Standards Board Accounting Standards Update No. 2015-12, *Plan Accounting*, which simplifies plan investment measurement, presentation and disclosures.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Pooled separate accounts are valued at fair value as provided by John Hancock.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan sponsored by National Pension Services Corporation. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Sponsor or the Plan, at the Sponsor's discretion.

Note 3: Certification of Plan Custodian

The Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statement of net assets available for benefits as of December 31, 2014

- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2014
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2014

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan's investments are units of separate accounts within a group annuity contract managed by John Hancock. John Hancock is the Plan's custodian and, therefore, these transactions qualify as party-in-interest transactions. Most fees incurred by the Plan for the third-party administrative services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays certain other administrative fees related to the Plan's operations and provides certain administrative services at no cost to the Plan.

Note 5: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2014 and 2013:

	2014 Fair Value Measurements Using			
	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts	$ 1,397,132	$ -	$ 1,397,132	$ -

	2013 (Compiled) Fair Value Measurements Using			
	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts	$ 1,070,168	$ -	$ 1,070,168	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2014. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Such securities are classified in Level 2 of the valuation hierarchy. Level 2 securities include pooled separate accounts, which are valued based upon the market value of the underlying mutual funds as determined by John Hancock. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Plan Amendment

Effective January 1, 2015, the Plan was amended and restated to comply with current regulations. The Plan was also amended to provide an employer safe harbor match as described in *Note 1*.
