To the Plan Sponsor and Participants of the
Ohio Valley Foodland Profit Sharing Plan
Gallipolis, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the Ohio Valley Foodland Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the year ended December 31, 2014, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets (held at end of year) as of December 31, 2014, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The supplementary Schedule H, line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2014 that accompanies the Plan's financial statements does not disclose the historical cost of certain nonparticipant-directed plan assets held by the plan custodian. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Ohio Valley Foodland Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A – DESCRIPTION OF THE PLAN

The following description of Ohio Valley Foodland Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all full-time employees of Ohio Valley Supermarkets, Inc. (the “Company”) who are age nineteen or older and who have completed at least one year of service with the Company, as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Employees will become participants in the Plan on the earlier of the first day of the plan year or the first day of the seventh month of the plan year following the participant meeting the eligibility requirements of one year of service and being at least 19 years of age.

Contributions – The plan sponsor has the option to make a discretionary employer profit-sharing contribution. On an annual basis, the Company will decide how much, if any, it will contribute to the Plan. The employer contribution is determined as a uniform percentage of compensation. Plan investments are non-participant directed. Contributions are subject to certain limitations.

Participant Accounts – In addition to the discretionary employer profit-sharing contribution, each participant’s account is credited with an allocation of plan earnings (losses), forfeitures and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Vesting in the Company’s contribution portion of their accounts plus actual earnings thereon is based on years of service (as defined in the Plan) as follows:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

NOTES TO FINANCIAL STATEMENTS (Continued)

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, unless otherwise designated. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions of vested account balances are allowed for those participants who have reached age 59½.

Forfeited Accounts – During 2014, approximately \$7,050 of forfeitures were reallocated to participants.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accounting records of the Plan are maintained on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded upon distribution.

Administrative Expenses – The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (distributions) are charged directly to the participant's account.

Subsequent Events – The Company has evaluated subsequent events through October 12, 2015, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS *(Continued)*

NOTE C – INVESTMENTS

The following presents the fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31:

	<u>2014</u>	<u>2013</u>
American Funds The Growth Fund of America	\$ 173,972	\$ 172,418
American Funds Fundamental Investors	\$ 195,332	\$ 197,339
American Funds Washington Mutual Investors Fund	\$ 180,560	\$ 180,219
American Funds Capital Income Builder	\$ 554,016	\$ 519,656
American Funds The Income Fund of America	\$ 578,627	\$ 533,826
American Funds American Balanced Fund	\$ 400,860	\$ 368,277
American Funds High Income Trust	\$ 153,815	\$ 153,009

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$30,109, all of which was attributable to mutual funds. All investments are non-participant directed.

NOTE D – FAIR VALUE MEASUREMENT

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy. Level 1 investments include mutual funds.

NOTES TO FINANCIAL STATEMENTS (Continued)

Level 2 investment securities include a money market fund that is valued using \$1 for the net asset value (“NAV”).

The following tables set forth by level within the fair value hierarchy the Plan’s assets accounted for at fair value on a recurring basis as of December 31, 2014 and 2013:

	Fair Value as of December 31, 2014			<u>Fair Value</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

* Money market funds seek preservation of capital as well as to pay money market interest rates. There are no unfunded commitments, redemption frequency restrictions, or other redemption restrictions.

NOTE E – INCOME TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (the “IRS”) stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the plan document sponsor by a letter dated March 31, 2008 that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTES TO FINANCIAL STATEMENTS (Continued)

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE F – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain administrative expenses are charged to the Plan, namely plan accounting and third-party administration expenses. Other administrative services are provided by the Company at no cost to the Plan. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
