Report of Independent Auditors

The Timken Company, Administrator of the
The Timken Company Savings Plan for Certain Bargaining Associates

We have audited the accompanying financial statements of The Timken Company Savings Plan for Certain Bargaining Associates, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Timken Company Savings Plan for Certain Bargaining Associates at December 31, 2014 and 2013, and the changes in its net assets available for benefits for the year ended December 31, 2014, in conformity with U.S. generally accepted accounting principles.

Supplemental Schedules

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2014, and delinquent participant contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

The Timken Company, Administrator of
The Timken Company Savings Plan for
Certain Bargaining Associates

We have audited the accompanying statements of net assets available for benefits of The Timken Company Savings Plan for Certain Bargaining Associates as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Timken Company Savings Plan for Certain Bargaining Associates at December 31, 2014 and 2013, and the changes in its net assets available for benefits for the year ended December 31, 2014, in conformity with U.S. generally accepted accounting principles.

The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2014, and delinquent participant contributions for the year then ended, have been subjected to audit procedures performed in conjunction with the audit of The Timken Company Savings Plan for Certain Bargaining Associates' financial statements. The information in the supplemental schedules is the responsibility of the Plan's management. Our audit procedures included determining whether the information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedules. In forming our opinion on the information, we evaluated whether such information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

The Timken Company Savings Plan
for Certain Bargaining Associates
Notes to Financial Statements
December 31, 2014 and 2013, and Year Ended December 31, 2014

1. Description of the Plan

The following description of The Timken Company Savings Plan for Certain Bargaining Associates (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. The Plan was established on February 16, 2003. On February 16, 2003, The Timken Company (Timken) acquired Ingersoll-Rand Company Limited's Engineered Solutions business, which was comprised of certain operating assets and subsidiaries including The Torrington Company. On July 1, 2013, Timken merged the Timken Gears & Services Savings Plan into the Plan and renamed the Plan as The Timken Company Savings Plan for Certain Bargaining Associates. Effective January 1, 2014 the Company amended and restated the Plan in its entirety to allow certain employees of TSB Metal Recycling LLC to participate in the Plan and to make certain other changes to the Plan.

On June 30, 2014, the Company completed the separation of its steel business from its bearings and power transmission business through a spinoff, creating a new independent publicly traded company, TimkenSteel Corporation (TimkenSteel). The Company's board of directors declared a distribution of all outstanding common shares of TimkenSteel through a dividend. At the close of business on June 30, 2014, the Company's shareholders received one common share of TimkenSteel for every two common shares of the Company they held as of the close of business on June 23, 2014. A dividend of \$176,715 in TimkenSteel was distributed to participants in the Plan, creating the TimkenSteel Common Stock Fund. In addition, as a result of the spinoff, \$10,810 in plan assets were transferred to The TimkenSteel Corporation Savings Plan for Certain Bargaining Associates for TimkenSteel employees and retirees.

General

During 2006, The Timken Company closed its Standard Plant, the full-time hourly employees of which were represented by the United Auto Workers Local 1645. As a result of this transaction, all participants in the Plan terminated their employment with The Timken Company and the Plan will no longer have any new participants or contributions from Local 1645. The Plan is a defined contribution plan which covered full-time hourly employees of Timken who are represented by the United Auto Workers (UAW) Local 864 and the International Association of Machinists (IAM) Local 311. Employees of Timken represented by UAW Local 864 and IAM Local 311 become eligible to participate in the Plan following the earlier of (i) being credited with one year of service or (ii) completion of 60 consecutive days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Under the provisions of the Plan, UAW Local 864 and IAM Local 311 participants are able to elect to contribute up to 18% of their eligible earnings and Workers United Local 10 participants are able to elect up to 75% of their eligible earnings on a pretax basis directly to the Plan subject to Internal Revenue Service (IRS) limitations. Participants are also able to contribute amounts representing distributions from other qualified defined benefit or 401(k) defined contribution plans. For employees represented by UAW Local 864 and Workers United Local 10, Timken matches participant contributions, "Company Matching Contributions" at an amount equal to 100% on the first 3% of the participant's eligible earnings. The plan also provides a 3% non-elective contribution (Company Non-elective Contribution) for all employees represented by UAW 864. The compensation used to determine the Company Matching Contribution and the Company Non-elective Contribution for UAW Local 864 participants is equal to 100% of the employee's base hourly rate for the first forty hours per week plus 50% of overtime earnings. All employer contributions are invested in The Timken Company Common Stock Fund.

Upon enrollment, a participant is required to direct his or her contribution in 1% increments to any of the Plan's investment options. Participants have access to their account information and the ability to make changes on a daily basis, subject to the next available payroll for contribution change election, through an automated telecommunications system. Account information and certain changes may also be made through the Internet.

Delinquent Participant Contributions

During 2014, the Company failed to transmit certain participant contributions to the Plan in the amount of \$160 within the time period prescribed by ERISA. Late transmissions of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Company transmitted the delinquent participant contributions to the Plan by December 31, 2014. Related excise taxes were paid by the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Timken's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Company Matching Contribution portion of their account plus actual earnings thereon is also immediate.

Participant Notes Receivable

Participants may borrow from their account related to their participant contributions and rollover contributions with a minimum of \$1,000 up to a maximum equal to the lesser of (1) \$50,000 minus the excess of the highest outstanding loan balance during the past 12 months or (2) 50% of their account balance related to participant contributions and rollover contributions. Loan terms generally cannot exceed five years for general purpose loans and thirty years for residential loans.

The loans are secured by the balance in the participant's vested account and bear interest at an interest rate of 1% in excess of the prime rate, as published in the *Wall Street Journal* on the first business day of the month in which the loan is granted. Principal and interest are paid ratably through payroll deductions. Loans that are unpaid are treated as distributions.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service with The Timken Company due to the closure of the Standard Plant, participants having a vested account balance greater than \$1,000 were given the option of (i) transferring their account balance to another plan, (ii) receiving a lump-sum amount equal to the vested balance of their account, (iii) receiving installment payments of their vested assets over a period of time not to exceed their life expectancy, or (iv) leaving their vested account balance in the Plan. Participants having a vested account balance less than \$1,000 received a lump-sum amount equal to their vested account balance. Participants electing to leave their vested assets in the Plan may do so until age 70-¹/₂ after which time the lump-sum or installment distribution options would apply.

Hardship withdrawals are allowed for participants incurring an immediate and severe financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options and distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Plan Termination

Although it has not expressed any interest to do so, Timken has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan's trustee, JP Morgan (Trustee), shall distribute to each participant the vested balance in their separate account.

2. Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value and are invested in The Master Trust Agreement for the Timken Defined Contribution Plans (Master Trust), which was established for the investment of assets of the Plan and the two other defined contribution plans sponsored by The Timken Company.

The Plan's trustee maintains a collective investment trust of Timken common shares in which the Company's defined contribution plans participate on a unit basis. Timken common shares are traded on a national securities exchange and participation units in The Timken Company Common Stock Fund are valued at the last reported sales price on the last business day of the plan year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable represents participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. The Company is currently evaluating the impact of adopting ASU 2015-07.

3. Investments

The Plan's assets are held in the Master Trust, commingled with assets of other Company-sponsored benefit plans.

Each participating plan's interest in the investment funds (i.e., separate accounts) of the Master Trust is based on account balances of the participants and their elected investment funds. The Master Trust assets are allocated among the participating plans by assigning to each plan those transactions (primarily contributions, benefit payments, and plan-specific expenses) that can be specifically identified and by allocating among all plans, in proportion to the fair value of the assets assigned to each plan, income and expenses resulting from the collective investment of the assets of the Master Trust. The Plan's ownership percentage in the Master Trust as of December 31, 2014 and 2013 was 0.61% and 0.41%, respectively.

4. Fair Value

The fair value framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Timken Company Savings Plan
for Certain Bargaining Associates
Notes to Financial Statements (continued)

The investment strategy for American Funds Washington Mutual Investors is to invest in common stocks of established companies that are listed on, or meet the financial listing requirements of, the New York Stock Exchange and have a strong record of earnings and dividends.

The Timken Company and TimkenSteel Common Stock Funds participate in units and are valued based on the closing price of each company's common shares traded on a national securities exchange. Registered investment companies are valued based on quoted market prices reported on the active market on which the individual securities are traded.

The JPMorgan S&P 500 Index Fund and the JPMorgan Equity Index Fund include investments that provide exposure to a broad equity market and are designed to mirror the aggregate price and dividend performance of the S&P 500 Index. The fair values of the investments in this category have been determined using the net asset value per share.

At December 31, 2013, the Plan was invested in the Timken Company JPM Bond Fund. The JPM Bond Fund included investments that seek to maximize total return by investing primarily in a diversified portfolio of intermediate and long term debt securities. The JP Morgan Liquidity Fund was valued using the net asset value per share. The Government and Agency Securities were valued at the closing prices on the date of the last transaction. Mortgage and Asset Backed Securities were valued based on quoted prices for similar assets in active markets. Corporate Bonds were valued at the closing price on the date of the last transaction. During 2014, the Company replaced the JPM Bond Fund with the JPMCB Core Bond Fund. The JPMCB Core Bond Fund invests primarily in a diversified portfolio of intermediate and long-term debt securities and is valued using the net asset value per share.

The SSgA Russell 2000-A Index Fund includes investments seeking an investment return that approximates as closely as practicable, before expenses, the performance of the Russell 2000 Index over the long term. The fund includes exposure to stocks of small U.S. companies. The fair value of the investments in this category has been determined using the net asset value per share.

The Nuveen Winslow Large-Cap Growth Fund is a portfolio that invests at least 80% of its net assets in equity securities of U.S. companies with market capitalization in excess of \$4 billion at the time of purchase. The fair value of the investments in this category has been determined using the net asset value per share on the active market on which the individual securities are traded.

At December 31, 2013, the Company was invested in the JP Morgan Stable Value Fund. The Stable Value Fund was invested in the JPMorgan Liquidity and JPMorgan Intermediate Bond funds. The fair value of the investment in these funds was estimated using the net asset value per share. The JPMorgan Liquidity Fund invested in a diversified portfolio of fixed and floating rate short-term money market instruments and U.S. Treasury securities. The JPMorgan Mortgage Private Placement invested primarily in privately placed fixed rate and floating rate mortgages and leasebacks secured by apartment complexes and single family homes, as well as commercial properties, such as office buildings, shopping centers, retail stores and warehouses. The JPMorgan Intermediate Bond Fund was designed as a fixed income portfolio strategy for stable value funds and other conservative fixed income investors. During 2014, the Company replaced the JP Morgan Stable Value Fund with the Wells Fargo Stable Value Fund. The Wells Fargo Stable Value Fund primarily invests in security backed investment contracts and is measured using the net asset value per share. As a result of the transition to the Wells Fargo Stable Value Fund, there are no Level 3 assets at December 31, 2014.

The following tables present a summary of changes in the fair value of the Master Trust's Level 3 assets as of December 31, 2014 and December 31, 2013, respectively:

6. Investment Contracts

During 2013, the Master Trust invested in synthetic guaranteed investment contracts (SGICs), or a Stable Value Fund, that credit a stated interest rate for a specified period of time. The Stable Value Fund provided principal preservation plus accrued interest through fully benefit-responsive wrap contracts issued by a third party which back the underlying assets owned by the Master Trust. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer was contractually obligated to repay the principal at a specified interest rate that was guaranteed to the Plan.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fully benefit-responsive investment contracts. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's wrapper contracts permit all allowable participant-initiated transactions to occur at contract value. There are no events known to the Plan that are probable of occurring and which would limit its ability to transact at contract value with the issuer of the wrapper contract, which also limit the ability of the Plan to transact at contract value with participants. The wrapper contracts cannot be terminated by its issuer at a value other than contract value or prior to the scheduled maturity date, except under a limited number of very specific circumstances including termination of the Plan or failure to qualify, material misrepresentations by the Plan sponsor or investment manager, failure by these same parties to meet material obligations under the contract, or other similar types of events.

Notes to Financial Statements (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates for the wrap contracts are calculated on a quarterly basis (or more frequently if necessary) using contract value, market value of the underlying fixed income portfolio, the yield of the portfolio, and the duration of the index, but cannot be less than zero. The crediting rate is most affected by the change in the annual effective yield to maturity of the underlying securities, but is also affected by the difference between the contract value and the market value of the covered investments.

During 2014, the Company transitioned to Wells Fargo Stable Value Fund. The Wells Fargo Stable Value Fund is a common collective fund, thus the wraps are held at the common collective fund level.

Average Yields for SGICs	December 31,	
	2014	2013
Based on actual earnings	N/A	1.0%
Base on interest rate credited to participants	N/A	2.0%

7. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2014	December 31, 2013
Net assets available for Benefits per the financial statements	\$ 6,626,292	\$ 6,201,204
Adjustments from contract value to fair value for fully benefit-responsive investment contracts	13,353	245
Net assets available for benefits per the Form 5500	<u><u>\$ 6,639,645</u></u>	<u><u>\$ 6,201,449</u></u>

The fully benefit-responsive investment contracts have been adjusted from fair value to contract value for purposes of the financial statements. For purposes of the Form 5500, the investment contracts will be stated at fair value.

The following is a reconciliation of total additions per the financial statements to total income per the Form 5500 for the year ended December 31, 2014:

	December 31, 2014
Total additions per the financial statements	\$ 721,970
Less: Adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2013	(245)
Add: Adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2014	13,353
Total income per the Form 5500	<u><u>\$ 735,078</u></u>

8. Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Income Tax Status

The Plan has received a determination letter from the IRS dated August 21, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt. The Plan Administrator will take steps to ensure that the Plan's operations remain in compliance with the Code, including taking appropriate action, when necessary, to bring the Plan's operations into compliance.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

10. Related-Party Transactions

Related-party transactions included the investments in the common stock of the Company and the investment funds of the Trustee. Such transactions are exempt from being prohibited transactions.

The following is a summary of transactions in Timken common shares with the Master Trust for the year ended December 31, 2014:

	Dollars
Purchased	\$ 25,304,727
Issued to participants for payment of benefits	\$ 10,876,925

Purchases and benefits paid to participants include Timken common shares valued at quoted market prices at the date of purchase or distribution.

Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant records are paid by the Company. Fees paid during the year for services rendered by parties in interest were based on customary and reasonable rates for such services.

During 2014, a total dividend of \$81,911,612 in TimkenSteel was distributed to participants in the Master Trust as a result of the spinoff, creating the TimkenSteel Common Stock Fund. Additionally, there were benefits paid of \$1,573,658 to participants in TimkenSteel common shares during 2014.
