Infor Global Solutions 401(k) Plan

Notes to Financial Statements

December 31, 2014 and 2013

1. Description of Plan

The following description of the Infor Global Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the Plan administrator, for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. All employees of Infor (US), Inc. and its subsidiaries (the Company or Sponsor), except temporary employees and employees under 21 years of age, are eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each participant may elect to make pre-tax contributions of up to 75% of eligible compensation as defined by the Plan, not to exceed a maximum of \$17,500 in 2014, plus catch-up contributions of \$5,500 for those participants who are at least 50 years of age. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a discretionary matching contribution based on a percentage of each participant's deferral, which is determined annually. For the year ended December 31, 2014, the Company matched 50% of the participants' first 6% of employee contributions, not to exceed a maximum of \$2,400 per participant.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollovers, the Company's contribution and earnings on the investments in their accounts, and is charged with specific transaction fees. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan offers 26 mutual funds and a self-directed brokerage account in which participants may purchase other securities as investment options. Participants may change their investment options on a daily basis. A participant is entitled to the benefit that can be provided from the participant's vested account. Approximately 25% of the participants with account balances are no longer employees of the Company.

Vesting

All participants are vested immediately in their contributions plus actual earnings thereon. Certain participants are 100% vested in Qualified Matching Contributions and Qualified Nonelective Contributions. Vesting in the Company's contribution is based on years of credited service. Other participants are vested in annual increments of 20% for each year of service and

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2014 and 2013

are 100% vested after five years of service. Matching contributions from prior employers of merged plans are 100% vested.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$356,707 and \$106,356, respectively. These accounts are first used to reduce future Company contributions and then to pay administrative expenses of the Plan. During 2014, \$111,234 of forfeitures were used to reduce Company contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. The loans are secured by the balance in the participant's account and must bear a reasonable rate of interest as defined in the Plan. During 2014, loans had fixed rates ranging from 4.25% to 8.5% for the term of the loan, not to exceed 5 years or, 10 years if used for the purchase of a primary residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, termination of employment or retirement, a participant or their beneficiary may receive payment of the vested interest in their account in the form of a lump-sum distribution. The participant may also receive a distribution for certain hardship situations.

Administrative Expenses

Administrative expenses of the Plan may be allocated to participants, paid through forfeitures, or paid by the Sponsor. Participant transaction fees related to notes receivable to participants and distributions are charged directly to the participant. Investment related expenses are included in net change in fair value of the investment. During 2014, the Plan received a refund of \$175,000 related to overpayment of prior years administrative expenses, which was refunded directly to participants accounts. This refund is recorded in net appreciation of fair value of mutual funds on the statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2014 and 2013

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value of investments includes realized and unrealized gains and losses on investments and interest and dividends.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 13, 2015, which is the date the financial statements were available to be issued.

3. Information Certified by the Custodian

All information regarding investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2014 and 2013, net change in fair value of investments and interest income for the year ended December 31, 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's custodian.

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2014 and 2013

4. Investments

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	2014	2013
Mutual Funds:		
Fidelity Contrafund	\$ 38,596,899	\$ 36,103,140
Artisan Mid Cap Inst Fund	34,658,416	34,319,743
Fidelity Small Cap Discovery Fund	31,834,230	31,414,755
Fidelity Freedom 2025 Fund	27,841,721	25,639,586
Fidelity Freedom 2030 Fund	25,379,116	23,773,673
Fidelity Freedom 2020 Fund	24,795,278	24,308,144
Fidelity Diversified International Fund	24,398,474	26,104,108
Spartan US Bond Index	23,727,476	22,180,952
Fidelity Capital Appreciation Fund	21,379,243	*

* Investment is less than 5% of the Plan's net assets.

Certain Plan investments are shares of money market and mutual funds managed by Fidelity. Fidelity is the custodian of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

5. Fair Value Measurements

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2014 and 2013

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Investments in mutual funds, common stocks and preferred stock are stated at quoted market prices for the identical security in an active market (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2014 and 2013:

	Level 1	
	2014	2013
Mutual funds	\$ 411,766,108	\$ 381,613,743
Self-directed brokerage accounts:		
Common stock	3,215,870	2,225,714
Cash	1,351,142	1,241,474
Mutual funds	1,418,466	712,962
Preferred stock	12,621	30,989
Other	52,710	120,889
Total	\$ 417,816,917	\$ 385,945,771

6. Tax Status and Other Matters

The Plan operates under a volume submitter plan created by Fidelity, the Plan administrator. The Internal Revenue Service has determined and informed Fidelity by a letter dated March 31, 2014, that the volume submitter plan is designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter and has been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2014 and 2013

The Plan's administrator has not completed the discrimination testing for the year ended December 31, 2014. Upon completion of this testing, the Plan may have to take corrective actions including refunding excess contributions and earnings thereon to participants.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2014 and 2013:

	2014	2013

Infor Global Solutions 401(k) Plan

Notes to Financial Statements

December 31, 2014 and 2013

1. Description of Plan

The following description of the Infor Global Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the Plan administrator, for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. All employees of Infor (US), Inc. and its subsidiaries (the Company or Sponsor), except temporary employees and employees under 21 years of age, are eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each participant may elect to make pre-tax contributions of up to 75% of eligible compensation as defined by the Plan, not to exceed a maximum of \$17,500 in 2014, plus catch-up contributions of \$5,500 for those participants who are at least 50 years of age. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a discretionary matching contribution based on a percentage of each participant's deferral, which is determined annually. For the year ended December 31, 2014, the Company matched 50% of the participants' first 6% of employee contributions, not to exceed a maximum of \$2,400 per participant.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollovers, the Company's contribution and earnings on the investments in their accounts, and is charged with specific transaction fees. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan offers 26 mutual funds and a self-directed brokerage account in which participants may purchase other securities as investment options. Participants may change their investment options on a daily basis. A participant is entitled to the benefit that can be provided from the participant's vested account. Approximately 25% of the participants with account balances are no longer employees of the Company.

Vesting

All participants are vested immediately in their contributions plus actual earnings thereon. Certain participants are 100% vested in Qualified Matching Contributions and Qualified Nonelective Contributions. Vesting in the Company's contribution is based on years of credited service. Other participants are vested in annual increments of 20% for each year of service and

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2014 and 2013

are 100% vested after five years of service. Matching contributions from prior employers of merged plans are 100% vested.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$356,707 and \$106,356, respectively. These accounts are first used to reduce future Company contributions and then to pay administrative expenses of the Plan. During 2014, \$111,234 of forfeitures were used to reduce Company contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. The loans are secured by the balance in the participant's account and must bear a reasonable rate of interest as defined in the Plan. During 2014, loans had fixed rates ranging from 4.25% to 8.5% for the term of the loan, not to exceed 5 years or, 10 years if used for the purchase of a primary residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, termination of employment or retirement, a participant or their beneficiary may receive payment of the vested interest in their account in the form of a lump-sum distribution. The participant may also receive a distribution for certain hardship situations.

Administrative Expenses

Administrative expenses of the Plan may be allocated to participants, paid through forfeitures, or paid by the Sponsor. Participant transaction fees related to notes receivable to participants and distributions are charged directly to the participant. Investment related expenses are included in net change in fair value of the investment. During 2014, the Plan received a refund of \$175,000 related to overpayment of prior years administrative expenses, which was refunded directly to participants accounts. This refund is recorded in net appreciation of fair value of mutual funds on the statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2014 and 2013

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value of investments includes realized and unrealized gains and losses on investments and interest and dividends.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 13, 2015, which is the date the financial statements were available to be issued.

3. Information Certified by the Custodian

All information regarding investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2014 and 2013, net change in fair value of investments and interest income for the year ended December 31, 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's custodian.

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2014 and 2013

4. Investments

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	2014	2013
Mutual Funds:		
Fidelity Contrafund	\$ 38,596,899	\$ 36,103,140
Artisan Mid Cap Inst Fund	34,658,416	34,319,743
Fidelity Small Cap Discovery Fund	31,834,230	31,414,755
Fidelity Freedom 2025 Fund	27,841,721	25,639,586
Fidelity Freedom 2030 Fund	25,379,116	23,773,673
Fidelity Freedom 2020 Fund	24,795,278	24,308,144
Fidelity Diversified International Fund	24,398,474	26,104,108
Spartan US Bond Index	23,727,476	22,180,952
Fidelity Capital Appreciation Fund	21,379,243	*

* Investment is less than 5% of the Plan's net assets.

Certain Plan investments are shares of money market and mutual funds managed by Fidelity. Fidelity is the custodian of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

5. Fair Value Measurements

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2014 and 2013

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Investments in mutual funds, common stocks and preferred stock are stated at quoted market prices for the identical security in an active market (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2014 and 2013:

	Level 1	
	2014	2013
Mutual funds	\$ 411,766,108	\$ 381,613,743
Self-directed brokerage accounts:		
Common stock	3,215,870	2,225,714
Cash	1,351,142	1,241,474
Mutual funds	1,418,466	712,962
Preferred stock	12,621	30,989
Other	52,710	120,889
Total	\$ 417,816,917	\$ 385,945,771

6. Tax Status and Other Matters

The Plan operates under a volume submitter plan created by Fidelity, the Plan administrator. The Internal Revenue Service has determined and informed Fidelity by a letter dated March 31, 2014, that the volume submitter plan is designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter and has been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2014 and 2013

The Plan's administrator has not completed the discrimination testing for the year ended December 31, 2014. Upon completion of this testing, the Plan may have to take corrective actions including refunding excess contributions and earnings thereon to participants.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2014 and 2013:

	2014	2013
