Pro-Pak Industries & Bryan Packaging Retirement Plan

Notes to Financial Statements

December 31, 2014

1. Description of Plan

The following summary description of the Pro-Pak Industries & Bryan Packaging Retirement Plan (the "Plan") is provided for general information purposes only. Prior to October 2014, the Plan was formerly known as Employers Profit Sharing & Trust of Pro-Pak Industries, Inc. Participants should refer to the Plan agreement for more complete information on the provisions and operation of the Plan.

General

The Plan is a defined contribution plan which covers all eligible employees of the plan sponsor, Pro-Pak Industries, Inc. and Bryan Packaging, Inc. (collectively, known as the "Companies"). Effective October 1, 2014, employees who have completed three months of service are eligible to participate for purposes of elective deferrals. Actual deferrals begin the first day of the month following eligibility. In additions, employees must have completed one year of service to participate for purposes of matching contributions. Prior to October 1, 2014, employees must have completed one year of service to participate in the Plan. Matching contributions begin either the subsequent January 1 or July 1 from when the employee becomes eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Trust and Custodial Agreements

Assets of the Plan at December 31, 2014 are held for safekeeping and investment by Capital Bank and Trust Company ("Trustee"), under an agreement with the Trustee. Prior to October 1, 2014, the assets of the Plan were held for safekeeping and investment by Reliance Trust Co. ("Custodian").

Recently Issued Accounting Standards

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965); (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. This new accounting standard simplifies certain aspects of employee benefit plan accounting including the elimination of certain disclosures and measurement requirements. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015 and companies may elect to adopt any or all of the provisions of this new accounting standard. Early adoption is permitted in 2014. The Company has not elected to early adopt ASU 2015-12.

Contributions

Participants may contribute annually up to 100% of annual compensation, not to exceed \$17,500 in 2014. In addition, participants over age 50 may contribute an additional \$5,500 in 2014. Effective October 1, 2014, participants of the Plan may make Roth 401(k) contributions which will be maintained in a separate account. Participants may also contribute amounts representing distributions from other qualified defined contribution plans and certain individual retirement accounts. The Company made matching contributions equal to 50% of the first 6% of base compensation that a participant contributes to the Plan in 2014. The Company may contribute an additional contribution to the Plan equal to a discretionary percentage determined annually by the Company.

1. Description of Plan - continued

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations of Plan earnings are based on participant account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions to the Plan plus actual earnings thereon are vested immediately. The Company's matching contribution and discretionary contribution portion plus actual earnings thereon are vested based on years of service. A participant is vested 20% after two years of service, vesting by 20% for each additional year of service up to 100% vesting after the sixth year of service.

Investments

The Plan holds its investments under a trust agreement with the Trustee at December 31, 2014 to serve as a custodian of the investments held on behalf of participants. The Plan allows for investment of a participant's account balance in 25 different mutual fund investment options and participants may change their investment options at any time throughout the year.

Notes Receivable from Participants

Participants may borrow from their fund accounts a portion of their total vested account balance. Loan transactions are accounted for as a transfer between the investment fund and the Participant Loan fund. Loan terms range from one to five years. The loans are secured by 50% of the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Trustee. The interest rate on outstanding loans is the prime rate plus 1% (4.25% at December 31, 2014). Principal and interest is paid ratably through payroll deductions.

Under U.S. Department of Labor regulations, the Plan must identify each calendar quarter any participant loan in default. The participant has until the end of the following quarter to pay the overdue amounts. If not paid, a taxable distribution of the unpaid participant loan balance plus accrued interest will be declared.

Benefit Payments

On termination of service due to death, disability, normal retirement at age 65 or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments over a specified period of time, or a joint and survivor annuity.

Forfeited Amounts

At December 31, 2014, there were nonvested forfeited accounts of \$3,776. These accounts will be used to pay Plan expenses or reduce future Company contributions. No forfeitures were used in 2014 to reduce Company contributions or plan expenses.

Administrative Expenses

Substantially all of the administrative expenses incurred by the Plan are paid by the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Shares of mutual funds are valued at quoted market prices in active market which represent the net asset value of shares held by the Plan at year end. The current value in shares of common collective trust funds is based on the fair market value with any investments held in fully-benefit responsive contracts adjusted to contract value. Interest and dividend income is recorded on the accrual basis.

In accordance with FASB Accounting Standards Codification ("ASC") 962 *Plan Accounting – Defined Contribution Plans*, investment contracts held by defined contribution plans are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by ASC 962, the statement of net assets available for benefits presents the fair value of the investment contracts held by common collective trust funds. However, at December 31, 2014, fair value of the common collective trust approximates contract value and no adjustment of the fully benefit-responsive investment contracts from fair value to contract value is presented in the statement of changes in net assets available for benefits.

Benefit Payments

Payments of benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and measured at unpaid principal balance plus accrued interest. Delinquent loans are treated as distributions based on the terms of the Plan.

2. Summary of Accounting Policies - continued

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, liquidity and overall market volatility. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Subsequent Events

The Plan has evaluated subsequent events for potential recognition and/or disclosure in the December 31, 2014 financial statements through October 12, 2015, the date financial statements are available to be issued.

5. Fair Value Information

Accounting principles generally accepted in the United States define fair value, establishes a framework for measuring fair value using a three-tier hierarchy and requires certain fair value disclosures. The following is a list of the different levels in the fair value hierarchy based on the data and/or methods used to determine fair value:

- Level 1: Quoted market prices in active markets for identical assets or liabilities
- Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data for substantially the full term of the asset or liability
- Level 3: Unobservable inputs that may be supported by little or no market activity and reflects management's assumptions that are significant to the measurement of fair value

The asset's or liability's fair value measurement level is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methods used for assets measured at fair value:

- *Mutual Funds*: Valued at the closing price reported in the active market where securities are traded at year end.
- *Common Collective Trust*: Valued at the net asset value of the units of a bank collective trust, provided by the trustee, based on the fair value of the underlying investments held by the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes those assets measured at fair value on a recurring basis at December 31, 2014:

	<u>\$ 6,225,793</u>	<u>\$ 711,866</u>	<u>\$ -</u>	<u>\$ 6,937,659</u>

6. Guaranteed Investment Contract

The Plan has entered into a benefit-responsive guaranteed investment contract held in a common collective trust, with a bank. The bank maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan from the bank. Fair value approximates contract value at December 31, 2014.

Certain events limit the ability of the Plan to transact at contract value with the bank. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes in the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The average yield for the year ended December 31, 2014 is:

Based on actual earnings	1.86%
Based on interest rate credited to participants	1.79%

7. Plan Termination

While the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

8. Tax Status

The Plan has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The IRS has determined and informed the Trustee, by letter dated April 2, 2012, that the prototype non-standardized profit sharing plan, which serves as a basis for the Plan, and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

9. Related Party Transactions

Capital Bank & Trust is the Trustee as defined by the Plan, beginning October 1, 2014. Reliance Trust Co. was the Custodian prior to October 1, 2014. Fees paid by the Plan to the Trustee/Custodian amount to \$6,451 for the year ended December 31, 2014.
