Benefit Limits

Projected benefits are limited by the current IRC section 415 maximum benefit of \$210,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

General Information

Original Effective Date	March 12, 1985
Adoption Date of Last Amendment	March 11, 2011
Plan Year	January 1 to December 31
Employer Fiscal year	January 1 to December 31
Employer ID Number	25-1487618
Plan Administrator's ID Number	25-1555749
Plan Number	002

Eligibility

Any office, clerical, or technical employee of the company at Springville, NY represented by the International Union of Electronics, Electrical, Technical and Machine Workers, AFL-CIO, Local 336 is eligible to participate in the plan on his date of employment. No employee shall become a participant after July 1, 1992.

Service

Service shall equal total plan years of service with the employer. A year of service is credited for each plan year in which an employee works 1,000 hours. No service will be granted for employment after July 1, 1992.

Normal Retirement Date

Normal retirement date is the first day of the month coincident with or next following the later of attainment of age 65 or the fifth anniversary of plan participation.

Normal Retirement Benefit

The amount of monthly benefit to be paid in monthly installments for life with 60 payments guaranteed, based on service to normal retirement date, is \$18.36 multiplied by years of service up to 29.

Delayed Retirement

A participant may continue in the employment of the employer after his normal retirement date. In such event he will receive at actual retirement the benefit calculated as of the actual retirement date based on all credited service.

Schedule SB Attachment (Form 5500)—2014 Plan Year
Retirement Plan for Office, Clerical and Technical Employees at Springville,
NY

EIN: 25-1487618 PN: 002

Accrued Benefit

The accrued benefit at any time prior to a participant's normal retirement date shall be based on the years of service earned as of the determination date.

Disability

An active participant who has attained age 45 and completed 15 years of service who becomes disabled may commence benefits equal to his unreduced accrued benefit after six months of disability. A participant who becomes disabled and is eligible for or is receiving disability benefits then recovers and returns to active service will receive credit for vesting and eligibility service during his period of disability.

Early Retirement Benefits

Upon the completion of 15 years of service and the attainment of age 55, a participant may elect to retire. He may receive a monthly benefit for life beginning at his normal retirement date equal to the accrued benefit at early retirement date. Payments may begin immediately, with the benefit being reduced 5/12% for each month by which the payment date precedes the normal retirement date.

Death Benefit

In the event of a participant's death while in active service after attaining early retirement eligibility, his spouse will receive a benefit as if he had retired on the day before he died and elected the 50% joint and survivor option.

If a non-retired participant is eligible for vesting but under age 55 at the time of his death, his spouse will receive a monthly lifetime pension commencing on the first day of the month after the participant would have attained age 55 equal to 50% of the reduced amount he would have received if he had terminated employment as of the date of his death, survived to age 55, and elected the 50% joint and survivor option.

Benefits otherwise payable to a vested terminated participant or his spouse will be reduced for any such coverage.

Schedule SB Attachment (Form 5500)—2014 Plan Year
Retirement Plan for Office, Clerical and Technical Employees at Springville,
NY
EIN: 25-1487618 PN: 002

For a participant who has attained age 50 with 15 years of service and who is not covered by the above spouse's benefit, there shall be a benefit payable to his beneficiary equal to 50% of the reduced amount he would have received if he had terminated employment as of the date of his death, survived to his earliest retirement age, and elected a 50% joint and survivor option, with his beneficiary named as contingent annuitant.

Severance Benefits

Upon the termination of employment after five or more years of service, a participant shall have a vested interest in his accrued benefit which will be payable at normal retirement date. The percentage vested shall be:

Years of Service	Vested Percent
Less than 5	0%
5 or more	100%

The participant may elect to receive his vested interest at age 55, provided the participant had 15 or more years of service at the time of termination. Such benefit will be reduced as described under Early Retirement Benefits.

Optional Methods of Settlement

All optional methods of settlement are actuarially equivalent to the normal form of annuity. If a married participant does not elect the normal form of annuity or does not elect one of the optional methods of settlement described below, then the participant's retirement benefit shall automatically be paid under option [1] below. The options are:

- (1) A reduced benefit to be paid during the participant's lifetime with one half the reduced benefit to be continued to the participant's spouse for the spouse's lifetime after the participant's death. Sixty payments are guaranteed.
- (2) A reduced benefit to be paid during the participant's lifetime with 75% of the reduced benefit to be continued to his spouse for the spouse's lifetime after the participant's death. Sixty payments are guaranteed.
- (3) A reduced benefit to be paid during the participant's lifetime with 100% of the reduced benefit to be

Schedule SB Attachment (Form 5500)—2014 Plan Year
Retirement Plan for Office, Clerical and Technical Employees at Springville,
NY

continued to his spouse for the spouse's lifetime after the participant's death. Sixty payments are guaranteed.

- (4) A reduced benefit to be paid for 120 months certain and thereafter for life.
- (5) An increased benefit prior to commencement of Social Security payments and a reduced amount following commencement such that the total income from the pension and Social Security will be fairly uniform. An amendment was adopted on March 11, 2011 to remove this option from the plan.
- (6) An increased benefit payable for the participant's lifetime.
- (7) A lump sum payment provided the lump sum payment is not in excess of \$5,000.

Plan actuarial equivalence is based on the UP84 Mortality Table and 5.5% interest, as well as table factors listed in the plan document. For lump sum benefits, assumptions are based on the applicable mortality table and the applicable interest rates for the November preceding the first day of the plan year containing the date of distribution.

Amendment or Termination of Plan

The employer reserves the right to amend or terminate the plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the plan if the employer fails to meet the minimum funding standards, or is unable to pay benefits when due.

If the plan is terminated, the plan assets will be distributed among the plan participants based upon a priority allocation procedure and the employer shall be liable for any unfunded vested benefits to the extent required by law.

Death Benefit

In the event of a participant's death while in active service after attaining early retirement eligibility, his spouse will receive a benefit as if he had retired on the day before he died and elected the 50% joint and survivor option.

If a non-retired participant is eligible for vesting but under age 55 at the time of his death, his spouse will receive a monthly lifetime pension commencing on the first day of the month after the participant would have attained age 55 equal to 50% of the reduced amount he would have received if he had terminated employment as of the date of his death, survived to age 55, and elected the 50% joint and survivor option.

Benefits otherwise payable to a vested terminated participant or his spouse will be reduced for any such coverage.

For a participant who has attained age 50 with 15 years of service and who is not covered by the above spouse's benefit, there shall be a benefit payable to his beneficiary equal to 50% of the reduced amount he would have received if he had terminated employment as of the date of his death, survived to his earliest retirement age, and elected a 50% joint and survivor option, with his beneficiary named as contingent annuitant.

Severance Benefits

Upon the termination of employment after five or more years of service, a participant shall have a vested interest in his accrued benefit which will be payable at normal retirement date. The percentage vested shall be:

Years of Service	Vested Percent
Less than 5	0%
5 or more	100%

The participant may elect to receive his vested interest at age 55, provided the participant had 15 or more years of service at the time of termination. Such benefit will be reduced as described under Early Retirement Benefits.

Optional Methods of Settlement

All optional methods of settlement are actuarially equivalent to the normal form of annuity. If a married participant does not elect the normal form of annuity or does not elect one of the optional methods of settlement described below, then the participant's retirement benefit shall automatically be paid under option [1] below. The options are:

- (1) A reduced benefit to be paid during the participant's lifetime with one half the reduced benefit to be continued to the participant's spouse for the spouse's lifetime after the participant's death. Sixty payments are guaranteed.
- (2) A reduced benefit to be paid during the participant's lifetime with 75% of the reduced benefit to be continued to his spouse for the spouse's lifetime after the participant's death. Sixty payments are guaranteed.
- (3) A reduced benefit to be paid during the participant's lifetime with 100% of the reduced benefit to be

continued to his spouse for the spouse's lifetime after the participant's death. Sixty payments are guaranteed.

- (4) A reduced benefit to be paid for 120 months certain and thereafter for life.
- (5) An increased benefit prior to commencement of Social Security payments and a reduced amount following commencement such that the total income from the pension and Social Security will be fairly uniform. An amendment was adopted on March 11, 2011 to remove this option from the plan.
- (6) An increased benefit payable for the participant's lifetime.
- (7) A lump sum payment provided the lump sum payment is not in excess of \$5,000.

Plan actuarial equivalence is based on the UP84 Mortality Table and 5.5% interest, as well as table factors listed in the plan document. For lump sum benefits, assumptions are based on the applicable mortality table and the applicable interest rates for the November preceding the first day of the plan year containing the date of distribution.

Amendment or Termination of Plan

The employer reserves the right to amend or terminate the plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the plan if the employer fails to meet the minimum funding standards, or is unable to pay benefits when due.

If the plan is terminated, the plan assets will be distributed among the plan participants based upon a priority allocation procedure and the employer shall be liable for any unfunded vested benefits to the extent required by law.
