To the Board of Directors
Polk Mechanical Company
Employee Investment and Savings Plan

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of the Polk Mechanical Company Employee Investment and Savings Plan (the Plan) as of and for the year ended December 31, 2014, and have issued our report thereon dated October 14, 2015. Professional standards require that we communicate to you the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated July 1, 2015, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) except that, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and as instructed by Plan management, we did not perform any auditing procedures with respect to the information prepared and certified to by Voya Life Insurance and Annuity Company, the Trustee, in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements and supplementary information. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements and supplementary information taken as a whole. The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the Trustee, were audited by us in accordance with U.S. GAAS, and were subjected to tests of the Plan's accounting records and other procedures we considered necessary to enable us to express an opinion that they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Plan management is responsible for the selection and use of appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2014. No new accounting pronouncements were adopted by the Plan during 2014.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by Plan management and are based on Plan management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive accounting estimate affecting the financial statements was the estimate of the fair value of the Plan's investments in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 820, *Fair Value Measurement*. The significant valuations are presented in Note 4 to the financial statements. We evaluated the key factors and assumptions used to develop the fair value of investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements is the disclosure of fair value measurements in Note 4 to the financial statements. The methods used in determination of fair value may not be indicative of net realizable value or reflective of future determination of fair values. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The financial statement disclosures are neutral, consistent, and clear.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with Plan management in performing and completing our audit.

Corrected and Uncorrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. No such misstatements were noted during the audit.

Disagreements with Plan Management

For purposes of this letter, professional standards define a disagreement with Plan management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditor's report. We are pleased to report that no disagreements with Plan management arose during the course of our audit.

Plan Management Representations

We have requested certain representations from Plan management that are included in the management representation letter dated October 14, 2015.

Other Significant Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with Plan management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Polk Mechanical Company
Employee Investment and Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Polk Mechanical Company Employee Investment and Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Life Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS**

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Polk Mechanical Company Employee Investment and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution plan covering full-time employees of Polk Mechanical Company (the Company) who have completed 500 hours of service and have attained 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make contributions to the Plan in the form of salary reductions subject to a maximum dollar limitation as determined by the Internal Revenue Service. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may contribute to the Plan matching contributions and discretionary profit sharing contributions. Company discretionary contributions are allocated based upon compensation of the participants and may vary for certain employees in order to meet special tests prescribed by law.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. Company contributions are vested on the following time schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1 year	0%
1 year	25%
2 years	50%
3 years or more	100%

**POLK MECHANICAL COMPANY
EMPLOYEE INVESTMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 1. DESCRIPTION OF THE PLAN – CONTINUED

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a period not to exceed the life expectancy of the participant or his or her designated beneficiary.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are for a period not exceeding five years unless used to acquire a personal residence and bear interest at Prime plus 1%. The loans are secured by the balance in the participant's account, bear interest rates ranging from 4.25% - 6.25% and are due at various dates through November 2019. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all Plan assets would, at the discretion of the Company, either be distributed to the participants in the form of lump sum distributions in cash or would continue to be held in a trust fund to be distributed to each participant upon retirement, death, permanent disability, or termination of employment.

Forfeited Accounts

Forfeitures may be applied to reduce the employer's contribution to the plan. As of December 31, 2014 and 2013, forfeited nonvested accounts totaled \$9,353 and \$6,914, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Administration of Plan Assets

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company absorbs substantially all of the administrative costs of the Plan.

**POLK MECHANICAL COMPANY
EMPLOYEE INVESTMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of plan assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

All Plan investments are stated at fair value, as determined by the Plan custodian. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend rate. Interest is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

On July 31, 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (FASB ASU 2015-12). This ASU simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides a practical expedient in regards to measurement dates. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. This ASU should not change total net assets available for benefits; however, it may affect the presentation of the financial statements and the information contained in the disclosures. The Plan does not believe that the adoption of this guidance will have a material impact on its financial statements.

EMPLOYEE INVESTMENT AND SAVINGS PLAN

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Subsequent Events

The Plan evaluated all events or transactions that occurred after December 31, 2014 through October 14, 2015, the date these financial statements were available to be issued.

NOTE 3. INVESTMENT SECURITIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2014 and 2013, the Plan held the following investments in a trust fund administered and certified by Voya Life Insurance and Annuity Company, the trustee of the Plan. In addition, the trustee certified appreciation in fair value of investments of \$444,892 for the year ended December 31, 2014. All investments are participant-directed. Investments that represent 5 percent or more of the Plan's net assets are separately identified (*).

NOTE 4. FAIR VALUE MEASUREMENTS

Accounting standards generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

**POLK MECHANICAL COMPANY
EMPLOYEE INVESTMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 4. FAIR VALUE MEASUREMENTS – CONTINUED

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2014 and 2013.

Separate account: Amounts allocated to the separate account are credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions.

Investment contract with insurance company: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate). In addition, the plan administrator has determined that no reserves against contract value are necessary for credit quality considerations of the contract issuer or otherwise.

**POLK MECHANICAL COMPANY
EMPLOYEE INVESTMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 4. FAIR VALUE MEASUREMENTS – CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of various funds managed by Voya Life Insurance and Annuity Company. Voya Life Insurance and Annuity Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

NOTE 6. INCOME TAXES

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has implemented accounting guidance related to accounting for uncertainties in income taxes which prescribes a minimum recognition threshold that a tax position is required to meet before being recognized in the financial statements. The Plan is required to recognize in its financial statements the financial effects of a tax position if that position is more likely than not of being sustained upon examination, including resolution of any appeals or litigation, based upon the technical merits of the position. Tax positions taken related to the Plan's tax status have been reviewed and management is of the opinion that material positions taken by the Plan would more likely than not be sustained by examination. Accordingly, the Plan has not recorded an income tax liability for uncertain tax benefits. The Plan's tax years 2011 and thereafter remain subject to examination.
