401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED

DECEMBER 31, 2014 AND 2013

(1) DESCRIPTION OF THE PLAN:

The following description of the Compupay 401(k) Retirement Plan ("Plan") provides only general information. For more complete information, participants should refer to the plan instrument, a copy of which is on file in the offices of the Plan sponsor and participating employer.

. General -

The Plan is a defined contribution 401(k) profit sharing retirement plan covering all eligible employees from Compupay (Company). Compupay is the participating employer. The Plan commenced on August 1, 1991. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

. Eligibility -

In order to be eligible to participate in the Plan, an employee must be at least 21 years old and have been employed with the company for a minimum of 1 month. In order to be eligible to receive an employer match, an employee must be 21 years old and have been employed with the company for a minimum of 6 months.

. Forfeitures-

Forfeitures are used to reduce employer contributions in current or future years. For the Plan years ended December 31, 2014 and 2013, the balance in forfeitures was $1,711 and $0 respectively. Forfeitures applied to reduce employer contributions for the years ended December 31, 2014 and 2013 totaled $12,470 and $12,898, respectively.

. Funding -

Each year participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, not to exceed $17,500 in 2014 and 2013. Participants who have reached at least age 50 may contribute an additional $5,500. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The employer may match this contribution at a discretionary amount established at the beginning of the Plan's fiscal year. Additional amounts may be contributed at the option of the Plan's board of trustees. All contributions are invested in a group annuity and mutual funds *(Note 3)*. Contributions are subject to certain limitations.

(1) DESCRIPTION OF THE PLAN (CONTINUED):

. Participant accounts -

Each participant's account is credited with 1) their contributions, 2) the employer's matching contribution and 3) a ratable portion of investment gain or loss, net of Plan expenses. Each participant's account is charged with any distributions made to that participant.

. Vesting -

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The vesting percentage increases by 25% after each year of service. A participant is 100% vested after four years of credited service.

. Investment options -

Participants may direct contributions to be allocated among a selection of securities provided by the Plan *(Note 3)*.

. Payment of benefits -

Upon termination of service due to death, disability or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

. Notes receivable from participants -

Participants may borrow from their fund accounts from $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. Loan terms would range from 1 - 5 years unless the loan was for the purchase of a primary residence. The loans would be secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates provided by local lending institutions. Loans are only available to Plan participants who are active employees of the Plan sponsor. Principal and interest would be paid ratably through monthly payroll deductions. The Plan had outstanding notes receivable from participants of $518,899 and $458,609 at December 31, 2014 and 2013 respectively.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

. Investments valuation and income recognition -

Investments are reported at fair values *(see Note 3)*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants *(see Note 5)*.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

. Basis of accounting and use of estimates -

The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

. Related party transactions -

The Plan's sponsor and participating employer absorbs virtually all of the Plan's administrative costs.

. Termination -

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

. Subsequent events -

Management has evaluated subsequent events for the Fund through September 4, 2015, the date the financial statements were available to be issued. They indicated that the Plan will be merged with the Benefit Mall 401(k) Plan and the funds will be moved to Fidelity Investments effective October 1, 2015.

(3) INVESTMENTS:

Allocations among the underlying investments are participant directed. The underlying investments held at December 31, 2014 and 2013 are as follows (investments which represent more than 5% of total Plan assets are noted separately):

	2014	2013
Mutual Funds:		
JH Lifestyle Growth Fund	$ 3,057,659	$ 2,872,495
JH Lifestyle Balanced Fund	2,162,631	1,961,348
JH Stable Value	1,138,402	1,322,677
Other mutual funds	13,986,139	12,115,654
Total mutual funds	19,344,831	18,272,174
Guaranteed interest account	80,983	63,785
Total investments	$19,425,814	$18,335,959

During the years ended December 31, 2014 and 2013, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $951,082 and $3,263,607 respectively (reported as Net appreciation in fair value of investments in the Statements of Changes in Net Assets Available for Benefits).

(4) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(5) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

(5) FAIR VALUE MEASUREMENTS (CONTINUED):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 and 2013:

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Guaranteed interest accounts: Valued at fair value by discounting the related cash flows based on interest rates established on the first day of each calendar month and applied to contributions made to the guaranteed account on that month. At the end of each plan year, a composite rate is determined based on the amount contributed and the rate in effect on the day of contribution. Contributions continue to earn the calculated composite interest rate for the duration of the guarantee term.

The following tables set forth by level, within the fair value hierarchy, the Fund's assets at fair value as of December 31, 2014 and 2013.

Assets at fair value as of December 31, 2014:

(6) TAX STATUS:

The Internal Revenue Service has determined that the prototype which this Plan has been based on has been designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has certain differences from the prototype. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service, The Plan has taken no such positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Trustees feel that the Plan is no longer subject to tax examinations for periods prior to December 31, 2011.
