Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mitsuba Bardstown, Inc. Employee 401(k) Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by FASCore, LLC (FASCore), as agent for JPMorgan Chase Bank N.A. (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from FASCore, LLC on behalf of the Trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014 that the information provided to the plan administrator by FASCore, LLC on behalf of the Trustee is complete and accurate.

Mitsuba Bardstown, Inc. Employee 401(k) Retirement Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description

The following description of Mitsuba Bardstown, Inc. Employee 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Mitsuba Bardstown, Inc. (the "Company") who are age 21 or older. The Plan does not cover employees covered under a collective bargaining agreement, certain nonresident aliens, leased employees, or Japanese nationals. Participants are automatically enrolled in the Plan upon reaching eligibility at a deferral rate of 3 percent of compensation unless they affirmatively elect not to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2014, the Company was merged into American Mitsuba Corporation (AMC), which had previously owned approximately 41 percent of the Company. The Plan has not been affected by the merger other than the change in plan sponsor from the Company to AMC effective December 31, 2014.

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 100 percent of the employee's annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 30 percent of the employee's contribution not to exceed 5 percent of the employee's deferred compensation. The Company may also elect to make discretionary profit-sharing contributions to each participant's account at the option of the Company's board of directors. For the year ended December 31, 2014, the board elected to make a discretionary contribution equal to 4 percent of participant's eligible compensation.

Certain participant contributions in 2014 and 2013 were paid after the time frame required by the Department of Labor. The Company remitted these contributions and the related lost earnings to the Plan in 2015.

During 2011, 2010, and 2009, the Company remitted certain employee deferrals to the Plan after the Department of Labor's required timeframe. The Company made a contribution of lost earnings related to these late contributions in 2013 and in 2015.

Mitsuba Bardstown, Inc. Employee 401(k) Retirement Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description (Continued)

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on a participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 33 percent after one year of service, an additional 34 percent after two years of service, and another 33 percent after three years of service, when they become fully vested.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Payment of Benefits - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. Hardship withdrawals are also permitted in cases where the participant has proven an extreme financial need and funds are not available from any other source. Hardship withdrawals may only be made from employee elective deferrals.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions. Forfeited account balances totaled \$31,391 and \$29,478 as of December 31, 2014 and 2013, respectively.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by JPMorgan Chase Bank N.A. or its affiliates. JPMorgan Chase Bank N.A. is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments - Benefits are recorded when paid.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 30, 2015, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

JPMorgan Chase Bank N.A. (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by and certified by FASCore, LLC as agent for the Trustee.

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the prototype plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014 and 2013.

Level I - Fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Mitsuba Bardstown, Inc. Employee 401(k) Retirement Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 5 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds - Mutual funds are valued at closing quoted prices reported in active markets.

Common Collective Trust Fund - The common collective trust fund investment is valued at contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the common collective trust fund is based on the fair value of the underlying net assets at the measurement date by the issuer of the fund. The Plan's interest in the common collective trust fund is based on its proportionate ownership interest in the fair value of the common collective trust fund.

The common collective trust fund primarily holds guaranteed investment contracts, fixed-income securities, and derivatives. The fair value of the guaranteed investment contracts is based on current yields of similar instruments with comparable durations taking into account the contract terms, including interest reset intervals and the credit rating of the issuer. The fair value of the fixed-income securities is valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve as well as other relevant economic measures. The fair value of a wrapper contract provided by the contract issuer is based on the replacement cost methodology, which is the present value of the difference between the replacement wrapper fee and the contracted wrapper fee.

Notes to Financial Statements December 31, 2014 and 2013

Note 5 - Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
