Independent Auditor's Report

To the Board of Directors
Orthopedic & Neurological Consultants, Inc.
Cash Balance Plan

We have audited the accompanying financial statements of Orthopedic & Neurological Consultants, Inc. Cash Balance Plan (the "Plan"), which comprise the statements of net assets available for benefits and accumulated plan benefits as of December 31, 2014 and the related statements of changes in net assets available for benefits and changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

To the Board of Directors
Orthopedic & Neurological Consultants, Inc.
Cash Balance Plan

Opinion

In our opinion, the financial statements referred to above, present fairly, in all material respects, the financial status of the Plan as of December 31, 2014 and the changes in its financial status for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Cash Balance Plan

Notes to Financial Statements

December 31, 2014

Note 1 - Plan Description

The following description of Orthopedic & Neurological Consultants, Inc. Cash Balance Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined benefit plan covering certain full-time employees of Orthopedic & Neurological Consultants, Inc. (the "Company") who have completed six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was effective as of January 1, 2014.

Eligibility and Vesting - Employees become participants in the Plan following completion of the eligibility requirements as described in the Plan and are fully vested for normal retirement benefits after three years of service.

Pension Benefits - Eligible employees with three or more years of service are entitled to normal annual pension benefits beginning at the participant's normal retirement age of 65 as described in the Plan. The individual pension benefit is equal to credited service times a monthly pension basic benefit. Benefits are based on a cash balance formula which, in general, is based upon a predetermined percentage of base salary ranging from 4.00 to 88.25 percent prior to retirement. Each participant's benefits are maintained in a credit-based account in which interest is earned on the cash balance as of the end of each plan year. Interest is 3.25 percent per annum and credited on the last day of the plan year.

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested value of the participant's accumulated plan benefits or annuity payment if distribution is greater than \$5,000.

Death Benefits - If an active or terminated employee who has a vested interest in the Plan dies prior to his normal retirement age, a death benefit equal to the actuarial equivalent of the accrued benefit shall be paid to participant's beneficiary.

Funding - Contributions are made by the Company in actuarially determined amounts. The Company's policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions meet the minimum funding requirements of ERISA.

Contributions - All contributions to the Plan are made by the Company. The Company contributes such amounts, as determined on an actuarial basis, to provide the Plan with assets sufficient to meet the projected benefits to be paid to plan participants. No participant contributions are permitted. The initial contribution to the Plan was funded subsequent to the Plan year on April 2, 2015.

Note 2 - Summary of Significant Accounting Policies

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Certain administrative expenses, including investment management expenses, trustee and other fees, and the audit of the annual financial statements, are paid by the Company. Administrative expenses of approximately \$43,000 for the plan year ended December 31, 2014 were paid by the Company on behalf of the Plan.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service employees have rendered. These include benefits expected to be paid to:

- a. Retired or terminated employees or their beneficiaries
- b. Beneficiaries of employees who have died
- c. Present employees or their beneficiaries

Benefits are calculated based on active employees' credited years of service multiplied by a specified percentage of their average monthly compensation plus a specified percentage of their average monthly compensation in excess of the Social Security Integration Level.

Benefits provided via annuity contracts are deducted from Plan assets and from accumulated plan benefits.

Actuarial Assumptions - The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

Orthopedic & Neurological Consultants, Inc.

Cash Balance Plan

Notes to Financial Statements December 31, 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

The significant actuarial assumptions used in the valuation of the Plan at December 31, 2014 are summarized as follows:

Actuarial cost method	- Combination of Unit Credit and Projected Unit Credit	
Assumed rate of return	- 3.25% per annum	
Mortality basis	- SOA RP-2000 Mortality Table adjusted for Mortality improvement	
Discount rate	- 3.25% per annum	
Credit rate of interest	- 3.25%	
Retirement age	<u>Age</u>	<u>Rate of Retirement</u>
	65	100%

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee compensation and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 8, 2015, which is the date the financial statements were available to be issued.

Notes to Financial Statements

December 31, 2014

Note 3 - Plan Termination

Should the Plan terminate at some future time, its net assets generally will not be available on a pro-rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the prototype plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements.
