Independent Auditor's Report

To the Participants and Plan Administrator of the
First Choice Holdings, Inc. 401(k) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of First Choice Holdings, Inc. 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Putnam Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2014, and for the year then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Other Matter – Report on Supplementary Information
The supplemental Schedule of Delinquent Contributions and Schedule of Assets (Held at End of Year) as of December 31, 2014 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2013 Financial Statements
The 2013 financial statements of the Plan were audited by Cross Fernandez & Riley, LLP (C/F/R), whose partners and professional staff joined BDO USA, LLP effective August 1, 2015 and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed C/F/R not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. C/F/R's report, dated October 6, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations - 2014
The form and content of the information included in the 2014 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of the First Choice Holdings, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

a) *General* – The Plan, originally effective July 1, 1998, is a defined contribution plan of First Choice Holdings, Inc. and affiliated employers (the "Company"). The Plan is intended to satisfy all the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All employees of the Company except for (1) union employees represented by a bargaining unit; (2) nonresident aliens with no U.S. income and (3) leased employees are eligible to make elective salary deferrals on the first day of the calendar month nearest to or coinciding with their completion of three months of service and attaining age 21. In order for participants to become eligible to receive Company contributions, they must complete one year of service, defined as 1,000 or more hours of service, and attain age 21.

b) *Contributions* – Each year, participants may make pre-tax contributions up to 100% of their eligible compensation, as defined in the Plan, subject to IRC limitations of $17,500 for the 2014 Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For the 2014 Plan year, the maximum catch-up contribution was $5,500. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may contribute a discretionary matching contribution equal to a percentage of the amount of the salary reduction the participant elected to defer. The Company made a discretionary matching contribution for the year ended December 31, 2014 of 50% up to the first 4% of the salary reduction.

Prior to January 1, 2014, the Company could also make an additional matching contribution, as defined, after the end of the Plan year. In addition, the Plan provided for the Company to make discretionary qualified nonelective contributions in an amount to be determined by the Company. Qualified nonelective contributions were allocated to eligible participants based upon a ratio of the participant's annual pay for the Plan year to total annual pay for all participants for the Plan year.

c) *Participant Accounts* – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's contributions and allocations of Plan earnings, and charged with withdrawals and allocations of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d) *Investment Options* – The assets of the Plan are allocated to the various funds at the direction of the participant from a list of investment options approved by the Company.

e) *Vesting* – Participants are 100% vested in their 401(k) elective deferral contributions, rollover contributions and Company qualified nonelective contributions plus actual earnings thereon. Company matching contributions vest as follows:

Years of Vesting Service	*Vested Percentage*
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

A participant will also be 100% vested under any of the following circumstances:

- Death before retirement date;
- Disability before retirement date; or
- Attainment of normal retirement age.

f) *Forfeitures* – Any non-vested amounts remaining after the distribution of a terminated participant's vested account balance are forfeited. If a participant is rehired within five years, he or she may restore his or her non-vested account by repaying vested matching contributions previously paid to the participant. Amounts forfeited by participants who terminate their employment or withdraw from the Plan may be used to pay Plan expenses. If any forfeitures remain after Plan expenses are paid, they may be used to reduce Company matching contributions. The balance of the forfeiture account was approximately $10,600 and $97,000 at December 31, 2014 and 2013, respectively. During 2014, forfeitures of approximately $109,000 were allocated to participant accounts.

g) *Payment of Benefits* – Upon termination of service due to death, disability, retirement or termination of employment, a participant or the beneficiaries will receive a lump-sum amount equal to the value of the participant's vested account. If the vested amount at termination or retirement is $5,000 or less, the Plan will automatically roll the vested account to an IRA in a direct rollover if (1) the vested account is more than $1,000; (2) the participant has not reached normal retirement age; and (3) the participant did not elect a lump-sum payment or rollover into another qualified plan or individual retirement account.

h) *Withdrawal of Contributions* – A participant may withdraw vested portions of the contributions made to the Plan on his or her behalf prior to the termination of his or her employment with the Company upon attainment of age 59½ or in the case of financial hardship. A participant may also withdraw all of any part of his or her vested account resulting from rollover contributions.

i) *Notes Receivable from Participants* – Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of a participant's account balance. Participants may have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the interest rate charged by area banking institutions for loans made under similar circumstances. The period for loan repayment cannot exceed five years from the date of the loan unless it was used to purchase a principal residence, in which case it may not exceed 15 years. Principal and interest are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

While Plan investments are presented at fair value in the statements of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statements of net assets available for benefits because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. The statement of changes in net assets available for benefits is prepared on a contract value basis. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Purchases and sales of securities are recorded as of the date of trade. Interest is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties
In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Deemed Loan Distributions
Deemed loan distributions are recorded when the participant defaults on the loan.

Excess Contribution Return
The Plan is required to pass annual compliance tests. For those plans that do not pass the tests, options for correction are available to the Plan. For Actual Deferral Percentage (ADP) and Actual Contribution Percentage (ACP) purposes, the Plan has two options for correction of testing failures: return excess contributions to highly compensated employees or make a qualified non-elective or matching contribution to the non-highly compensated employees. At December 31, 2014 and 2013, the Plan did not pass these tests and therefore chose to return excess contributions to the highly compensated employees as the correction method.

Plan Expenses
The Plan's general administrative expenses are paid by either the Plan or the Company, as provided by the Plan agreement. Any costs associated with the investment of a participant's account are charged to that participant.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued. No material events have occurred since December 31, 2014 that require recognition or disclosure in the financial statements.

3. Investments and Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the auditor not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year). The Plan administrator has obtained a certification from the trustee that the information provided to the Plan administrator by the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014 is complete and accurate. Such information includes all investments (including participant loans), investment income and loss, and the information in the supplemental schedule of assets (held at end of year). The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

The following presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits:

December 31,	**2014**	2013
Common Collective Trusts:		
Putnam Retirement Advantage 2030 III	**$ 4,429,022**	$ 4,336,959
Putnam Retirement Advantage 2025 III	**3,727,170**	3,322,574
Putnam Retirement Advantage 2035 III	**3,617,449**	3,047,246
Putnam Retirement Advantage 2020 III	**2,337,669**	2,341,386
Putnam Retirement Advantage 2040 III	**1,465,075**	1,424,861
Putnam Retirement Advantage Maturity III	**1,327,509**	1,746,278
Putnam Retirement Advantage 2015 III	**1,293,147**	1,938,963

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	2013
Mutual funds	$ 21,460
Common collective trusts	1,637,221
Net appreciation in fair value of investments	$ 1,658,681

4. Fair Value Measurements

The Plan measures and reports its financial assets and liabilities at fair value using a three-tier hierarchy, which prioritizes the inputs to valuation techniques used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

i. Common collective trusts: The Plan holds investments in the Putnam Stable Value Fund, the Putnam S&P 500 Index Fund and Putnam Retirement Advantage Funds.

The Putnam Stable Value Fund invests in high-quality guaranteed investment contracts ("GICs") and similar contracts issued by insurance companies, banks and other financial institutions. This fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies. The fair value of the fund is determined by the issuer based on the unit values of the fund. Unit values are determined by dividing the fund's net assets, which represents the fair market value of the underlying investments, by its units outstanding at the valuation date. The fund is valued on a daily basis by the issuer and, subject to certain restrictions, withdrawals from the fund are generally permitted daily at contract value. All of the contracts that the fund purchases are benefit responsive at contract value for all Plan permitted, participant directed transactions. Additionally, the fund negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs and Plan terminations. Due to the size of the fund and the specific percentage allowances negotiated by the fund, it is highly unlikely (not probable) that any event would occur that would limit the fund's ability to transact at contract value.

The yield earned by the Putnam Stable Value Fund at December 31, 2014 was 1.93%. This represents the annualized earnings of all investments in the fund, including the earnings recorded at the underlying collective trust funds, divided by the fair value of all investments in the fund at December 31, 2014. The yield earned by the fund with an adjustment to reflect the actual interest rate credited to participants in the fund at December 31, 2014 was 2.03%. This represents the annualized earnings credited to participants in the fund, divided by the fair value of all investments in the fund at December 31, 2014.

The Putnam S&P 500 Index Fund invests in various common stocks and short-term investments. The objective of this fund is to achieve a return, before the assessment of fees, that closely approximates the return of the Standard & Poor's 500 Composite Stock Price Index, a common measure of U.S. market performance. The fair value of the fund is the net asset value which is estimated based on the fair value of the underlying investments in the fund as reported by the issuer of the fund. The fair values for the underlying investments within the fund are based on quoted prices in active markets or, in some cases, inactive markets or, in the event that quoted prices are not available, fair values may be based upon valuation techniques using other observable inputs. Issuances and redemptions of the fund may be made daily. There are no redemption restrictions for this fund.

The Putnam Retirement Advantage Funds are a series of ten collective investment trusts designed for participants who want to structure their asset allocation towards a specific target year in which they intend to retire. The objective of each fund is to maximize returns while maintaining a level of risk appropriate for a person planning to retire on or about the calendar year designated in the fund's name. The fair value of each fund is based on its net asset value, which is in turn based on the net asset values of the portfolios in which it invests. Subscriptions to the funds are accepted on a daily basis. Withdrawals generally will be permitted daily for the funds and portfolios, at a redemption price equal to the net asset value per unit redeemed as determined by the issuer. There are no redemption restrictions for these funds.

ii. Mutual funds: Valued as determined by quoted market price, which represents the net asset value of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's investments by level, within the fair value hierarchy, as of December 31, 2014 and 2013:

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6. Income Tax Status

On March 31, 2008, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under the Internal Revenue Code ("IRC") Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. The Plan has since been amended, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax returns remain subject to examination by the Internal Revenue Service for three years from the date of filing.

7. Party-In-Interest Transactions

As of December 31, 2014 and 2013, $20,836,368 and $19,841,136, respectively, of the Plan's net assets available for benefits were held in certain investments managed by the trustee. During the year ended December 31, 2014, $20,570 was paid to the trustee from Plan assets for fees and expenses.

8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	**2014**	2013
Net assets available for benefits per the financial statements	**$ 22,166,050**	$ 20,448,995
Loans deemed defaulted	**5,530**	–

Net assets available for benefits per the Form 5500	**$ 22,179,360**	$ 20,450,322

The following is a reconciliation of net increase in net assets per the financial statements to the Form 5500 for the year ended December 31, 2014:

Net increase in net assets per financial statements	**$ 1,717,055**
Loans deemed defaulted	**5,530**
Change in adjustment from contract value to fair value for fully benefit-responsive investment contracts	**6,453**
Net increase per Form 5500	**$ 1,729,038**

9. Non-Exempt Transactions

During the Plan years ended December 31, 2014 and 2013, the Company did not remit certain employee withholdings within the appropriate time period prescribed by the Department of Labor. These transactions constitute prohibited transactions as defined by ERISA. During 2014, the Company fully corrected the 2013 late remittances, including remitting the related lost earnings to the Plan. The Company is in the process of taking the appropriate steps to correct the 2014 late remittances. The Company is also in the process of implementing procedures to ensure all future remittances are made within the prescribed time period.
