Note 1. Description of the Plan

The following description of the Nickles Bakery 401(k) Plan for Bargaining Employees (Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all qualifying bargaining unit employees of Alfred Nickles Bakery, Inc. (Company and Plan Administrator). Employees are deemed to be participants in the Plan after completion of 31 days of employment and reaching age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participant contributions are voluntary. Contributions of 1% to 15% of earned compensation may be tax deferred up to a maximum dollar amount as established by the Internal Revenue Service. The Company's contribution is established under the terms of collective bargaining agreements which may be amended from time to time by negotiations between the Company and the unions.

Participant Accounts:

An account is maintained in the name of each participant. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account for which the participant is vested.

Vesting:

Each participant is fully vested with respect to his or her contributions and related income allocated to his or her account. Employer contributions vest with the participant as of the earlier of the date the participant completes five years of service (20% per year) or reaches age 65. Participants may not withdraw their balances prior to reaching age 59½ except for reasons of financial hardship, retirement, disability, death or termination of employment.

Note 1. Description of the Plan (continued)

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. The amount of forfeited, nonvested accounts was not material during the years ended December 31, 2014 and 2013.

Investment Options:

Upon enrollment in the Plan, a participant may direct employer and employee contributions in whole percentage increments in any of the available investment options.

Participants may change their investment options at any time.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Notes receivable are treated as a transfer from (to) the investment fund to (from) the loan fund. Notes receivable terms range from 1-5 years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits:

On termination of service, death, disability or retirement, a participant may receive a lump-sum amount equal to the vested amount of his or her account.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2. Summary of Significant Accounting Policies (continued)

Valuation of Investments:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Agreement.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefit Payments:

Benefits are recorded when paid.

Administrative Expenses:

Administrative expenses of the Plan are paid by the Plan or the Company, at the option of the Company.

Subsequent Events:

The Plan has evaluated subsequent events through October 13, 2015, which is the date the financial statements were available to be issued.

Note 3. Unaudited Information

The Plan Administrator has elected the methods of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified to the completeness and accuracy of all investments reflected on the statements of net assets available for benefits at December 31, 2014 and 2013, the supplemental schedule at December 31, 2014, the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013 and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Investments that represent 5% or more of the Plan's assets are as follows as of December 31:

	2014	2013
Guaranteed Portfolio Fund	$ 780,198	$ 780,296
Great-West Moderate Profile II Fund I	1,203,109	1,137,082

Interest income	$ 9,573	$ 10,021
Net appreciation in investments at estimated fair value as determined by Custodian:		
Pooled separate accounts	401,319	1,336,924

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in the Company contributions and will receive a distribution of the balance in their account in accordance with the terms of the Plan.

Note 5. Income Tax Status

The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code; therefore, no provision for income taxes has been included in the financial statement.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014 there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. As of December 31, 2014, the Plan's tax years from 2011 and thereafter remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

Note 6. Risks and Uncertainties

The Plan holds various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7. Party-in-Interest

The investments held by the Plan are offered by Great-West Life & Annuity Insurance Company, the Custodian of the Plan. As such, these investments and the related transactions qualify as party-in-interest transactions.

Note 8. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for assets of the Plan measured at fair value at December 31, 2014 and 2013.

Guaranteed investment contracts, which are not fully benefit responsive, are stated at fair value as estimated by Great-West Life & Annuity Insurance Company, based upon the fair value of the underlying assets. The values are reported daily based on the valuation method disclosed in the contract, as calculated by the Custodian.

Pooled separate accounts are stated at estimated fair value calculated daily as determined by the Custodian, based upon the fair value of the underlying mutual funds adjusted for the expense factor disclosed in the annuity contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in methodologies used from 2013 to 2014. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8. Fair Value Measurements (continued)
