INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Fiber Composites, LLC 401(K) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Fiber Composites, LLC 401(K) Plan (the Plan), which comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2014 and 2013, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Charles Schwab Bank, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplementary Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FIBER COMPOSITES, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2014 and 2013

1. Description of the Plan

The following description of the Fiber Composites, LLC 401(K) Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan covering all employees of Fiber Composites, LLC (the Employer), who are twenty-one (21) years old or older and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's custodian was American Funds Retirement Resources (American Funds). Effective April 2, 2013, the Plan changed its custodian from American Funds to Charles Schwab Bank (Charles Schwab) and to Retirement Alliance, Inc. (Retirement Alliance) as the record keeper. In conjunction with the change of custodians, the Plan adopted a new Plan document. All basic Plan provisions remained substantially the same under the new Plan document.

Contributions

Participants may elect to contribute any percentage of their eligible compensation, not to exceed annual limitations as provided by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Also, rollover contributions to the Plan are permitted, subject to the restrictions of the Plan Agreement.

Effective July 1, 2014, the Employer amended the Plan to include an automatic contribution provision which the Employer enrolls the participants to make tax-deferred contributions in an amount equal to 4% of their eligible compensation as the automatic deferral percentage. An eligible employee may elect not to contribute to the Plan, or elect to contribute a different percentage of compensation, as described above.

The Employer contributes matching contributions equal to 25% of the first 8% of eligible compensation that a participant contributes to the Plan. Employer matching contributions are allocated to the accounts of the individuals who are participants in the Plan on the last day of the Plan's year for which such contributions are made and who meet the eligibility requirements as defined.

The Employer can also elect to contribute a discretionary profit-sharing contribution as determined by the Employer's Board of Directors. Employer discretionary profit-sharing contributions are allocated to the accounts of the individuals who are participants in the Plan on the last day of the Plan's year for which such contributions are made and who meet the eligibility requirements as defined. Employer discretionary contributions are allocated based on the compensation of all eligible participating employees. No such contributions were made during 2014.

**FIBER COMPOSITES, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2014 and 2013**

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's contribution and Plan earnings and losses. The allocation of earnings and losses is performed based on individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided for the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus the annual allocation of Plan earnings on those contributions, at the time of allocation. Participants become fully vested in the Employer contributions and the annual allocation of Plan earnings on those contributions after five (5) years of service. Participants are partially vested in the Employer contributions as follows: 25% after 2 years, 50% after 3 years, 75% after 4 years, and 100% after 5 years. Upon death, disability or attainment of normal retirement age, a participant will become fully vested in his/her account.

Participant Notes Receivable

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note terms range from one to five years, or up to fifteen years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) will receive a lump-sum amount equal to the value of his or her vested account. Hardship withdrawals from the Plan are permitted, subject to the limitations imposed by the Internal Revenue Code.

Forfeitures

Participants in the Plan who leave the employment of the Employer before completing applicable vesting requirements forfeit the non-vested portion of the Employer contributions to their accounts. At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$3,765 and \$11,985, respectively. Forfeitures are used to reduce Employer contributions or pay administrative expenses related to the Plan. Forfeitures in the amount of \$8,526 were used to reduce Employer contributions for the year ended December 31, 2014. There were no forfeitures used to reduce Employer contributions for the year ended December 31, 2013.

Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for a common collective trust fund that primarily invests in benefit-responsive contracts (commonly referred to as a stable value fund), which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3). Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation included in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts

As described in authoritative guidance related to fully benefit-responsive investment contracts, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the authoritative guidance, the statement of net assets available for plan benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to the contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Specifically, the Plan invests in the Reliance Trust Company Stable Value Fund - MetLife Series 25053. The assets of the fund are invested in a MetLife separate account. MetLife guarantees the contract value, which represents contributions, plus interest, less participant-initiated withdrawals or transfers.

Differences between valuation at contract value and fair value is determined through the crediting rate formula provided for in the underlying fund's "wrapper" contracts. As underlying investment funds have unrealized and realized losses, the interest crediting rate may be lower over time than current market rates at such a specified time. Additionally, if the underlying portfolio generates realized and unrealized gains, an investor currently redeeming underlying fund units may forego any benefit related to a future crediting rate higher than corresponding current market rates.

FIBER COMPOSITES, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2014 and 2013

The relationship between future interest crediting rates and the adjustment to contract value reported on the statement of net assets available for plan benefits is accomplished through the crediting rate formula. The difference between the book and market value of each contract is periodically amortized into each contract's crediting rate. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

The average yield and crediting interest rates were 1.67% and 2.39%, respectively, for the year ended December 31, 2014 and 2.67% and 1.91%, respectively, for the year ended December 31, 2013.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: amendments to the Plan documents, changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

As required by authoritative guidance, investments in common/collective investments holding fully benefit-responsive investment contracts are reported at fair value in the Plan's statement of net assets available for benefits, with a corresponding adjustment to reflect such investments at contract value.

Due from Participant, net

During 2013, the Employer granted a distribution to a participant in excess of his vested balance in the amount of \$1,172. During 2014, the Plan requested the participant to refund the excess distribution to the Plan. As of December 31, 2013, the Plan reserved the entire balance. The Plan Administrator determined that the excess distribution was uncollectible and it was written off during the year ended December 31, 2014.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances and are secured by the balance in the respective participant's account. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent notes receivable from participants are reclassified as distributions based on terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2014 and 2013.

Contributions

Participant and Employer matching contributions are recorded weekly when the Employer remits the payroll deductions for investment into the Plan. Employer discretionary profit-sharing contributions are recorded at the end of the year, if applicable.

**FIBER COMPOSITES, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid by the Employer unless the Employer directs that such expenses shall be paid by the Plan. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest risk, market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single custodian. The Plan's exposure to credit risk is associated with the outside entity's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data by correlation or other means, over substantially the full contractual term of the asset, if applicable.

FIBER COMPOSITES, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2014 and 2013

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trust reserves the right to temporarily delay withdrawals in order to ensure that liquidations of securities will be carried out in an orderly business manner.

The following table sets forth the Plan's investments at fair value by level:

December 31, 2014:

	Level 1	Level 2	Total

5. Summary of Financial Data Certified by the Custodian

The following is a summary of financial information and data certified by the custodian, Charles Schwab:

Statements of Net Assets Available for Plan Benefits at December 31, 2014 and 2013, except for liabilities;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2014, and;

Investment information provided on the supplementary schedule, Schedule of Assets (Held at End of Year) at December 31, 2014.

6. Income Tax Status

The Plan has been operating a prototype plan sponsored by The Angell Pension Group, Inc. (Angell) through April 1, 2013. Effective April 2, 2013, Retirement Alliance became the sponsor of the Plan's prototype Plan. Angell and Retirement Alliance have obtained opinion letters on the Plan stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code (the Code). Generally, the Plan Administrator and the Plan may rely on the opinion letter received by Angell or Retirement Alliance as to the form of the Plan qualifying under the Code. The Plan has been amended since the letters were obtained. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

8. Related Party Transactions

Plan investments are held and managed by Charles Schwab as the custodian and Retirement Alliance as the record keeper. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to Retirement Alliance and Charles Schwab for administrative services of \$34,570 for the year ended December 31, 2014. Participant notes receivable also qualify as party-in-interest transactions.

9. Subsequent Events

Management has evaluated subsequent events through October 13, 2015, which is the date these financial statements were available to be issued. In January 2015, the Plan changed from Charles Schwab as the custodian and Retirement Alliance as the record keeper to Fidelity Management Trust Company as the trustee.
