Visiting Angels 401(k) Plan

Notes to Financial Statements

December 31, 2014 and 2013

Note 1 - Description of Plan

The following description of the Visiting Angels 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of Visiting Angels Living Assistance Service (the Company). To be eligible to make salary deferrals, employees must complete one year of service and be age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum percentage allowable by law, of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Company provides a safe harbor matching contribution equal to 100% of the first 3% of eligible wages and 50% of the next 2% of eligible wages. In addition, the Company may make a discretionary contribution, which would be allocated per the Plan document. Participants must be employed on the last day of the plan year to receive the employer discretionary contributions. No discretionary contributions were made for 2014. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer safe harbor matching contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 100% vested after six years of credited service, based on the following vesting schedule:

<u>Years of Credited Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more years	100%

The Plan permits retirement upon reaching the latter of age 65 or completion of five years of credited service. Regardless of the number of years of service, a participant's account becomes fully vested when a participant becomes permanently disabled or dies.

Note 1 - Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in accordance with the provisions of the Plan.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$-0-. These accounts will first be used to pay the Plan's administrative expenses. Any remaining amounts will be used to reduce future employer contributions. During the year ended December 31, 2014, no forfeited nonvested accounts were available to be utilized.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Disbursement related fees are charged directly to the participant's account and are included as administrative expenses.

Note 2 - Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for annual periods beginning after December 15, 2016, and interim periods within those fiscal years, with early adoption permitted. The Plan is currently evaluating the impact that the adoption of this standard will have on its financial statements.

Note 3 - Information Certified and Provided by Massachusetts Mutual Life Insurance Company

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by Massachusetts Mutual Life Insurance Company, as agent for Hartford Life Insurance Company, the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the agent that information provided to the Plan Administrator by the agent related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets. Investments that represent 5% or more of the Plan's net assets at December 31, 2014 and 2013 are separately identified.

Note 3 - Information Certified and Provided by Massachusetts Mutual Life Insurance Company (continued)

Massachusetts Mutual Life Insurance Company, as agent, also certified to the completeness and accuracy of \$15,522 of net appreciation in fair value of investments (all from pooled separate accounts), and \$3 of dividend income related to the aforementioned assets for the year ended December 31, 2014.

Note 4 - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013:

Pooled separate accounts are primarily valued at the net asset value per unit based on quoted market prices of underlying investments at year-end, as reported by the insurance company.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes the valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no transfers in or out of Level 3.

- (b) This class includes investments in equity funds with an investment objective of long-term growth of capital. The funds invest primarily in foreign equity securities.
- (c) This class includes investments in bond funds with an investment objective of obtaining high current income consistent with moderate risk to capital. The funds invest primarily in investment grade debt securities.
- (d) This class includes investments in a combination of underlying funds, which are actively managed funds that invest in U.S. stocks, international stocks, U.S. bonds and other debt instrument funds with an investment objective of obtaining a combination of total return and stability of principal consistent with an asset allocation targeted to retirement.
- (e) This class includes investments in short-term money market instruments which are issued and payable in U.S. dollars.

Note 5 - Tax Status

The Company adopted a volume submitter profit sharing plan sponsored by Pension Resources, Inc. The volume submitter plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the volume submitter plan is qualified under the appropriate section of the Internal Revenue Code (IRC). The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Visiting Angels 401(k) Plan

Notes to Financial Statements

December 31, 2014 and 2013

Note 5 - Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal, state, or local tax authorities for years before 2011.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Company contribution portion of their account.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Related Party Transactions and Party-in-Interest Transactions

Certain plan investments are shares of pooled separate accounts managed by Hartford Life Insurance Company. Hartford Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and custody services are not material.

Note 9 - Prohibited Transactions

During 2013, the plan sponsor inadvertently failed to deposit \$2,112 of participant deferrals within the required timeframe as stated by the United States Department of Labor regulations. The plan sponsor reimbursed the Plan for lost interest. The plan sponsor filed Form 5330 and paid the applicable excise tax in 2014. The excise tax payments were made from the plan sponsor's assets and not from assets of the Plan.

Notes to Financial Statements

December 31, 2014 and 2013

Note 10 - Reconciliation of Financial Statements to Form 5500

The Plan invests in various pooled separate accounts (PSAs) that do not file a Form 5500 as a Direct Filing Entity (DFE). Accordingly, on the Form 5500 filed by the Plan, the percentage of the interest in the underlying assets of the PSAs, which are registered investment companies, must be reported in the appropriate categories on the asset and liability statement of the Form 5500 for the Plan.

Note 11 - Subsequent Events

Plan management has evaluated subsequent events through October 9, 2015. This date is the date the financial statements were available to be issued. No material events subsequent to December 31, 2014 were noted.
