APPLECARE MEDICAL MANAGEMENT 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN

The following description of the AppleCare Medical Management 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of AppleCare Medical Management, LLC ("the Company"). The Company is the plan sponsor and administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have completed three months of service and are age twenty-one (21) or older are eligible to make elective deferrals to the Plan. Eligible employees become a participant in the Plan as of the next quarterly entry date following the completion of the eligibility requirements.

Contributions

Participants may elect to contribute up to 92% of eligible compensation, not to exceed the limits of the Internal Revenue Code ("the Code"). Elective deferrals include pre-tax and Roth deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions, e.g. rollovers, from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the year may make additional catch-up contributions, subject to limitations imposed by the Code.

Participants employed at the end of the year, or have completed 1,000 hours of service, are eligible for the discretionary Company matching and discretionary profit sharing contributions. Company matching and profit sharing contributions, if any, are contributed annually. For 2014, the Company matched 100% of the participant's deferrals, up to 4% of eligible compensation. No discretionary profit sharing contribution was made during the 2014 plan year. As of December 31, 2014 and 2013, the Company has recorded an estimated receivable of \$689,048 and \$422,610, respectively, to correct for certain operational issues related to not using the Plan's definition of compensation in deferral and match calculations and not following the Plan's matching formula.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN - (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions and allocations of the Company's profit sharing contribution, if any, and Plan earnings or losses. Participant accounts may be charged with an allocation of administrative expenses. Expense allocations are based on participant's investment elections, specific participant transactions and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary profit sharing contributions, if any, plus actual earnings thereon is based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants who leave the Plan because of death, normal retirement, or become totally disabled will be immediately 100% vested in their account.

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and used to reduce future Company contributions or to pay certain plan expenses. Employer contributions for the year ended December 31, 2013 and paid in 2014, were reduced by \$12,579 from forfeited nonvested accounts. As of December 31, 2014 and 2013, the amount of available forfeitures totaled \$13,777 and \$10,661, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

APPLECARE MEDICAL MANAGEMENT 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN - (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$5,000 will be immediately distributed in a lump-sum payment. With the Plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship. Active employees who attain age 59 ½ are permitted to withdraw, at any time, any part of his or her vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence.

The loans are secured by the balance in the participant's account. The loans bear interest at rates which are commensurate with local prevailing rates as of the date of the inception of the loan as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

APPLECARE MEDICAL MANAGEMENT 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus accrued interest. Interest income is recorded and applied based on the loan amortization schedule. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

New Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board (FASB) issued an Accounting Standards Update (ASU 2015-12), which includes guidance related to plan investment disclosures. This guidance revises disclosure requirements related to plan investment disclosures. This guidance is effective for plan years ending after December 15, 2015, with early application permitted. The Plan has not elected to early adopt and is evaluating the impact of the amendment.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the Trustee, has certified to the completeness and accuracy of the following information which is included in the financial statements and supplemental schedule of assets (held at end of year), as of December 31, 2014 and 2013 and for the year ended December 31, 2014.

5. FAIR VALUE MEASUREMENTS

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly.

Level 3 Unobservable inputs for the asset.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services and have fiduciary responsibilities to the Plan. Certain plan investments are managed by affiliates of the Trustee of the Plan. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

7. TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan which received a favorable opinion letter from the IRS dated March 31, 2008, which states that the prototype document satisfies the requirements of the Code. The Plan itself has not received a determination letter. Although the prototype plan has been amended since receiving the opinion letter, the Company believes the Plan is currently designed in compliance with the applicable requirements of the Code. The Company is aware of certain operational issues but will take all necessary action to maintain the Plan's qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to examinations for years prior to 2011.
