**CREDIT UNION RETIREMENT PLAN ASSOCIATION 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2014**

**NOTE 1 DESCRIPTION OF PLAN**

The following description of Credit Union Retirement Plan Association 401(k) Plan (the plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The plan is a defined contribution plan originally effective January 1, 2014. The plan covers employees of members (the participating employers) of the Credit Union Retirement Plan Association (the Association). The Association Board of Directors is responsible for the oversight of the plan. The plan Administration Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Association's Board of Directors. The plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

**Eligibility**

Employees of the participating employers are eligible to participate in the plan based upon eligibility requirements specific to each participating employer.

**Contributions**

The plan provides for participants to contribute based on a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The plan allows for participating employers to make a qualified matching contribution or profit sharing contribution. Provisions vary by participating employer.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

**Participant Accounts**

Each participant's account is credited with the participant's contributions, the participating employer's matching contribution, and an allocation of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

**Vesting**

Vesting provisions vary by participating employer.

**CREDIT UNION RETIREMENT PLAN ASSOCIATION 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2014**

**NOTE 1 DESCRIPTION OF PLAN (CONTINUED)**

**Notes Receivable from Participants**

Certain participating employers permit participants to take a loan from their account.

**Benefit Payments**

Upon termination of service, participants are entitled to their account balance. Certain participating employers permit in-service or hardship distributions as defined per their adopting agreement. Benefit payment provisions vary by participating employer.

**Forfeited Accounts**

Forfeited nonvested accounts vary by participating employer. Forfeited nonvested accounts totaled \$6 as of December 31, 2014. In 2014, employer contributions were reduced by approximately \$135,846 from forfeited nonvested accounts.

**Transfers from Participating Employer Plans**

The Board of Directors authorized the transfer of assets into the plan from participating employers who joined the Association during 2014. Upon joining the Association, the participating employers are eligible to participate in the plan. In 2015, additional participating employers joined the Association and transferred assets to the plan.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The plan invests in an investment contract with an insurance company. The statement of net assets available for benefits presents the fair value of the investment contract with insurance company as well as the adjustment of the investment contract with insurance company from fair value to contract value relating to the underlying investment contract held by the insurance company. The statements of changes in net assets available for benefits are prepared on a contract value basis.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**CREDIT UNION RETIREMENT PLAN ASSOCIATION 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2014**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Investment Valuation and Income Recognition**

The plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014.

**Benefit Payments**

Benefits are recorded when paid.

**Administrative Expenses**

Certain expenses of maintaining the plan, including recordkeeping, investment management and participant transactional fees are paid by the plan. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Certain investment related expenses are included in net appreciation of fair value of investments.

**Subsequent Events**

The Plan has evaluated subsequent events through October 14, 2015, the date the financial statements were available to be issued.

**NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION**

Certain information related to investments and disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MG Trust Company, LLC, the custodian of the plan, and CMFG Life Insurance Company, the insurance company of the plan. The information certified by the custodian and insurance company includes investments held at December 31, 2014, net appreciation in fair value of the investments, interest and dividends, notes receivable from participants, interest income from notes receivable from participants, and the adjustment from fair value to contract value for fully benefit-responsive investment contracts for the year ended December 31, 2014.

**NOTE 5 FAIR VALUE OF INVESTMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2014.

*Shares of registered investment companies:* Valued at the daily closing price as reported by the fund. Funds held by the plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the plan are deemed to be actively traded.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2014**

**NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)**

*Common/collective trusts:* Valued at fair value based on the underlying investments comprising the funds. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The common/collective trusts have no unfunded commitments. Daily redemptions with daily notice period are permitted, however, a redemption fee of 2% is charged on shares of the funds held less than 60 days.

*Investment contract with insurance company:* Investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 6). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

**NOTE 6 INVESTMENT CONTRACT WITH INSURANCE COMPANY**

In 2014, the plan entered into a benefit-responsive stable value account in a group annuity contract with CMFG Life Insurance Company. CMFG Life Insurance Company maintains the contributions in an active life fund. This account is credited with interest at the rate specified in the contract and charged for participant withdrawals. Since the stable value account in the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the stable value account in the group annuity contracts. Contract value, as reported to the plan by CMFG Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value, less applicable penalties.

The one-year historical return based on the daily valued credit rate was 1.62% annualized in 2014. The crediting interest rate ranged from 1.5% to 1.75% in 2014 and was 1.5% at December 31, 2014. The crediting interest rate is based on a formula agreed upon with the issuer. The interest rates are reset quarterly based on expected earnings of the underlying assets held over the crediting period. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another Plan; (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan sponsor or other plan sponsor events which cause significant withdrawal from the plan or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan does not believe that any occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. The stable value account in the group annuity contract does permit the insurance company to terminate the agreement if the Plan has failed to make the required contributions, the sum of all amounts to be withdrawn equals or exceeds the balance in the Active Life fund, or the Plan has failed to perform as required under the contracts.

**NOTE 7 RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 8 PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in the participating employers' contributions.

**NOTE 9 PLAN TAX STATUS**

The Plan has applied for but has not received a determination letter from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code"). However, the plan administrator believes that the Plan is qualified and, therefore, the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 10 PARTY-IN-INTEREST TRANSACTIONS**

The plan investment in collective trust funds and an investment contract is managed by CMFG Life Insurance Company, the insurance company of the plan. Additionally, transactions with MG Trust Company, LLC, the custodian of the plan, are considered party-in-interest transactions. Fees paid to the custodian and insurance company for investment management, record-keeping, and other services were \$759,566 for the year ended December 31, 2014.
